To some, "value" means an attractive price tag. But we see value as being something more. It's fashion that will work for you not only now, but next season, too. It's quality fabrics that perform. Quality workmanship that won't disappoint. And, of course, prices that make sense. In this issue, you'll rediscover the real meaning of value ... value you can trust.

A CLASSIC 1-PC. ALL WOOL DRESS.
FABRIC: 100% wool of soft jersey knit.
DETAILING: This basic V-neck style slips-on easily. Dolman shaped elbow-length sleeves have elasticized openings for a soft, pushed-up look. Elasticized waist. Versatile 2-tone sash can be worn reversed for a different look. Two side-seam pockets on the gently shaped skirt.
CARE: Dry clean only.
Colors • 60 violet with violet/red sash • 10 red with red/black sash • 79 black with black/red sash.
Ship. wt. 1 lb. 10 oz. *State color number and size.*

B 4 A 3300—Misses: 10, 12, 14, 16, 18, 20 ..... 30.00
B 4 A 3301—Talls (5'7"-5'11"): 12, 14, 16, 18, 20, 22 ..... 32.00
B 4 A 3302—Halfs: 14½, 16½, 18½, 20½, 22½, 24½ ... 32.00

B PLUSH VELVETEEN BLAZER.
FABRIC: 100% cotton velveteen fully lined in nylon taffeta.
DETAILING: Front darts, back princess seaming, and two-piece sleeves—all for a better fit. Two-button front; three buttons trim the sleeve edges. Patch pockets have topstitching accents. Classic notched collar and lapels. From Japan.
CARE: Dry clean only.
Colors • 79 black • 89 brown.
State color number and size.
Ship. wt. 2 lbs. 4 oz. Shipped in a box.

B 3 A 5385—Jr./Misses Sizes:
5-6, 7-8, 9-10, 11-12, 13-14, 15-16, 17-18 ..... 50.00

$325 Jr./Misses
It's the status approach to warmth. Create a subtle interplay of textures when you add our curve-hugging leather pants, chenille pullover and sassy bootee. They're all investments in a new height of relaxed elegance.
A

Mistake our "collections" stretch jean for that famous designer's? Understandable. Let's compare.

IN FIT AND COMFORT

"Collections" is a terrific blend of comfortable, long-lasting, lighter weight cotton with a touch of spandex (2%) for just the right amount of cling, of give and take to really let you move freely.

His contains only 1% spandex.

IN DETAILS

"Collections" has riveted 5-pocket styling with top-stitched back pockets, a sure-fit contour waistband and Western back yoke.

His has the same—the only difference is the name.

IN QUALITY

"Collections" is an excellent example of workmanship we are proud to put our label on.

His are made in the same factory.

AND VALUE

"Collections" cost only $25..His cost more than twice that!

A STRETCH "COLLECTIONS" JEAN.
FABRIC: Pre-washed indigo blue denim of 98% cotton-2% spandex.
DETAILING: 5 belt loops. Zip fly with metal button closure. Straight legs have abt. 18" openings. From South Korea.
Belt sold on page 10.

STRETCH JEANS

with spandex

DENIM CORNER!

An Outstanding Product

We know that jeans have to *FIT!* And because we know you care just as much about comfort, we have jeans with a fit that moves the way you move. They bend and stretch and reach with you. The secret? A blend of comfortable, long-lasting cotton with just the right amount of spandex—more, incidentally than some designers use in their jeans. Just enough to make them the most fitting, most flattering and most comfortable you've ever worn!

A–B FABRIC: Pre-washed denim of 98% cotton-2% spandex. Made in Japan.

CARE: Machine wash, warm; tumble dry. Little or no ironing needed.
Color • 55 navy.

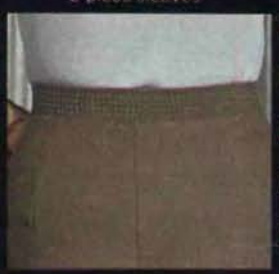
STRETCH

60 WARDS ALL

FOCUS ON:

Double needle stitching



Fully lined blazer

Back vent

Button trimmed 2 piece sleeves

Pant has elasticized back waist

Skirt has side pockets, color coordinated belt

Blazer, skirt and pant in 2-way stretch gabardine.

FABRIC: Tailored gabardine separates are woven in 2-way stretch VISA® polyester which releases soil and stains in the wash, "breathes" and is more comfortable. They're superbly constructed with expensive details: the blazer is fully lined in polyester taffeta and has costly double needle stitching along its notched collar, front and patch pockets; the pant has an elasticized back waist; and the slimmer A-line skirt has side pockets and a belt.

CARE: Machine wash, warm; tumble dry; remove promptly; little or no ironing.

Take care of your hair

A Our mini-fold turbo hair dryer gives a lot of power for a compact dryer!

FEATURES: One convenient switch controls 3 heat settings and 3 air speeds—up to 1200 watts of drying power. Includes concentrator tip for spot drying and safety thermostat which prevents over-heating to insure longer dryer life. Great for travel—120/220 dual voltage and folding handle; plus built-in stand allowing both hands freedom for styling hair. UL listed. Made in Hong Kong.

52 A 19355—Ship. wt. 1 lb. 8 oz. **14.79**

WARDS 1200-WATT MINI TURBO DRYER like (A) but has only one air speed and one heat setting. Folding handle and dual voltage not included. From Hong Kong. UL listed.

52 A 19347—120 volts, AC. Ship. wt. 1 lb. **12.99**

B Mist curling iron has fingertip mist control and cool safety tip—great for fine hair!

FEATURES: Controls include on/off switch, ready dot, and on light. Swivel cord eliminates tangling. Built-in safety stand. Xylan-coated, non-stick barrel. From Hong Kong. Dual 120/220 voltage, AC. UL listed.

52 A 19423—Ship. wt. 1 lb. 4 oz. **9.79**

C Our curling brush has a revolutionary new design which gives you maximum styling versatility.

FEATURES: The non-stick coating on the sliding, flexible bristles remain cool as they glide through your hair allowing your fingers to guide the curl. Circular brush has a swivel cord which eliminates tangling. Built-in stand makes it easy to use. Made in Hong Kong. 120 volts, AC. UL listed.

52 A 19428—Ship. wt. 1 lb. **9.99**

D Pro-dry curling iron has a high-polished chrome non-stick barrel and cool safety tip.

FEATURES: High and low heat settings for perfect curls every time. Ready-dot turns black when unit is fully heated. Signal light tells you when iron is on; plus a convenient on/off switch. Includes a curl release mechanism. Deluxe swivel cord eliminates tangling. From Hong Kong. 120 volts, AC. UL listed.

52 A 19426—Ship. wt. 1 lb. **7.79**

E Your hair will look professionally styled when you use Wards 1250 watt pro-dryer by Conair®.

FEATURES: Your choice of 2 air speeds and 4 heat settings. Includes concentrator tip, convenient hanging ring and safety thermostat to prevent over-heating. High-impact plastic housing makes dryer easy to hold. From Hong Kong. 120 volts, AC. UL listed.

52 A 19364—Ship. wt. 2 lbs. 8 oz. **19.79**

F The 1200-watt Ultra Brush III lets you curl, style and dry your hair.

FEATURES: Attach the directional hot air nozzle and the Ultra Brush acts like a super-fast blow dryer. Use the circular nylon bristle styling brush and comb and it works like a styler/dryer. 2 heat settings and 2 air speeds give you maximun drying power. Includes concentrator, fine and wide-tooth combs. High-impact plastic housing. From Hong Kong. 120V, AC.

52 A 19394—UL listed. Ship. wt. 1 lb. 8 oz. **18.79**

G Floor stand hair dryer turns your bedroom or bath into a beauty salon!

FEATURES: 570 watts of drying power gives fast results. Convenient over-the-shoulder remote control switch has multi-heat settings. Adjustable hood has reading light and wide-stance steel base. Hood adjusts from 26 to 44 in. high. 120 volts, AC. UL listed.

52 A 19337 A—Ship. wt. 23 lbs. **74.88**

H CUT 2.80. Our hard hat dryer sits conveniently on your table or dresser.

FEATURES: 725 watts of drying power means you'll spend less time under the dryer. Choose from 4 heat settings: cool, low, medium and high. Professional-style transparent hood fits over both bouffant or Afro hair styles. Folds compactly for carrying and storage. 120 volts, AC. UL listed. Was 29.79, '80 Spring Bk., pg. 242.

52 A 19336 M—Ship. wt. 10 lbs. **26.99**

I Our soft bonnet hair dryer even fits over jumbo curlers!

FEATURES: The 4-position heat switch controls the 425 watts of drying power. Flexible 42-in. plastic hose lets you move about as your hair dries. Bonnet and hose tuck away inside the compact, plastic carrying case. 120 volts, AC. UL listed.

52 A 19313—Ship. wt. 4 lbs. 10 oz. **19.79**

J Our lighted make-up mirror can be used on either a table top or can be mounted on a wall.

FEATURES: Provides fine illumination for applying make-up—flips to magnifying side for close-up jobs. Made of durable plastic. Includes on/off switch. Easy access to replacable 40-watt bulb (incl.). Instructions for hanging are also included. 120V, AC.

52 A 11033—UL listed. Ship. wt. 3 lbs. **9.79**

MEASUREMENTS

Just a few simple steps to an accurate fit

How do you know your size and figure type? By measuring, accurately. We'll show you where to measure and how to measure every member of the family. You'll find space to record everyone's measurements—his, yours, the kids', too—on the last page of this section. Always write them down as you go, and be sure to check measurements periodically to record any differences, especially for growing children.

For best results, have someone else take your measurements. Stand straight, but relaxed. Wear your best-fitting undergarments, and if you prefer, clothing that follows your natural body contours. Hold tape so that it is straight, snug and lies smoothly, but doesn't indent your body.

HEIGHT: Stand in stocking feet against a wall. Have someone hold a ruler level across the top of your head to the wall. Measure from that point down to the floor.

BUST: Measure around fullest part of bust. This measurement must not be confused with bra size.

WAIST: Measure around smallest part of natural waistline.

HIPS: Measure around the fullest part of hips.

Next, follow these specific clothing guidelines

Blouses, shirts, knit tops, sweaters, jackets, full slips, nightgowns, and pajamas: order by bust measurement.
Pants, skirts, shorts, half slips, panties: order by hip measurement.
Dresses and suits: For slim-skirt, pant styles order by hip measurement. For flared-skirt and A-line styles, order by bust measurement.
Coats and robes: For slim-skirt styles order by hip measurement. For flared-skirt and A-line styles, order by bust measurement. Coats are cut to fit over other garments, no allowance is needed.

Maternity wear: Order your usual before-pregnancy size.
Jr/Misses hyphenated sizes will fit either. Example: 11-12. **Order larger size** if your measurements fall between sizes.

Need more help? If you have a problem with measuring or need help in selecting a garment, write for free advice to Leslie H. Cohen, Quality Assurance and Laboratory Director, room 320, Montgomery Ward, 393 Fashion Avenue, New York, N.Y. 10001.

Do you measure up to **JUNIOR SIZES**

Order size	3	5	7	9	11	13	15	17
If bust measures	30-30½	31-31½	32-32½	33-33½	34-35	35½-36½	37-38	38½-39½
If waist measures	22-22½	23-23½	24-24½	25-25½	26-27	27½-28½	29-30	30½-31½
If hips measure	32½-33	33½-34	34½-35	35½-36	36½-37½	38-39	39½-40½	41-42

REGULAR JUNIOR: 5'2" to 5'6". Youthful figure. Narrower shoulders; slightly smaller waist, hips and higher bustline than avg. misses and proportionately shorter overall.

TALL JUNIOR: 5'6½" to 5'11". Bust, waist, hips are same as jrs., but proportionately longer overall.

Do you measure up to **MISSES' SIZES**

Order size	6	8	10	12	14	16	18	20	22
If bust measures	31½-32	32½-33	33½-34	34½-35½	36-37	37½-38½	39-40½	41-42½	43-44½
If waist measures	23½-24	24½-25	25½-26	26½-27½	28-29	29½-30½	31-32½	33-34½	35-36½
If hips measure	34-34½	35-35½	36-36½	37-38	38½-39½	40-41	41½-43	43½-45	45½-47

REGULAR MISSES: 5'3½" to 5'6½". Average proportioned figure.

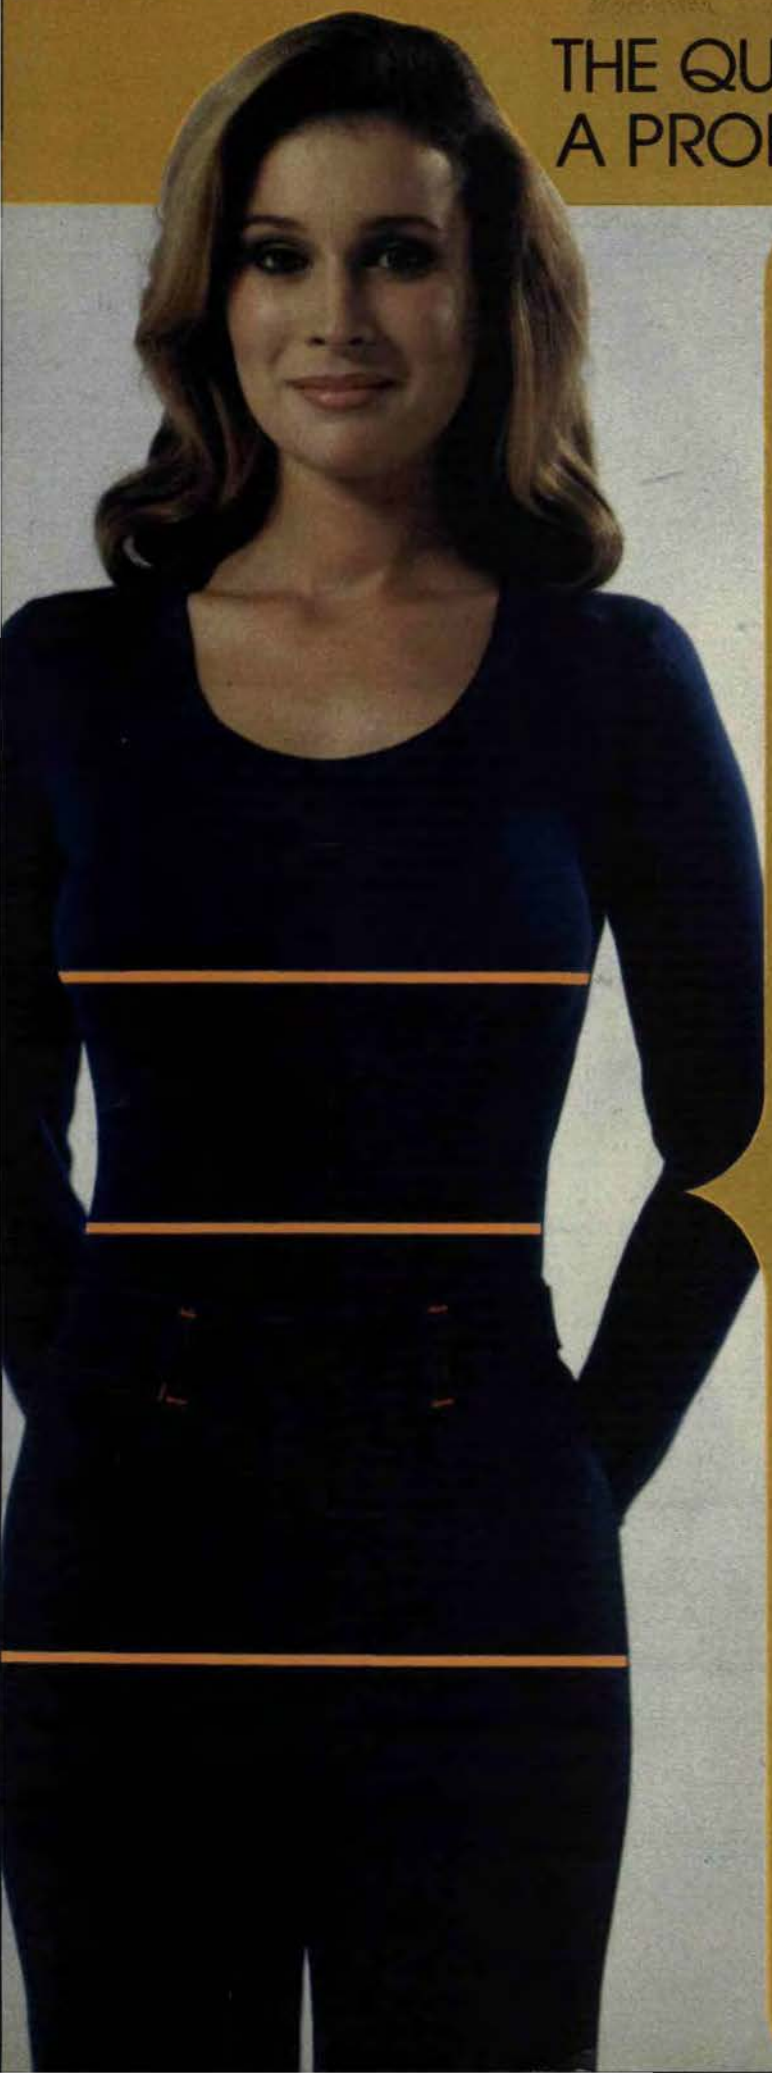
PETITE MISSES: 5'3" and under. Bust, waist, hips same as misses but proportionately shorter overall.

TALL MISSES: 5'7" to 5'11". Bust, waist, hips same as misses but proportionately longer overall.

Do you measure up to **WOMEN'S SIZES**

Order size	36	38	40	42	44	46	48	50	52
If bust measures	39-40½	41-42½	43-44½	45-46½	47-48½	49-50½	51-52½	53-54½	55-56½
If waist measures	33-34½	35-36½	37-38½	39-41	41½-43½	44-46	46½-48½	49-51	51½-53½
If hips measure	40-41½	42-43½	44-45½	46-47½	48-49½	50-51½	52-53½	54-55½	56-57½

REGULAR WOMEN'S: 5'4" to 5'7". Mature figure. Full bust with proportionately fuller waist and hips.



TALL WOMEN'S: 5'7½" to 5'11½". Bust, waist, hips same as women's, but proportionately longer overall.

Do you measure up to **HALF SIZES**

Order size	14½	16½	18½	20½	22½	24½	26½
If bust measures	37-38½	39-40½	41-42½	43-44½	45-46½	47-48½	49-50½
If waist measures	31-32½	33-34½	35-36½	37-38½	39-41	41½-43½	44-46
If hips measure	38-39½	40-41½	42-43½	44-45½	46-47½	48-49½	50-51½

HALF SIZES: 5'4" and under. Shorter waisted mature figure. Narrower shoulders. Full bust with proportionately fuller waist, hips.

HOW TO MEASURE FOR WARDS UNDERGARMENTS

BRAS

For best results, have someone measure you. Stand feet together, arms at sides. Measure over a bra that fits well. Keep tape snug, not tight; be sure it's straight across your back. Bras are ordered by bra number size and cup letter size (example: 34 B).

Measure at these places:
① Fullest part of bust.
② Underbust measurement.

BRA NUMBER SIZE: Take underbust measurement (see ② above). Add 5-in. to this measurement. This is your bra number size. Example: If measurement ② is 29", add 5 inches. Your bra number size is 34.

CUP LETTER SIZE: Measure fullest part of bust (see ① above). Compare measurements ① and ② in chart below to figure cup size.

Use This Chart To Find Your Cup Size

If fullest part of bust is	Order cup size
Same as bra size (or ½ inch more)	A
1-inch more than bra size	B
2-inch more than bra size	C
3-inch more than bra size	D
4-inch more than bra size	DD

Ex.: If measurement ① is 35", and bra number is 34, ① is one-inch larger than bra number size. According to chart, you're a B cup. Order by bra number, cup letter size, 34B.

GIRDLES and ALL-IN-ONES

Measure over proper fitting foundation garment:

③ Natural waistline.
④ Fullest part of hips.
⑤ Down one side from waist to where you want item to end.

GIRDLE SIZE: Measure waist ③. This is your girdle size. Then measure hip ④ and length ⑤. Check individual garment description to be sure hips and length are right for you. Order by waist size number or by letter as asked on individual item.

ALL-IN-ONE and **CORSELET SIZES:** Figure your bra size (see above). Take waist ③, hip ④ and length ⑤. Follow directions on each item.

Length On Proportioned Garments

Measure torso from waist at center back through crotch to center front waist.

If torso is	Order
between 28-30"	Avg. torso
over 30-31"	Long torso
over 31-32"	Extra Long

If you are between sizes, order the next larger size.

MEASUREMENTS FOR

The quick and easy way to a proper fit for Men, Young Men and Boys

For best results, have someone else take measurements. Wear underwear, and if preferred, thin clothing. Hold tape straight, snug. You'll find space to pencil-in your measurements on pg. 202.

HEIGHT: Stand without shoes against a wall. Place ruler across top of head to wall. Measure from that point down to floor.

CHEST: Measure across shoulder blades, under arms and around chest.

WAIST: Measure around smallest part of natural waistline.

SEAT: Stand straight, but relaxed. Measure around fullest part.

INSEAM: Lay well-fitting regular-leg pants on a flat surface and measure from crotch seam to bottom of leg. If ordering pants with a flared leg, add 1-inch.

NECK (men, young men): Use a well-fitting shirt. Open collar so it lays flat. Measure inches from center of collar button to far end of collar button-hole. Number of inches is size.

SLEEVE (men only): Bend elbow. Measure inches from center of back of neck, across shoulder, around point of elbow to wrist.

Men's slacks...how to select your style

REGULAR CUT: For the man of average build. Fit is comfortable and follows body contour. Waist measures 5 to 6 inches smaller than chest.

FULL CUT: Proportioned for fuller figure. Comfortable fit, roomy seat. The waist measures the same or up to 4 inches smaller than the chest.

TRIM CUT: For the young man with a slim, athletic build. Waist measures about 7" smaller than chest. Fit is closer to the body, trim fit in seat and thigh.

Next, men's clothing guidelines

For dress, casual, work pants: measure at natural waist. See charts on pages.

To order dress and casual slacks state waist in inches, then inseam letter S, M, L, XL — not number, unless specified. Correct way: Waist — 32 in., inseam S. Wrong way: Waist — 32 in., inseam 29.

Flare-leg: wider at bottom than at knee. **Straight/reg. leg:** straight from knee down. **Tapered legs** measure much less at bottom.

Men's dress shirts...(for sport shirts, see charts on pages)

Semi-tapered have trimmer waist. **Regular cut** have proportioned waist. When ordering, state neck, sleeve size R or L. **R** fits 32-33" sleeve lgth. **L** fits 34-35" sleeve lgth.

Neck size	14½	15	15½	16	16½
Semi-tapered for waist up to	33	35	37	39	42
Regular cut for waist up to	35	37	39	42	44

Neck size	17	17½	18	18½
Semi-tapered for waist up to	45	—	—	—
Regular cut for waist up to	47	49	51	53

Men's jackets, vests, suits, sportcoats

For best results, add 1" to your chest measurement. Ex.: if chest measurement is 39", add 1" (39" + 1" = 40"). Order size 40. State Regular, Long or Short when ordering.
Short fits 5'3" to 5'7".
Reg. fits 5'7" to 5'11".
Long fits 5'11½" to 6'2½".

Order size	36	38	40	42	44	46
If chest (include 1 inch) measures	35-36½	37-38½	39-40½	41-42½	43-44½	45-46½
If waist measures	29-31	31-33	33-35	35-37	37-39	39-41

Order big size	48	50
If chest (include 1 inch) measures	47-48½	49-50½
If waist measures	43-45	45-47

Men's outerwear: coats and jackets

Add 1" to your chest measurement. Ex.: if chest measurement is 39", add 1" (39" + 1" = 40"). Order size 40. State Regular, Long or Short when ordering.
Short fits 5'3" to 5'7".
Reg. fits 5'7" to 5'11".
Long fits 5'11½" to 6'2½".

Order size	36	38	40	42	44	46
If chest (include 1 inch) measures	35-36½	37-38½	39-40½	41-42½	43-44½	45-46½

Order big size	48	50
If chest (include 1 inch) measures	47-48½	49-50½

MEN, YOUNG MEN AND BOYS

Youths grow quickly – measure every time you order. Be sure to see measuring instructions for young men and boys on opposite page.

YOUNG MEN'S SIZES

For the youthful figure. Narrower shoulders; slightly smaller chest, waist, and hips than the man with an average build. Fits 5'6" to 5'11" tall; chests 34 to 40"; waists 27 to 32".

BOYS' SIZES 8 to 22 – Order by size, not age

Stay ahead of the growth game by taking new measurements often. It's the only way you can keep up with those frequent changes. You'll find space to pencil-in your measurements on page 202.

Young men's clothing guidelines

Woven shirts: order by neck size—XS(14½" neck), S(15"), M(15½"), L(16").

Sweaters, knit shirts: order by chest size — XS(34-35" chest), S(35½-36½"), M(37-38"), L(38½-40").

Pajamas, robes: order by height, chest (see boys' regular chart below for sizes 16 to 22).

Dress slacks, jeans: order by waist and inseam. Available in waist sizes 27 to 32" and inseam lengths 28 to 34". See size selection with each slack or jean. Slacks fit at natural waist. Jeans fit slightly below natural waist.

Boys' clothing guidelines

Knit shirts, sweaters, outerwear, pj's, robes, underwear (available in boys' regular sizes only): order by height and chest, see chart below.

Woven shirts: Order by neck, height and chest. See size chart on page 460.

Sportcoats and suits: order by height and chest, see chart below.

Dress slacks and jeans: order jeans by waist, seat and inseam; dress slacks by waist and inseam. See chart below. Dress slacks fit at natural waist. Jeans fit slightly below natural waistline.

YOUNG MEN'S suits, sportcoats, outerwear.

Order by chest and height. Also use waist sizes for suits.

Order size	34	36	38	40
If height measures	5'6"-5'9"	5'7"-5'10"	5'8"-5'11"	5'8"-5'11"

MEASUREMENTS FOR GIRLS AND JR. TEENS

Order by size, not age. Keep up with the growth rate by measuring every time you order. If between sizes, order the larger size.

The quick and easy way to a proper fit for Girls and Jr. Teens

For best results, have someone else take measurements. Wear best-fitting underwear, and if preferred, thin clothing. Stand straight, but relaxed. Hold tape measure so that it is straight, snug, lies smoothly but doesn't indent body. Check height first. The measurements of chest, waist, hips will determine if girl's figure type is regular, slim or chubby.

You'll find space to pencil-in your measurements on page 202.

HEIGHT: Stand without shoes against a wall. Place ruler across top of head to wall. Measure from that point to floor.

CHEST or BUST: measure around the fullest part of chest or bust.

WAIST: Measure around the smallest part of the natural waistline.

HIPS: Measure around fullest part.

Girls' clothing guidelines

Blouses, knit tops, sweaters, robes and outerwear: order by height and chest.

Dresses, bodysuits, sleepwear, full slips, snowsuits: order by height, chest and hip measurements. For A-line and flared-skirt dresses, order by height and chest measurements.

Pants, skirts, shorts, half-slips and panties: order by waist and hips.

Jr. Teens' clothing guidelines

Blouses, knit tops, sweaters, robes, jackets and coats: order by bust.

Dresses, sleepwear, ski suits: order by bust, waist and hip measurements.

Pants, skirts and shorts: order by waist and hip measurements.

GIRLS' REGULAR

SIZES 7 to 16

Fairly straight, but still undeveloped figure.

HEIGHT	49-51½	52-53½	54-55½	56-58	58½-60½	61-63
Order size	7	8	10	12	14	16
If chest measures	25½-26½	26½-27½	28-29	29½-30½	31-32	32½-33½
If waist measures	22½-23	23-23½	24-24½	25-25½	26-26½	27-27½
If hips measure	27½-28	28-29	29½-30½	31-32½	33-34½	35-36½

GIRLS' SLIM

SIZES 7 to 16

Slim and still undeveloped figure.

HEIGHT	49-51½	52-53½	54-55½	56-58	58½-60½	61-63
Order size	7	8	10	12	14	16

If hips measure	25½-26	26½-27	27½-28½	29-30½	31-32½	33-34½

GIRLS' CHUBBY

SIZES 10½ to 16½

Full and still undeveloped figure.

HEIGHT	54-55½	56-58	58½-60½	61-63
Order size	10½	12½	14½	16½
If chest measures	30½-31½	32-33	33½-34½	35-36
If waist measures	27½-28	28½-29	29½-30	30½-31
If hips measure	32½-33½	34-35½	36-37½	38-39½

JR. TEEN *SIZES 6 to 16*

Specially proportioned for the developing figure, fits 4'11½" to 5'4½" tall.

Order size	6	8	10	12	14	16
If bust measures	28½-29	29½-30	30½-31	31½-32½	33-34	34½-35½
If waist measures	22-22½	23-23½	24-24½	25-25½	26-26½	27-27½
If hips measure	31-31½	32-32½	33-33½	34-35	35½-36½	37-38

MEASUREMENTS FOR LITTLE BOYS AND LITTLE GIRLS, TODDLERS, INFANTS

Order by size, not age.

Children grow quickly, measure every time you order

HEIGHT IS IMPORTANT

for determining size of infant, child or adult. Remember, height + body proportions = figure type. Match up your measurements to our size charts to find the size that is right for you!

Taking a child's measurements is a little like trying to land a fish — there's a lot of wiggling going on. It's a good idea to have something interesting for the child to look at while he is measured ... a colorful wall drawing or a program on TV. Child to wear underwear, and if preferred, thin clothing. Hold tape measure so that it's straight, snug, lies smoothly but doesn't indent body.

You'll find space to pencil-in the kids' measurements on page 202.

HEIGHT: Stand child without shoes against wall. Place ruler across top of head to wall. Measure from that point to floor.

CHEST: Measure across shoulder blades in back, under arms and around fullest part of chest in front.

WAIST: Measure around smallest part of natural waistline.

HIPS: Measure around fullest part of hips.

Children's clothing guidelines

Jeans, pants, snowpants, skirts, shorts, tights, underpants: order by height, waist and hip measurements.

Blouses, shirts, knit tops, sweaters, undershirts, coats, jackets, sleepwear, robes, dresses, bodysuits, leotards and slips: order by height and chest measurements.

Overalls, coveralls, shortsets and pantsets: order by height, chest, waist and hips.

Order larger size if measurements fall between sizes.

ALL 201

LITTLE BOYS' & GIRLS' *SIZES 2 to 6X|7*

For children who are beginning to lose the roundness of infancy. Most clothing is cut for regular sizes. Some clothing is cut for slim sizes.

Order size	HEIGHT	REGULAR			SLIM		
		CHEST	WAIST	HIPS	CHEST	WAIST	HIPS
2	33½-35½	20½-21	20-20½	20½-21	—	—	—
3	36-38½	21½-22	20½-21	21½-22	20½-21	18½-19	20½-21
4	39-41½	22½-23	21-21½	22½-23	21½-22	19-19½	21½-22
5	42-44½	23½-24	21½-22	23½-24	22½-23	19½-20	22½-23
6	45-46½	24½-25	22-22½	24½-25	23½-24	20-20½	23½-24
6X,7	47-48½	25½-26	22½-23	25½-26	24½-25	20½-21	24½-25

TODDLER BOYS' & GIRLS' *SIZES 1 to 4*

For children who have same measurements as children's sizes 2-6X, 7, but still have not lost baby roundness. Garments are cut full to accommodate diapers. Dresses, coats cut shorter than 2-6X, 7 size range.

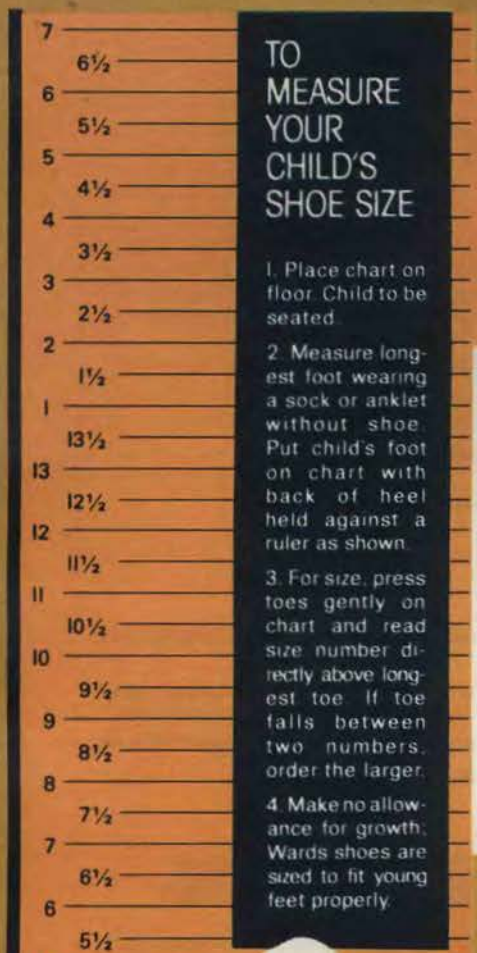
Order size	HEIGHT	CHEST	WAIST	HIPS
1	31-33	19½-20	19½-20	19½-20
2	33½-35½	20½-21	20-20½	20½-21
3	36-38½	21½-22	20½-21	21½-22
4	39-41½	22½-23	21-21½	22½-23

INFANTS' *SIZES XS to XL* based on height and weight.

For babies from birth until they walk, when they are ready for Toddler sizes. Garments are cut full to accommodate diapers. When height and weight fall into different sizes, order by weight.

Order size	XS	S	M	L	XL
Height	Up to 24½"	25-28½"	29-32½"	33-36½"	37-38½"
Weight	Up to 14 lbs.	14½-20 lbs.	20½-26 lbs.	26½-30½ lbs.	31-33½ lbs.

THE QUICK AND EASY WAY TO A PROPER FIT



TO MEASURE YOUR CHILD'S SHOE SIZE

1. Place chart on floor. Child to be seated.

2. Measure longest foot wearing a sock or anklet without shoe. Put child's foot on chart with back of heel held against a ruler as shown.

3. For size, press toes gently on chart and read size number directly above longest toe. If toe falls between two numbers, order the larger.

4. Make no allowance for growth; Wards shoes are sized to fit young feet properly.

ALWAYS MEASURE BOTH FEET. Order shoes by size of longest foot.

Measure feet every time you order. Children grow quickly.

Place BACK OF HEEL against ruler held on this line.

TO MEASURE ADULTS' SHOE SIZE

Order your usual size and width. Unsure? While seated, put stockinged foot on paper. Draw a straight line at tip of heel; inside and outside at widest parts. If you order in person, bring the drawing of largest foot with you; by mail send it with your order; by phone, give the length in inches from ① to ② and width from ③ to ④.

Width explanation	AA	A	B	C	D	E	EE	EEE
Men's	—	—	Narrow	Med.-narrow	Med.	Med.-wide	Wide	Very wide
Women's	Narrow	Med.-narrow	Medium	Medium-wide	Wide	Very wide	Ex.-wide	Extremely wide

FAMILY HOSIERY SIZE CHARTS

WOMEN'S HOSIERY

If shoe size is	3-4	4½-5	5½-6	6½-7	7½-8
Hosiery size is	8½	9	9½	10	10½

If shoe size is	8½-9	9½-10	10½-11	11½-12
Hosiery size is	11	11½	12	12½

The above size chart is not for pantyhose. Pantyhose size charts are on catalog pages.

Order stretch hose short or petite if your height is under 5'3", and your hose size is 8½-10.

Order stretch hose medium or average if your height is 5'3" to 5'6", and your hose size is 8½-11.

Order stretch hose long if your height is 5'6" to 5'9", and your hose size is 9½-11.

Order stretch hose extra-long if your height is over 5'7", weight over 160 lbs., and your hose size is 11-12.

MEN'S SOCKS	If shoe size is	6½-10	10½-13
	Sock size is	M(10-11½)	L(12-13)

BOYS' SOCKS	If shoe size is	9-2½	3-9	9½-12
	Sock size is	S(7-8½)	L(9-11)	XL(10-13)

GIRLS' SOCKS AND KNEE-HI's	If shoe size is	12½-5½	3-9
	Sock size is	M(8-9½)	L(9-11)

LITTLE BOYS AND GIRLS (socks, knee-hi's, anklets)

If shoe size is	up to size 1	1-3½
Sock size is	XS(3-3½)	S(4-5)

If shoe size is	4-8½	9-13	1-5½
Sock size is	M(5½-6½)	L(7-8)	XL(8½-9½)

TO MEASURE HAT SIZE: Measure inches around head.

If head measures	18¾	19⅛	19½	19⅞	20¼	20¾	21⅛	21½
Hat size is	6	6⅛	6¼	6⅜	6½	6⅝	6¾	6⅞

If head measures	21⅞	22⅛	22⅜	23	23½	23⅞	24¼	24⅜	25
Hat size is	7	7⅛	7¼	7⅜	7½	7⅝	7¾	7⅞	8

TO MEASURE GLOVE SIZE

Open hand flat, spread fingers slightly. Measure number of inches around knuckles, excluding thumb to determine your size. Order larger size if your measurements fall between sizes.

YOUR FAMILY MEASUREMENT CHART

Pencil-in measurements. Be sure to check measurements often and record any differences, especially for growing children.

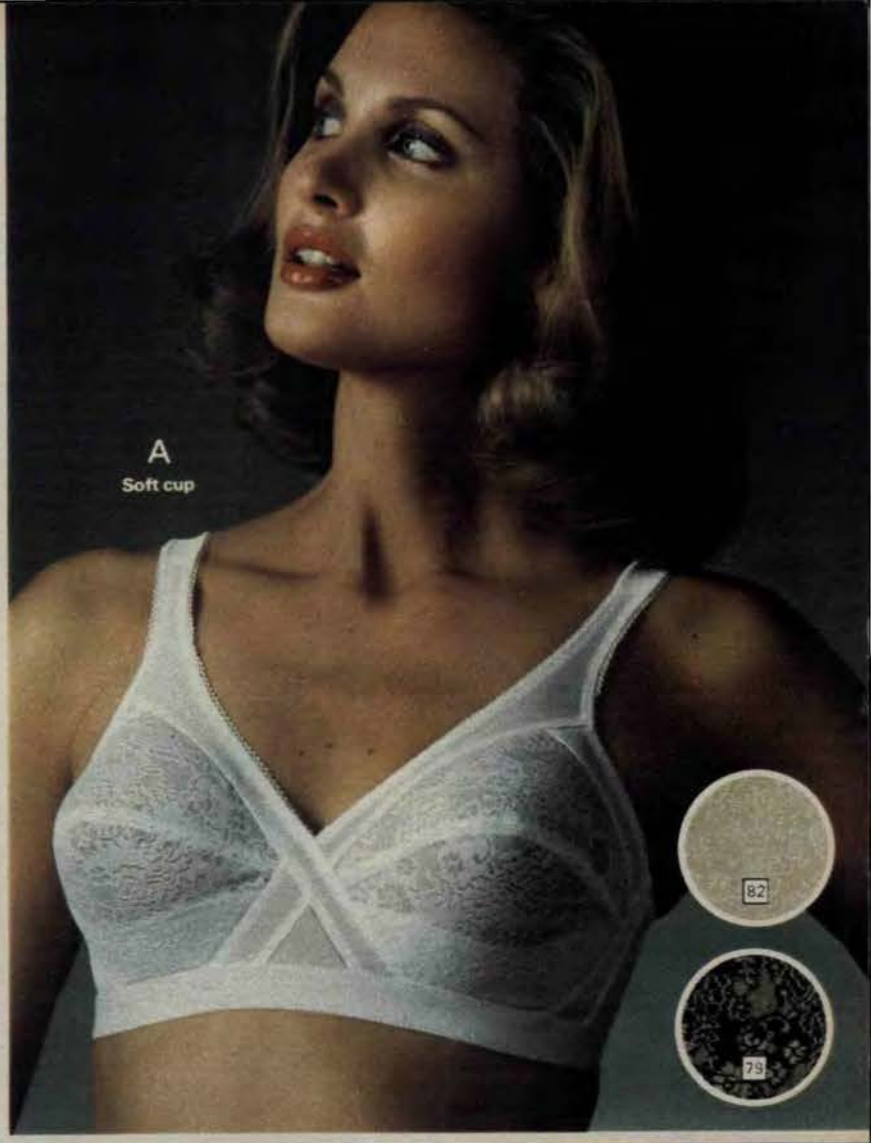
Pure Luxury®

support bras

Sizes 34B to 48DD



We combined all the best support and comfort features a bra should have:

- Patented stretch bands of nylon-Lycra* spandex between and around cups
- Foam underbust inserts in lower cups (except underwire) to lift and support
- Reinforced built-up straps to ease strain
- Extensions in back of adjustable straps
- Nylon-Lycra* spandex sides and low scooped back for stretch comfort
- 3-position back hook closing
- Smooth midriff band

UNDERFASHIONS.

Where great fashion begins.

When you're building a great fashion look, you need a great foundation. That's our "underfashions". Feeling frilly? Our "Continental Touch" bras and panties give the support you need with a splash of pretty lace. Looking for a smooth, sleek look in body-hugging fashions? Get seamless support in "All That Bra But Less"—in underwire, too.

"Continental Touch" bras and brief

A-B SOFT CUP OR UNDERWIRE BRA.
DETAILING: Beautiful lace trims glistening nylon tricot cups. Stretch sides and back of comfortable nylon-Lycra* spandex. Fashionably low leotard back. Straps have ring and slide adjustment. 3-position hook and eye back closure.

(A) SOFT CUP. Front bands criss-cross for natural separation. Camisole style straps with elastic back extensions. Stretch midriff band holds bra in place.

CARE: Machine wash, warm; line or tumble dry.
Colors • 81 blush • 71 white.
State color number and even bra size.

Cup	Sizes	Catalog No.	Ship. wt.	Each
B	34 to 40	B 28 A 722	2 oz.	6.50
C	34 to 40	B 28 A 723	2 oz.	6.50
D	34 to 42	B 28 A 724	2 oz.	7.50

(B) UNDERWIRE. Daring, deep front plunge. Stretch straps.

CARE: Hand wash; line dry. No bleach.
Colors • 81 blush • 71 white.
State color number and even bra size.

Cup	Sizes	Catalog No.	Ship. wt.	Each
B	34 to 38	B 28 A 1722	2 oz.	7.50
C	34 to 38	B 28 A 1723	2 oz.	7.50
D	34 to 38	B 28 A 1724	2 oz.	8.50

featherlight Lycra*

C "CONTINENTAL TOUCH" BRIEF.
FABRIC: Nylon-Lycra* spandex for easy-moving comfort.
DETAILING: Pretty lace insert matches lace on our "Continental Touch" bras. Cotton-lined crotch with turned-under back seam. Covered elastic waist.

CARE: Machine wash, warm.
Colors • 81 blush • 71 white.
Sizes: S(fits hips 35-36"), M(37-38), L(39-40), XL(41-42).
State color number and size letter S, M, L or XL.
B 32 A 490 D—Ship. wt. ea. 3 oz. 4.50 ea.; 2, 8.50

Semi-sheer seamless bras

D-E DETAILING: Smooth Antron* III nylon is blended with stretchy Lycra* spandex for lightweight control. Stretch straps adjust. Back hook.

(D) "ALL THAT BRA BUT LESS." Perfect under anything that clings, because it's all stretch, all support and pretty. Elastic inner frame surrounds cups for support. Center binding for separation. Flexible side boning. Assembled in U.S.A. and Costa Rica.

CARE: Machine wash, warm.
Colors • 82 beige • 71 white.
State color number and even bra size.

Cup	Sizes	Catalog No.	Wt. ea.	Each	2 for

"Sleek 'n Lacy" bras

Seamless polyester tricot cups have the pretty, lacy design knitted in for a smooth, no-show-through look.

B STRAPLESS.

DETAILING: Dainty lace trim surrounds cups. Soft polyester fiberfill underbust supports and cushioned underwires insure firm uplift and comfortable support. Lace inserts between cups for good separation. Rubberized facing at top and bottom edges keeps bra anchored in place. Nylon-Lycra* spandex sides and narrow back. 3-position hook and eye back closing.

CARE: Hand wash, warm.
Color: White. *State even bra size.*

Cup	Sizes	Catalog Number	Ship. wt. ea.	Each	2 for
A	32 to 36	Z 28 A 4421 D	2 oz.	7.00	13.76

D	34 to 38	Z 28 A 4424 D	2 oz.	8.00	15.76

C CONTOUR CUP.

DETAILING: Soft, sheer polyester fiberfill cup lining for shaping. Silky, tricot-like nylon and Lycra* spandex elastic frame for all-around comfortable fit. Adjustable stretch straps extend to low leotard back to help relieve strain. Narrow back with hook and eye closing.

CARE: Machine wash, warm.
Color: White. *State even bra size.*

ON A DIET? B•thin®

Underdressing for the dieter can be quite a perplexing problem. What do you wear while you are slimming down to your sleek, new figure? Why, our B• thin® shapers, of course. You'll look trimmer even before you've started reducing. Specially knit nylon-DuPont Lycra® spandex stretches to conform to your shape while you lose inches. Double self-fabric panels reinforce and control.

CARE: Machine wash, warm.

An Outstanding Product

These Wards exclusives are smoother, softer and more lustrous than ordinary nylon satin tricot. You'll love our smooth and sleek solids or our new prints in the softest, daintiest shades imaginable! Very durable because only the best quality woven elastic is used; satin tab reinforces waist; seams are bar-tacked at stress points.

BODY-HUGGING THERMALS.

BODY-FLATTERING BRIEFERS. Ideal for the figure-conscious woman

Sizes 34A to 42D

Ever looked at the woman in tight fitting jeans and tee shirt and wondered how she achieved such a well rounded look? Chances are she's wearing a smoothing shaper that emphasizes and minimizes in all the right places. Our briefers help you pull it all together so you'll look great in your clothes.

Fit hips 2 to 4 inches larger than bra size.

A "CURVED FOR COMFORT" UNDERWIRE.

DETAILING: Curved cup design for shaping. Specially designed flat underwire. Upper cups and center front of silky nylon lace. DuPont's Antron® nylon-Lycra® spandex body for a luxurious feeling plus firm control. Lined lower cups of Antron® nylon for added support. Cotton-lined hook and eye crotch. Hi-cut legs won't bind.

CARE: Hand wash, warm; line dry. Do Not Bleach.

RESISTAT' Truly effective static control

FABRIC: Resistat™ of 100% nylon bright yarn offers effective static control.

- **Eliminates cling and ride-up in any weather**
- **Resistat's™ properties are not achieved with finishes or additives that can wash out. Thin, dark lines of Zefstat® nylon are knit into the fabric to dissipate static electricity for the life of the slip**
- **CARE: Machine wash, warm (gentle).**

"Soft Shoulders"
full figure bra with adjustable shoulder guards

Sizes 34B to 48DD

- Fuller cups, sides and back prevent "spill over" under arms
- Adjustable cushioned shoulder guards relieve pressure
- Stretch sections surround cups to assure comfortable control
- Firming 3-section cups provide uplifting support and separation

A–B DETAILING: Fuller cups, higher sides and back of polyester-cotton broadcloth. Nylon-spandex inserts above and below cups. Larger sizes have wider straps and back plus additional hooks for fit. Assembled in the Philippines.

CARE: Machine wash, warm.

Color: White. *State even bra size.*

BREAST FORMS AND BRAS.

For the best fit and comfort after surgery.

Our best form is fluid weighted.

- **Weighted, fluid-filled "skin" replaces bust tissue, fills bra cup naturally**
- **Provides normal body weight and balance for confidence and good looks**
- **Back pad replaces removed muscle tissue and fills in the "hollow" caused by surgery**

A DETAILING: Both liquid-filled form and back pad can be worn on right or left side. Wear with most bras or inserted in special pockets of bras C and D. Form and pads sold separately.

CARE: Hand wash.
Use chart to order breast form and pads.
State breast form number – not cup size.

TO DETERMINE BREAST FORM SIZE. Bra size : take underbust measurement from center breastbone around to center of back. Double the measurement and add 5 inches. Cup size: take measurement over fullest part of natural breast, from center breastbone in front to center of spine in back. Double the number. See cup size chart, pg. 197.

Need more help? Write: Montgomery Ward, 393 Fashion Ave., New York, N.Y. 10001. ATTN: Buyer, Room 408.

The pump: the one shoe to wear with everything.

This fall, if you could own only one pair of shoes, the shoe to own would be the pump. That's because with skirts shorter and silhouettes closer to the body, the pump's natural shape perfectly complements your natural curves. And look how we've updated these fashion basics!

D THE SCALLOPED PUMP.
UPPER: Urethane lined in smooth nylon tricot.
HEEL AND SOLE: Man-made. Fashionable 2½" heel.

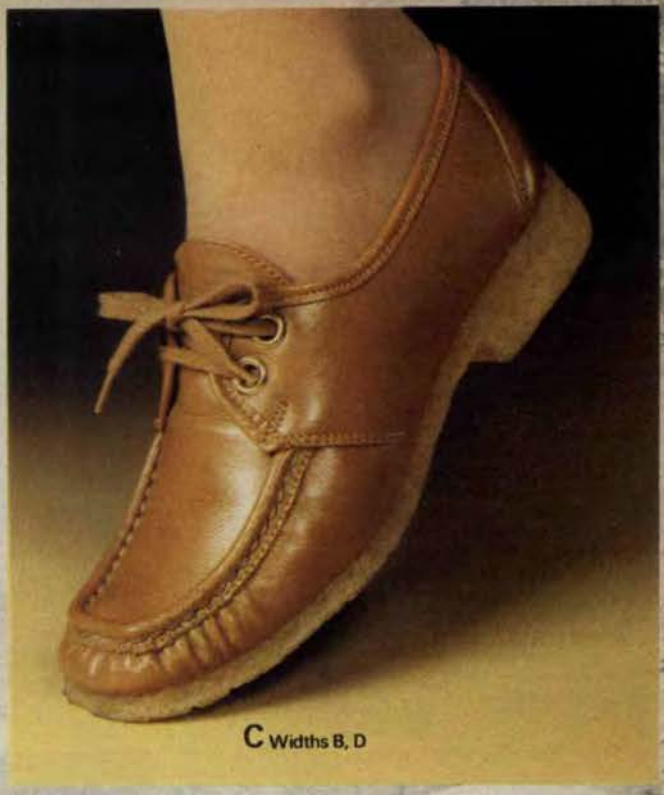
Comfortable slings, popular heels

The sling is fast becoming a fashion staple! It works with your complete wardrobe of new fall fashions...with the shorter dresses, with shorter skirts, and with the new straight-leg pants. Both styles feature soft, flexible urethane uppers as well as the popular stacked-look heels. The man-made bottoms are designed for comfort as well as for durability. And at these low prices, you'll want both styles to complete your wardrobe!



C CLOSED-TOE SLING STYLE.
UPPER: Urethane, made even softer with silky nylon tricot lining.
COMFORT FEATURES: Buckle easily adjusts for a personal fit.

A Widths D, EEE

Exceptional comfort and great looks are just two reasons you'll want this new men's slip-on.

Here are a few more reasons:

- **The hand-made poromeric upper offers all the benefits of leather. It looks like leather, it feels like leather, and it's as soft as leather. But unlike leather, it never needs polishing—it just wipes to a shine with a damp cloth.**
- **Genuine leather lining provides extra comfort, extra durability.**
- **Specially designed tubular construction eliminates underfoot seams.**
- **Generous cushioning keeps you comfortable throughout the day.**
- **Exceptional flexibility...more than you'll find on most men's slip-on styles.**
- **Exceptional durability...the one-piece man-made sole will last and last!**

8-in. leather work boot has 3-layered insulation

A WARDS best buy

because for warmth, comfort and durability, we believe you won't find a better work boot at this price! For warmth, there are 3 layers of insulation: for comfort, there's a pigskin-wrapped cushioned insole; for durability, there's water resistance, cemented seams and rubber bottom. Comparison shopped for value.

CUT $10 55.88

A UPPER: Water-resistant full-grain leather with a rugged, comfortable leather lining.

DETAILING: Warm, heavy-duty foam insulation. Padded collar. Nylon-fitted cemented seams that resist moisture. Taslon® braided nylon laces. Insulated tongue lining. Metal eyelets.

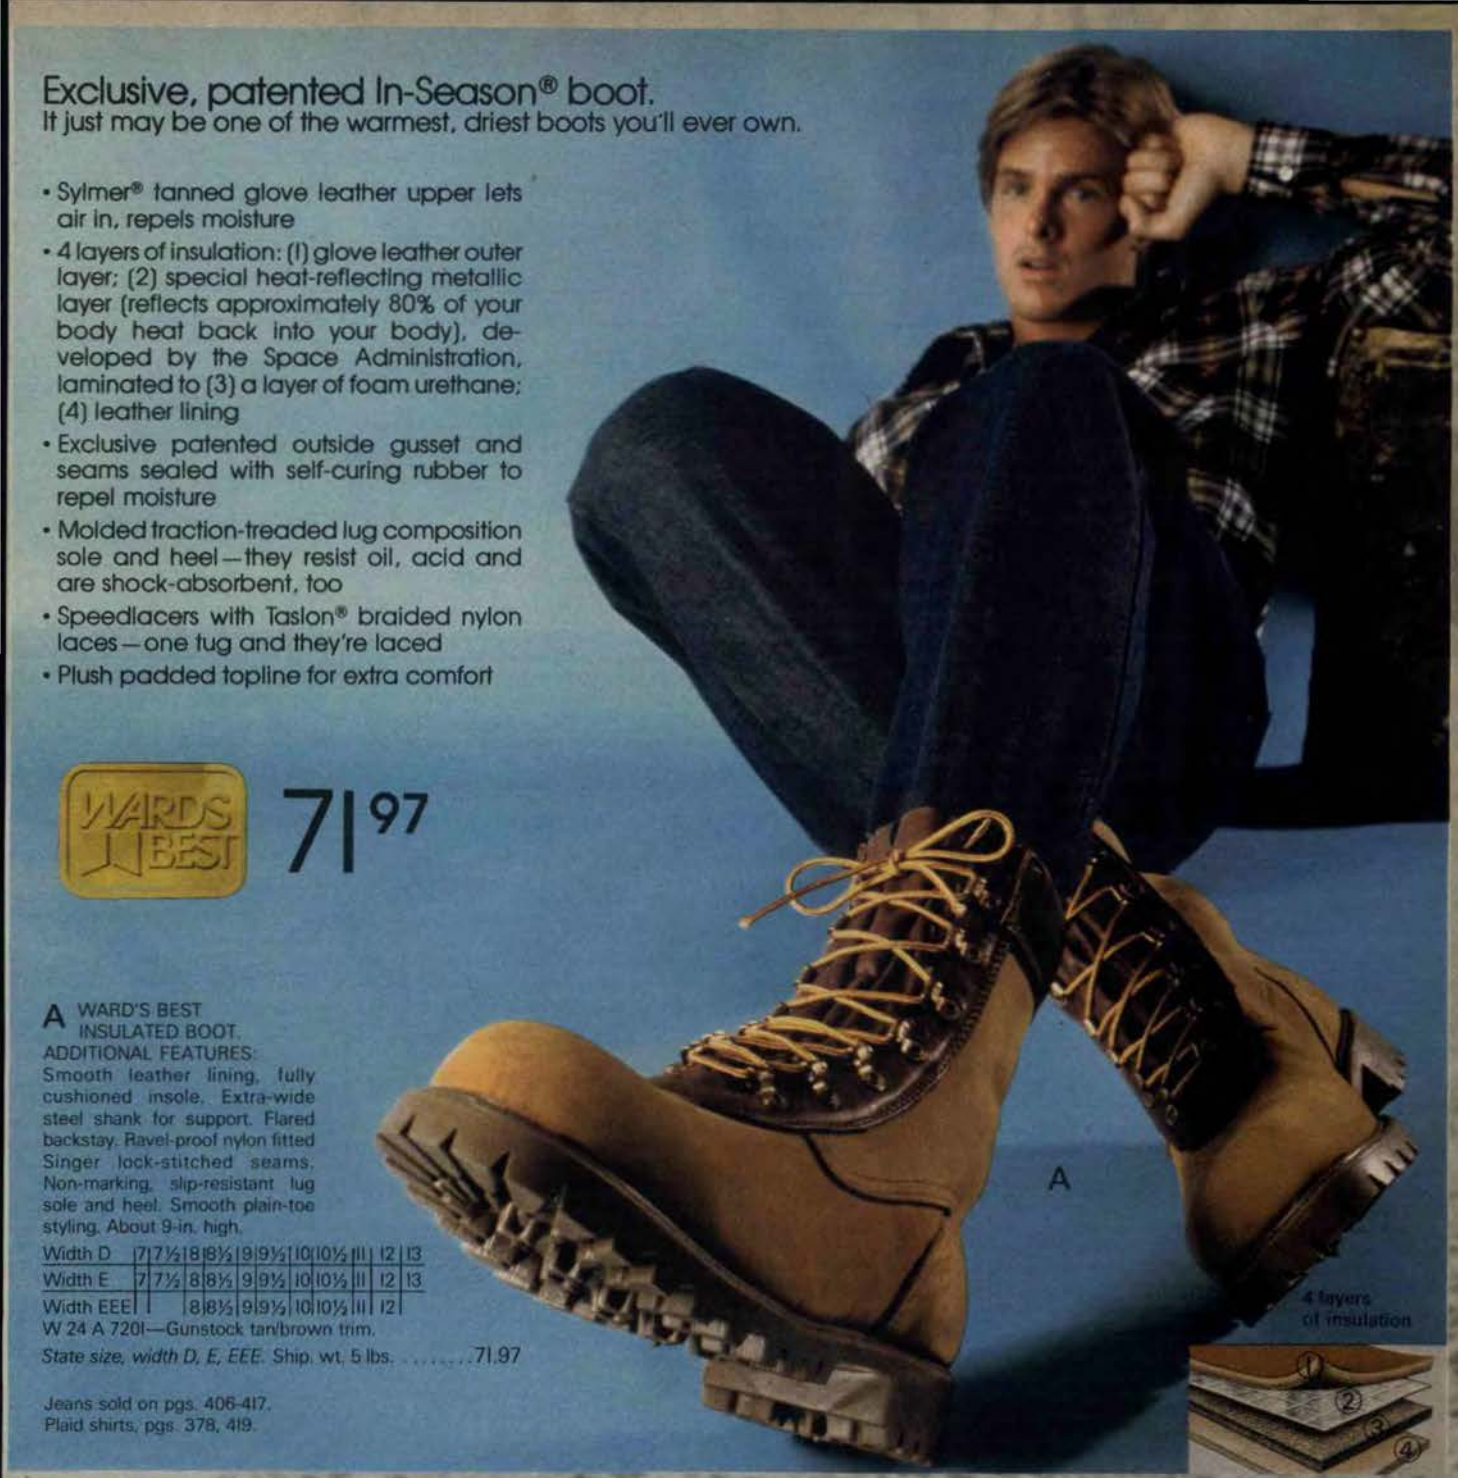
Ship. wt. 3 lbs. 14 oz. 43.97



Exclusive, patented In-Season® boot.

It just may be one of the warmest, driest boots you'll ever own.

- Sylmer® tanned glove leather upper lets air in, repels moisture
- 4 layers of insulation: (1) glove leather outer layer; (2) special heat-reflecting metallic layer (reflects approximately 80% of your body heat back into your body), developed by the Space Administration, laminated to (3) a layer of foam urethane; (4) leather lining
- Exclusive patented outside gusset and seams sealed with self-curing rubber to repel moisture
- Molded traction-treaded lug composition sole and heel—they resist oil, acid and are shock-absorbent, too
- Speedlacers with Taslon® braided nylon laces—one tug and they're laced
- Plush padded topline for extra comfort

Durable work styles with glove leather uppers

An Outstanding Product

Simple logic told us that comfort and durability are the prime requisites in work shoes. That's why the uppers of these styles are of full-grain leather—soft, yet sturdy, and they breathe. That's why they have Goodyear welt construction, which gives them flexibility and shape retention. That's why their insoles are cushioned and pigskin-wrapped for superb comfort.

30.97 to 35.97

Stylish, softside luggage

SAVE 39% to 43%

on 5-pc. sets over individual pieces

79.97 large 5-pc. set **62.97** reg. 5-pc. set

- **Strong channeled steel frames**
- **Scovill® nylon self-repairing zipper**
- **Comfortable padded carrying handles**

Here's an outstanding value on Wards quality softside luggage at low prices you can afford! Now in three beautiful contemporary colors.

CONSTRUCTION: Heavy-gauge vinyl has a rich, leather-like look that retains its luster for years. Nylon tricot backing for softness. Heavy-duty, self-repairing zippers, brass plated steel hardware. Garment bag made of durable vinyl sheeting. Wipes clean with damp cloth.

PULLMAN AND COMPANION CASES (C, E, F). Specially designed channeled steel frames add extra strength. Snap flap conceals double zipper pulls and padlock for added protection. Continental styled, padded handles are double reinforced to give you comfortable and dependable carrying. Vinyl covered panel and metal studs reinforce bottom. Inside strap holds clothes securely. 28-in. (E) and 26-in. cases (not shown) come with wheels and detachable pull-straps that let you roll overstuffed cases along easily behind you.

SHOULDER TOTE (B). Adjustable shoulder strap. Front slip-in pocket. Zippered top. Vinyl covered panels for reinforced bottom and sides. Metal studs.

GARMENT BAG (D). Hangs up for practically wrinkle-free clothes. Durable outside zipper allows easy access. Holds 4 dresses or 2 suits.

TRAVEL KIT (A). For small personal items—great for jewelry. Heavy-duty zipper.

Information for "B" and "V" suffix on pg. 346.

The big difference between our coat and the famous coat is Wards exclusive Tri-Gard and the price!

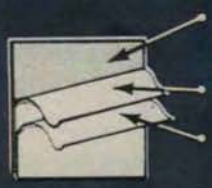
Our new Tri-Gard construction gives you added protection with three layers that work together to keep you warm and dry even on the coldest rainy days. It's a coat you can use year 'round, too, because plush pile liner zips out. Dupont Dacron® polyester/cotton shell is Zepel® treated to resist rain and stain.

WARDS BEST

Reg. sizes

$85

FABRIC: Zepel® treated Dacron® polyester/cotton shell (sleeves lined with nylon). Body has zip-out lining of DuPont Orlon® acrylic pile on polyester back by Malden, liner sleeves of rayon satin.



DETAILING: Balmacaan collar. Center back vent. Self fabric yoke lining. 3 extra buttons. Below knee length.

CARE: Machine wash, warm; tumble dry. Touch up ironing, if needed.

REGULAR SIZES. Regulars: 36R, 38R, 40R, 42R, 44R, 46R. Longs: 38L, 40L, 42L, 44L, 46L. Shorts: 38S, 40S, 42S.

Ship. wt. 5 lbs. 12 oz 95.00

Wards exclusive Tri-Gard construction features three separate fabric layers for three-way protection.

Specially treated outer layer that resists rain, snow.
Soft center layer absorbs moisture.
Inner layer resists dampness to keep you comfortable.

Tri-Gard puts the protection where it counts ... over the back and shoulders — the most weather-exposed areas.

These slacks now available in a washable polyester/wool blended fabric.

AND 3–PC. SUIT

We've given you a lot of suit value for the money, from quality fabric and tailoring to costly details.

An Outstanding Product

The styling is contemporary. Lapels are the new width. And we've made it of wrinkle-resistant texturized woven polyester gabardine.

- Sleeve-shoulder line is fitted.
- Inside jacket pockets have a welt binding in the suit fabric itself—not the usual lining. Pockets and seams take more wear, less strain.
- Unlike other vests on which the suit-fabric ends at the shoulder, ours has a suit fabric band across the neckband.

FABRIC: Woven texturized polyester gabardine.

DETAILING: 2-button shaped jacket has a natural shoulder line; 2 flap pockets. Lined with fine quality rayon. Vest has 5-button front. Pants have beltloops; no-curl waistband; modified flare leg. From S. Korea.

CARE: Professionally dry clean only.

Sizes, ordering info: see chart below.

Our strongest! Power Denim® and Power Corduroy® jeans

Many fabric and construction features make these the most durable jeans we sell. Lab tests prove that these 11 oz. tri-blend denims have twice the abrasion resistance of similar weight all cotton denim. The Power Denim® jeans have an 18 month warranty (see text below). And, all Power jeans in sizes 8, 10, 12 have double knees for greater durability.

WARDS BEST

INFANTS' SIZES
up to 30-½ lbs.

All garments on this page have nylon knit storm cuffs in sleeves and pant legs to keep cold winds out...baby is snug and warm.

Convertible pram suits 'grow' with baby

One size fits newborn infants to 24 months with simple zipper adjustments. Actually several suits in one, they convert from bunting-to pram suit-to snowsuit. Designed to keep baby specially warm. Detachable mittens and booties. Attached drawstring hoods with white pile trim and warm quilt linings. Machine washable.

(1) Bunting with no leg separation.
(2) In-between suit: just zip legs to separate.
(3) Pram suit with booties for growing feet.
(4) Snowsuit to wear with regular shoes.

Pram suit with deluxe features

Provides baby with maximum protection from the cold.

Wards Easy-Correct cartridge system is superior to "keyboard correction" of other portable electric typewriters... proved in Wards lab tests! It covers error only; it's practically invisible — never patchy. Corrects every time — never misses. Clean — no heavy flaking into machine. Easy to use and fast: just snap in the cartridge — action is almost automatic!

Wards Good Easy-Correct electric

A Cartridge ribbon snaps in and out to make corrections and color changes easy. Your fingers never touch a messy ribbon.

A-C These convenient systems answer the phone when you're away or when you just don't want to answer. The incoming call monitor lets you hear caller and decide whether to answer or let Phone-Mate® record message. All have dual tape systems—one for your outgoing message, the other for incoming messages (provides for permanent message storage); tapes and microphone incl. 120 volts, AC. UL listed. FCC approved. Made in Japan.

(A) Retrieve your messages from anywhere, anytime, with the Phone-Mate 930.

REMOTE CAPABILITY: Just call in from any phone and sound your special remote key into the receiver. One phone call plays all your messages as many times as you like. Remote backspace allows you to replay individual messages instantly. Once you have retrieved your messages, you can re-set machine so that new messages will be recorded and previous ones erased. Or leave your messages and continue to have the new ones recorded in order.

FEATURES: Exclusive C-VOX (Controlled Voice Activation) records only as long as caller talks—you can set a maximum time up to 3 minutes (no wasted tape between calls). LED digital call counter; variable time for outgoing announcement up to 45 sec. Twin cassette tapes. "Announce only" lets you give message without taking messages. Fast forward, rapid erase. Ring adjusts up to 5 rings—gives you ample time to answer phone. Mfr's. Warranty.*

67 A 7913 LS—Ship. wt. 13 lbs. 299.95

PHONE-MATE 920 (not shown). Features Controlled Voice Activation.

FEATURES: C-VOX allows caller to leave lengthy or involved messages, but lets you set a max. time limit. Adjustable announcement—20 or 30 sec., twin cassettes. "Announce only," fast forward, rapid erase, message received light and ring adjust.

67 A 7911 LS—Mfr's. Warranty.* Ship. wt. 12 lbs. 199.95

(B) NEW! Phone-Mate 900 gives answerer service at an affordable price!

FEATURES: Dual tape system—outgoing announcement and incoming calls are on separate tapes. Easy to operate—a single knob controls message recording, playback and rewind. Records up to 30, half-minute calls. Message received and power on lights. Mfr's. Warranty.*

67 A 7928 LS—Ship. wt. 6 lbs. 99.95

(C) Phone-Mate 910 takes up to 120, 30-sec. messages (60 on each side of tape).

FEATURES: Twin cassette tapes, 20-sec. outgoing announcement, "announce only", fast forward and rapid erase. Message waiting-light and ring adjust.

67 A 7909 LS—Mfr's. Warranty.* Ship. wt. 7 lbs. 149.95

PHONE-MATE 925 (not shown). Like model #910 above but includes the remote message playback capability of model #930 (A) above. Mfr's. Warranty.*

67 A 7903 LS—Ship. wt. 8 lbs. 239.95

D Code-A-Phone® Remote Command Message Center gives you both a phone answerer and a pushbutton telephone in a single unit; plus remote message retrieval.

OPERATION: Phone is always "on"; turn the answering system on or off as you need it. You can always make outgoing calls. Convenient pushbutton dialing can be used on any private-line phone system, even rotary dial systems. Instant redialing feature stores your last number called and redials it at a touch of a button.

FEATURES: Answers with your announcement of up to 20 sec.; records twenty, 30-sec. messages. Call counter, rapid rewind and fast forward to locate messages. Call screening lets you hear caller and decide to answer or let machine record. Answerer "on" light flashes when a message is waiting. Pleasant electronic ringer. Ring adjust. 8½x11½x4¼ in. 120-v. AC. UL listed.

67 A 7931 LS—Mfr's. Warranty.* Ship. wt. 8 lbs. 349.95

E The Memory Phone® by Code-A-Phone remembers your frequently called or emergency numbers for instant dialing, anytime. Hands-free dialing—just touch a button; you don't even have to pick up the receiver until your party answers. No installation required—just plug in to any modular jack. No special service required, operates on both standard rotary dial and pushbutton systems.

FEATURES: Store up to 16 numbers—just set to "record", assign a button and dial the number you want to enter; it's there until you want to change it. Redial memory—if you get a busy signal, Memory Phone will automatically redial the last number called at a touch of a button. Stores numbers of up to 15 digits for long distance. PBX, PABX systems. 3⅝x8x9 in. 120-v, AC.

67 A 24665—UL listed. Mfr's. Warranty.* Ship. wt. 3 lbs. 199.95

F GTE Flip-Phone™—pushbutton ease, yet can be used with regular rotary-dial service. No special installation required.

FEATURES: Mouthpiece flips open when phone is lifted. Electronic ringer has on/off switch. Almond color. Mfr's. Warranty.*

67 A 24255—Ship. wt. 8 oz. 48.99

GTE Flip-Phone. Same as (F) above but in brown color.

67 A 24455—Mfr's. Warranty.* Ship. wt. 8 oz. 48.99

G New! Muraphone® Cordless Extension Phone. No more hanging around the phone waiting for a call!

FEATURES: Muraphone goes where you go. The remote unit lets you answer your phone from up to 200-400 ft. away from base station plugged into the home phone jack. A tone signal from the lightweight portable unit lets you know phone is ringing. Simply extend the antenna and press the talk button to answer from wherever you are. (This is an "answer" only system—not for "placing" calls.) If someone in the house answers the phone and it's for you, they can press the base station intercom button and tell you who's calling. Accept the call or not as you wish without the incoming caller hearing the intercom conversation. The base station has a privacy button disconnecting the remote unit from the home phone to prevent unwanted "listening in." System plugs easily into a standard home phone jack. Remote answerer is battery-powered and is rechargeable at the base unit. Runs 12 to 15 hours on a single charge. 120-v., AC. UL listed. Mfr's. Warranty.* From Japan.

67 A 24705—Ship. wt. 3 lbs. 89.99

H Talk from room to room, upstairs to downstairs on our FM wireless intercom.

FEATURES: Lock button holds "on" position—great for listening in on nursery. 2 separate channels for 3 or 4-unit use. Volume control. Plugs easily into AC outlet—no special wiring needed. Use 2 or more units. UL listed.

67 A 7948*—Japan. Ship. wt. 1 lb. 6 oz. . . . . ea. 29.95; 3 or more, ea. 28.50

***Write for your free copy of Manufacturer's warranty, see page 605.**

How to connect phone answering equipment

These telephone answering machines conform to FCC requirements for plug-in connection to Telephone Company extension jacks. Plug them directly into a modular telephone jack (if you have 4-prong jacks, order single-prong adapter on this page). Separate jacks are needed for answering machine and telephone, unless "T" adapter is used; order "T" adapter at right. Not for use on party lines.

The Continental Collection

I "Pillow Talk" flaunts a French horn receiver on a curved base. Pure white with gold-tone fittings; cameo dial insert. 7 in. high. Korea.

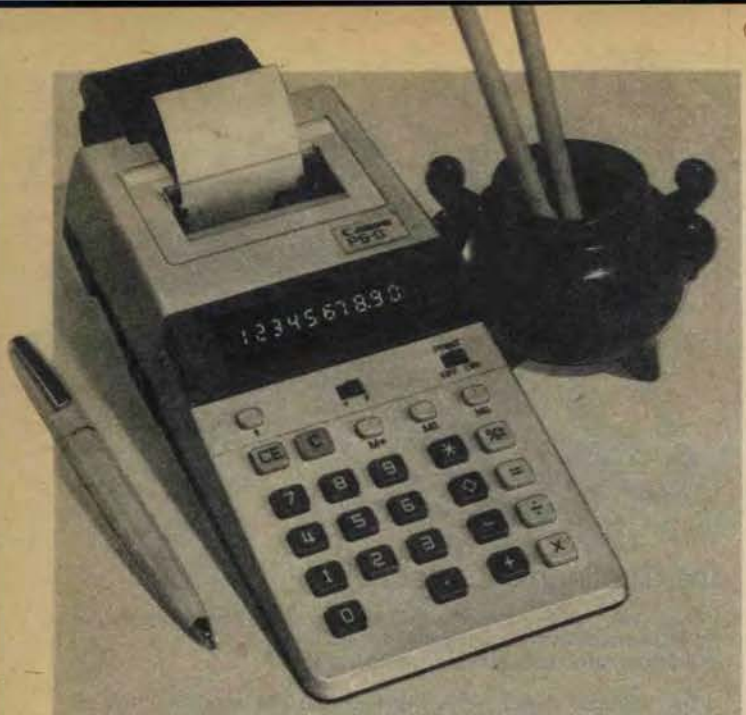
Adapters for easy installation

N Adapter converts 4-hole jack outlet to accept modular single-prong plug.

67 A 11215—Ship. wt. 4 oz. 3.99

25-FT. TELEPHONE EXTENSION CORD (not shown) with modular jack and plug.

67 A 11185—Ship. wt. 10 oz. 8.99



O "T" jack adapter converts modular jack outlet to two, to plug in both answerer and phone. Eliminates need for separate jacks.

67 A 11235—Ship. wt. 4 oz. 5.99

†NOTICE: A Federal Communications Commission ruling allows you to purchase and plug in registered telephones. Phone company installation is not required if you have standard phone jacks. The phone company cannot charge a monthly rental fee for the phones you own. They can charge monthly for jacks, home wiring, phone company equipment or other services according to local regulations. If you have no phone jacks, the phone company will install them at the normal fee. If you have phone jacks and need an adapter, see listing above. These phones are not for use on party lines.

Desk-top printer calculators

Canon P5D sub-compact display/printer—use it on desk or table—or carry it to work, school or home. Use display alone or with printer when you want a permanent record.

BASIC FEATURES: Addition, subtraction, multiplication, division, percentages, add-on and discount. Repeat calculations: add and subtract. Uses plain paper tape.

SPECIAL FEATURES: 3-key memory. Full 10-digit print-out, 10-digit display. Decimal: select Add-mode or floating. Automatic constants in multiplication or division. (% ±) key for percentage calculations. Power and reciprocal calculations. Non-print switch lets you use display only.

SIZE: Approx. 3.5x8.8x1.3 inches. Actual weight 17 oz.

POWER SOURCE: Operates on built-in rechargeable nickel-cadmium batteries (included). Charger, 3 rolls paper tape included. Order #6959 tape refills on facing page. Mfr.'s warranty.*

67 A 6909 LS—From Japan. Ship. wt. 2 lbs. 64.97

A Toshiba display/printer displays and prints a full 12 digits.

MEMORY: 4-key addressable; recall, add, subtract, clear data.

KEYBOARD: Full buffered memory keyboard—you can't overrun machine.

Montgomery Ward warrants this electronic calculator against defects and will repair any defect free for parts or labor for one year from date of purchase.

For warranty service return calculator with required evidence of date of purchase to any Montgomery Ward branch. For location of nearest branch consult phone directory or write National Customer Relations Manager, Montgomery Ward & Co., One Montgomery Ward Plaza, Chicago, IL 60671.

This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

3-M office copiers

- 3-M copiers produce sharp, dry copies in black and white. Copies from any kind of original—pen, pencil, photographs, half-tones and colors!
- Completely dry electric operation with a simple 2-step copy process. No fussing with messy liquids or toners!

C
329.95
"217" copier

A
"149" copier 99.95

B
"051" copier
209.95

A COPY CAPACITY: New 3-M "149" copier for less than 50 copies per month. Built-in device eliminates excess heat and automatically shuts off lamps if heat builds up (after abt. 6 copies)—resets machine in about 5 minutes. Makes high-quality 8½x11-inch copies.
OPERATION: Warm-up time: 3 minutes. Exposure time at normal setting: 30 seconds. Exposure dial controls darkness of copies.
CONSTRUCTION: Hinged top; 2-tone grey plastic housing. Uses two 220-watt, 120-volt lamps. About 14⅛x11⅛x6⅝ in. 110-120v, 60 cycle, AC. UL listed. Manufacturer's Warranty*.
67 A 8597 AS—Ship. wt. 8 lbs. 99.95

B COPY CAPACITY: 3-M "051" copier is for you if you make 50 to 150 copies per month. Makes 10 continuous copies, then shuts off to prevent overheating. Copies on both standard 8½x11-inch and legal-size 8½x14-inch paper.
OPERATION: Warm-up time: 3 minutes. Exposure time at normal setting: 20 seconds (exposure time can be set from 0 to 40 seconds).
CONSTRUCTION: Hinged, removable top for copying from books, maps, blueprints, etc. Uses two 375-watt photo flood bulbs. Compact: abt. 18½x12½x5½ in. 110-120v, 60 cycle, AC. 6.5 amps. UL listed. Manufacturer's Warranty*.
67 A 8595 AS—Ship. wt. 22 lbs. 209.95

1.6, 2.0, 2.6-cu. ft. floor safes

These safes passed two rugged tests to prove protection from fire damage, plus impact and explosion. Interior locking compartment gives you additional security for your important documents, valuable papers even when the main door is open.

WARDS BEST

359.95 2.6 cu. ft.

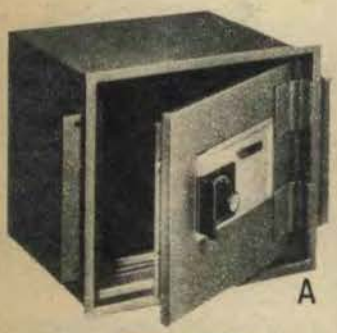
FIRE PROTECTION FEATURES: Rated UL class 350°/one hour. Passed both the fire endurance test (safe was placed in a furnace for 1 hour in heat up to 1700°F—interior temperature did not exceed 350°F) and the combined impact and explosion test (safe was placed in a 2000°F furnace for ½ hour, removed and hoisted 30 ft. and dropped. After cooling, it was reheated to 1500°F for ½ hour with no internal explosion or loss). Safe walls are 1⅜ to 1⅞ in. thick with a 2½-in. thick door—Thermocel® insulation protects against heat damage.

GUARDS AGAINST THEFT: Relocking device automatically locks door if someone tampers with combination dial. 5 locking bolts protrude from door to prevent opening even if the hinges are removed. Lock is mounted on a heavy steel plate. Special Vue-Gard® dial has numbers visible only from the top so no one but the person opening safe sees the combination. Beige finish.

2.6-CUBIC FOOT SAFE: Has removable casters to roll safe easily to its location for permanent installation. Has interior index file drawer. Inside is 20x15x15 inches deep. Outside is 27⅜ in. high, 19⅜ in. wide, 21⅛ in. deep.
67 A 9046 R—Ship. wt. 240 lbs. 359.95

2.0-CUBIC FOOT SAFE: Has same features as above, but interior is about 12½ in. high, 15 in. wide, 18 inches deep.
67 A 9042 R—Ship. wt. 215 lbs. 234.95

1.6-CUBIC FOOT SAFE: A smaller version of safes above. Interior is 13½x16⅞x12 in. deep. Exterior is 17⅞x24⅛x18⅛ in. deep.
67 A 9041 R—Ship. wt. 185 lbs. 199.95



Five locking bolts | 2.5-inch thick door | Vue-Gard® dial | Handle latching door | Removable casters

1-cu. ft. floor safe 159.95

Fire, theft protection features as above.

CONSTRUCTION: No interior locking compartment. Interior about 12½x15x9½ in. deep. Exterior, 16⅞x22¼x15⅝ in. deep.
67 A 9017 R—Ship. wt. 145 lbs. 159.95

Digital blood pressure and pulse monitor

Digital readout shows both systolic and diastolic pressure plus your pulse beat. No stethoscope is needed—so you can take your pressure yourself. Handy carrying case lets you take monitor anywhere.

$140

OPERATING INFORMATION: Take your blood pressure and pulse rate quickly and easily. Compact battery-operated monitor is easy to use. (1) No stethoscope necessary. (2) No valve to turn—air automatically deflates from cuff. (3) Separate systolic and diastolic blood pressure readings displayed in large LED digital readout. (4) Average pulse rate per minute determined and displayed automatically. (5) Low power requirement for hours of reliable service.

CONSTRUCTION: Plastic unit, about 6⅛x3⅛x2¼ in. high. Smart portable carrying case. Four "AA" batteries and instructions included. From Japan. Manufacturer's Warranty.*

53 A 21176—Ship. wt. 3 lbs. 140.00

53 A 21177—Optional AC adapter. Ship. wt. 1 lb. 9.99

Blood pressure monitors let you check yourself

A Electronic home blood pressure kit is so compact it fits in desk drawer or attaché case.

CONSTRUCTION: Chrome-plated chest piece, binaurals.

53 A 21160—From Japan. Ship. wt. 6 oz. 4.99

*Write for a free copy of Manufacturer's Warranty, see pg. 605.

Important reasons why you should own a blood pressure monitor.

As many as 23 million people in the U.S. may suffer from high blood pressure, a major cause of death through heart attack and stroke. Most of them are not aware of the disease since it is a silent killer often with no characteristic symptoms, so it is difficult to detect. However, high blood pressure can be caught and treated through regular visits to your doctor and adherence to his advice. Many doctors recommend checking your blood pressure at home since normal pressure can vary—decreasing during sleep, increasing during physical exercise or emotional excitement (even during a doctor visit). Keep a constant record by using an accurate and dependable instrument. Frequent readings can be an aid in determining the presence or seriousness of any hypertension problem.

Moisture and heat help soothe

A-D Humidifiers and vaporizers promote comfort. UL listed. 120 V., AC.

(A) Cool-mist vaporizer/humidifier.

This warranty gives you specific legal rights and you may also have other rights which vary from state to state.

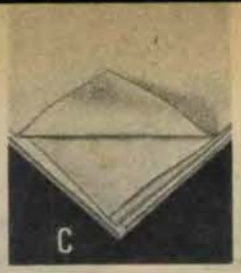
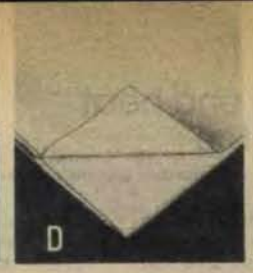
Air Purifiers



Wet Guard Alarm awakens bed wetter when foil pad "feels" first drops of moisture



BASIC OPERATION: Buzzer alarm awakens bed-wetter as the first drops of moisture are sensed on foil pad. Foil pad goes on bed in the wetting zone; cover with an ordinary sheet. Wire connects foil pad to buzzer unit. Battery operated unit cannot shock. Approved by doctors for children ages three or older. This unit not recommended for persons with organic disorders. Progress chart, battery and instructions are included.

A Deluxe Wet Guard includes unit with buzzer, light, batteries, 1 separating sheet, 4 bed packs, each with 2 foil pads. Adj. volume.
53 A 21531—Shipping weight 6 lbs. 9 oz. **49.99**

B Standard Wet Guard includes unit with buzzer only, battery and 2 bed packs, each with 2 foil pads.
53 A 21530—Shipping weight 3 lbs. 14 oz. **29.99**

REPLACEMENT KIT of 2 foil pads.
53 A 21532—Shipping weight 1 lb. 2 oz. **5.99**

Waterproof bedding saves you work

Hood-style trusses—for firm, direct support

- **Strong support for single or double hard-to-hold hernia**
- **Dummy pad included adapts truss for single rupture**
- **Padded spring-tension steel sides apply correct pressure**

A CONSTRUCTION: Wards best hood-style truss gives the extra support needed to enjoy sports and strenuous activities in comfort. Wide no-roll elastic back section allows for action room, keeps truss secure without binding. Front opening makes putting on and adjusting truss easier. Cushioned steel sides with Nu-skin covered pads.
SIZES: 324 (fits 32-34 in. hips), 368 (fits 36-38 in.), 402 (fits 40-42 in.). See "How to order," below.
Z53 A 21603—*State size code.* Ship. wt. 1 lb. 5 oz. **27.99**

B CONSTRUCTION: Economy hood-style truss provides adequate support for moderate exercise or activities. Leather strap opening in back is adjustable. Spring-tension steel sides and adjustable pads lightly padded, covered with Nu-skin.
SIZES: 324 (fits 32-34 in. hips), 368 (fits 36-38 in.), 402 (fits 40-42 in.). See "How to order."
Z53 A 21601—*State size code.* Ship. wt. 1 lb. 4 oz. **19.99**

HOW TO ORDER YOUR TRUSS

Consult physician for type of truss. To measure hip size, stand relaxed. Place tape close to skin snugly, not tightly, in line with the rupture spot—slightly higher in back (see sketch). This gives even hip size. If odd number of inches, order next smaller size. On numbers (1)—(5), for hip sizes 32-34 inches, *state size code 324 on your order.* For hip sizes 36-38 inches, *state size code 368.* For hip sizes 40-42 inches, *state size code 402.*

Trusses for correct, comfortable fit

C CONSTRUCTION: Elastic scrotal truss for hard-to-hold hernias. Wide lined elastic band fits snugly, won't bind. Nu-skin covered pad; two adjustable side straps. Cloth understrap. See "How to order" below.

Medicare can pay up to 80% of the

Wards all metal wheelchairs afford the greatest comfort and convenience . . . maximize the patient's independence in cases of long term convalescence.

A, E-I CONSTRUCTION: Single-cross frames of strong, chromed tubular steel have more torsion for better movement on uneven surfaces and easier folding. 24-in. drive wheels and 8-in. swivel fork front wheels (except (I)) roll easily with ball bearing action. 1-in. no-mark rubber tires won't scuff floors. Removable aluminum footrests (except (I)) fold up out of the way and adjust 13-20 in. from seat. Metal skirtguards prevent skirt or coattails from tangling in wheels or getting soiled. Dual toggle brakes hold chair securely in park and can be set with either hand. Sling-style cloth-backed vinyl upholstery cleans with a wipe. Rubber-tipped foot levers at back aid attendant in maneuvering chair over curbs, steps. Vinyl-covered armrests give greater sitting comfort. Chairs fold for transport or storage.

E Semi-reclining wheelchair allows patient to move about comfortably in raised or lowered position. See "construction" above.
FEATURES: Can be reclined with graded increments from 90-45° angle by the patient. Armrests relocate when chair is reclined. Chair transfers weight off buttocks to avoid skin breakdown. Removable head extension adds 13-in. to height. Seat is 16½x16 in. deep. Folds to 11 in. Actual chair wt. 57 lbs.
53 A 20936 R—Ship. wt. 67 lbs. 289.99

F Lightweight wheelchair is easy to put in car trunk and carry. See "construction" above.
FEATURES: Constructed of lightweight, high-quality materials for the maximum strength with minimum weight. Seat is 18 x 16 in. deep. Chair folds compactly to only 10¼-in. Actual chair wt. 42 lbs.
53 A 20938 R—Ship. wt. 49 lbs. 249.99

G Front wheel drive wheelchair has wheels positioned up front for the easiest self-movement. See "construction" above.
FEATURES: Built to enable individuals with limited range of motion to propel themselves without reaching backward—excellent for arthritic patients. Overall length is shorter than other wheelchairs. Requires one foot less turning space. Seat is 18 x 16 in. deep. Folds to 11 inches. Actual chair wt. 45 lbs.
53 A 20939 R—Ship. wt. 53 lbs. 189.99

53 A 20912 R—Ship. wt. 38 lbs. 169.99

Explanation of Durable Goods

Durable goods, on pages 594, 596, 597, fall into 3 categories: (1) Equipment that can withstand repeated use, (2) is primarily used to serve a medical purpose and (3) generally is not useful to a person in the absence of an illness or injury, i.e., hospital beds, wheelchairs, walkers, canes. Medicare can pay up to 80% of purchase cost of such equipment when prescribed by a doctor (under those conditions as established by Medicare, a federal program administered by the Social Security Administration, part of the U.S. Department of Health, Education, and Welfare). For more specific definitions of the terms above and for official answers to Medicare-oriented questions, contact your local Social Security Office.

It's easy to shop from Wards Catalogs!

Here's helpful information about catalog ordering

Three Easy Ways to Place Your Order...

By phone—This is by far the fastest way to order. Your telephone salesperson will be able to speed your order on its way, and answer any questions regarding shipping methods and charges. See pages 600, 601 for the number of the Wards Store nearest you.

In person—You can order in person at a Wards Catalog Merchandise Distribution Center, Catalog Store, Sales Agency or Catalog Department in a Wards Store. Our friendly salespeople are there to help you. Many Wards Stores have samples of merchandise on display, helpful swatchbooks for draperies and slipcovers, paint color cards, and all Wards current catalogs for reference.

By mail—If you prefer to mail in your order, use the handy order blank on page 604. Be sure to complete all necessary information, and always order under the same name, regardless of which family member places the order. *For more information on ordering by mail, refer to pages 602, 603.*

Method of Payment...

Wards Charg-all, Visa, Master Charge—On all charge card orders, tax and shipping charges are figured automatically, and added to your account. Just give your Charg-all card number or your Visa or Master Charge number to your salesperson when you order. If you order by mail, be sure to indicate which credit card your purchase should be charged to, including your account number and signature in the appropriate section of the order blank. If you are using either Visa or Master Charge, also indicate the expiration date in the appropriate area. Additional information regarding Wards Charg-all and a Charg-all application can be found on pages 606-609.

Cash—If you order by mail be sure to include an amount sufficient to cover the total cost of merchandise, tax and any shipping charges (see information and rates on pages 602, 603). Payments should be made by check or money order, payable to Montgomery Ward. Do not send currency, coins or stamps. If you send too much money we will send you a refund draft for the difference. If you do not send enough money, we will contact you or bill you for small amounts. *Wards does not accept C.O.D. orders.*

Receiving Your Merchandise...

No matter how you place your order, there are a number of ways to receive your merchandise:

Wards Catalog Merchandise Distribution Center Pick-Up—If you live near a Wards Catalog Distribution Center (see address on back cover), you can save the cost of transportation and handling charges by picking up your order there. Just tell your salesperson you wish to do so when placing your order.

Local Wards Store Pick-Up—You may have your merchandise shipped to a nearby Wards Catalog Store, Sales Agency or Catalog Desk in a Wards Store. The transportation and handling charges for these orders may be lower than if you have the merchandise delivered to your home. Please ask your salesperson for an estimate of the charges for your order (the rates on page 602 do not apply).

Home Delivery—You may have your merchandise shipped to your home or to another address you specify. Depending on your location and the type of merchandise, your order may be delivered by parcel post, a non-Wards truck line (common carrier), United Parcel Service, or by a Wards delivery truck. Please specify a street address or rural route number as United Parcel Service and other truck lines do not deliver to post office box addresses. Please ask your salesperson for an estimate of the transportation and handling charges on home delivery orders, if you order by mail, refer to pages 602, 603 for additional information. Wards will always attempt to ship your merchandise in the most economical way. If you have a preference, please tell your salesperson. No C.O.D. orders accepted.

Factory Shipments...

Some items are shipped directly from a factory to your home or local Wards Store. The description of a factory-ship item in the catalog will tell if you pay transportation and handling charges from the factory. If the catalog does not give the location of the factory, you pay transportation and handling from the location shown on the back cover. Factory shipments may save you money on transportation and handling charges if the factory is nearer your home or local Wards Store than Wards Catalog Merchandise Distribution Center.

Delivery Time Information...

Some items in this catalog are shipped to you from a factory location or transferred from another Catalog Merchandise Distribution Center, and may therefore require a longer delivery time than you would normally expect. In each such instance Wards specifies, on the page where the merchandise is sold, the approximate number of days to achieve delivery. Wards will make every effort to insure that you receive your merchandise within the number of days stated in the catalog, but in some cases it may require up to 30 days for your order to be *shipped.*

Shipping Weights...

The shipping weight shown in the description of each item sold in this catalog is estimated. The weight of your actual order may vary from the shipping weight shown as a result of actual packaging materials used, size of item ordered, or in some cases, errors in estimating.

The shipping weight shown in the description of each item of apparel is no greater than the weight of the average size.

Worldwide Shipping...

Wards will ship your order anywhere in the U.S. This makes it very easy for you to send gifts to your friends and family around the country. If you shop by phone or in person, just tell the salesperson where you want the order sent. If you shop by mail, just fill in the "Ship to Another Address" section of the order blank. You'll save time and transportation and handling charges because we'll ship from the Wards Catalog Merchandise Distribution Center nearest the destination.

Wards will ship your order to many foreign countries. Our competent export staff will take care of transportation and handling, insurance, packing, crating, routing and documentation of overseas shipments. Just let us know where you want the order to go, and we'll ship it the best way. Ask your salesperson for an estimate of the shipping charges and upon payment, Wards will take care of the rest. We'll return any money not needed for actual shipping costs. Allow enough time for an overseas shipment. It may take from 30 to 60 days to reach certain foreign countries after the order is approved and accepted for shipment.

SPECIAL NOTE: There are a few items that Wards is not allowed to ship and which some foreign countries restrict. Contact your nearest Wards location for the necessary information. Also, if there is any duty that is due on a purchase, it must be paid by the person receiving the order.

Wards will ship your order to any military address (APO/FPO). To keep the cost down for our customers we use two methods (allow for 2nd zone transportation and handling charges):

SPACE AVAILABLE MAIL (SAM) allows packages weighing 15 lbs. or less and not exceeding 60 inches in length plus girth to be sent by air transport at surface rates.

AIRLIFT MILITARY PARCELS (PAL) allows parcels weighing 30 lbs. or less and not exceeding 60 inches in length plus girth to be sent by airlift service at surface rates plus $1.00.

Returning Merchandise to Wards...

When it is necessary to return merchandise by mail, please enclose all papers received with your order. Also enclose a letter telling us why you are returning the goods and whether you want a refund or exchange. If you want credit applied to your Charg-all account, give your account number and the location of the Wards Store that carries your account.

Wrap and tie the package securely, using the carton in which the item was received (if possible). Print plainly: Montgomery Ward & Co., plus the address shown on the back cover of this catalog. Show your return address in the upper left corner, printing the word "from" before your name. Place postage stamps on the package according to weight and zone, plus a first class postage stamp for the letter enclosed. (Write "First Class Mail Enclosed" under the postage.) For returns that are non-mailable please call or write us first and we will tell you the best way to ship.

If You Change Your Address...

If you should change your permanent address, please let us know so you can continue to receive your Wards Catalogs. Send us a note with your *old* and *new* address, or just fill in boxes #1 and #2 on any Wards order blank (see page 604). If you shop by phone or in person, just tell the salesperson that you have a new address.

Transportation and Handling Charges

Prices shown in Wards Catalogs do not include charges for transportation and handling unless otherwise stated. The rates shown on this page will help you estimate the delivery charges for mailable and non-mailable items that are shipped to your home via Parcel Post, United Parcel Service or a non-Wards truck line. You do not pay any transportation and handling charges on orders you pick up at Wards Catalog Merchandise Distribution Center (see address on back cover).

The rates on this page do not apply to orders that you pick up at a local Wards Store or Agency, or to orders delivered via Wards Home Delivery Service. Ask your salesperson to give you an estimate of the charges for these orders.

How to Estimate Delivery Charges on Mailable Items...

Determine your parcel zone by using the chart below left. Locate your state and then the first 3 digits of your Zip Code to find your parcel zone number. Use the table below right to estimate charges for each item or group of items. Items whose catalog numbers end in **L, M, A, MM, AA, T, K,** and **Y** are packed separately—figure charges on each *individual* item. Group all fashion items (depts. 2 through 9) together—figure charges for the total weight of this group. All remaining items may be grouped together—charges may be figured on the total weight of this group. Add up the individual costs to arrive at the grand total of estimated charges for your entire order. Always count extra ounces as one pound. Include enough money with your order to cover these charges—we will refund any excess. Remember, on Wards Charg-all orders, we do this figuring for you and include the delivery charges on your monthly statement.

How to Estimate Delivery Charges on Non-Mailable Items...

Items whose catalog numbers end in **R** or **F** are not mailable and must be sent by truck. Items whose catalog numbers end in **A** are not mailable to first class post offices (except rural routes) and may be shipped via United Parcel Service or other parcel carriers where regulations permit. Where regulations do not permit, they must be sent by truck.

Use the table at the right to estimate the delivery charges on non-mailable items. On certain large orders of building materials, fencing, plumbing supplies, tires, and similar items, charges are generally lower than those shown in the table. Charges are generally higher for large, bulky items such as boats or furniture. Contact a local trucking company for a more accurate estimate of the charges.

There is no uniformity as to type of delivery service: there is doorstep delivery in some areas, sidewalk delivery in others, while some truck companies request that orders be picked up at their freight terminals. Let Wards specify the best routing for your order. If you are near a Wards Store or Agency, there may be a substantial savings if you take delivery at that location. If this is desired, specify "will call at (store location)" when you order, and call Wards for an estimate of the delivery charges.

In certain large, metropolitan areas, Wards Home Delivery trucks or special parcel carriers will deliver orders directly to your home. A moderate delivery and handling charge is added to your bill. The rates on this page are not applicable. Call Wards for an estimate of the charges for these orders.

Shipping Weight of Order	100 Miles	150 Miles	300 Miles	450 Miles	900 Miles
1 to 5 lbs.	$17.96	$17.96	$18.75	$22.45	$25.09
6 to 25 lbs.	17.96	17.96	18.75	22.45	25.09
26 to 75 lbs.	17.96	17.96	18.75	22.45	25.09
76 to 100 lbs.	17.96	17.96	18.75	22.45	25.09
101 to 150 lbs.	17.96	17.96	18.75	22.45	28.70
151 to 200 lbs.	17.96	18.98	23.26	29.80	38.26
201 to 250 lbs.	20.94	23.72	29.08	37.26	47.83
251 to 300 lbs.	25.12	28.46	34.89	44.69	57.39
301 to 400 lbs.	33.51	37.94	46.52	59.59	76.52
401 to 500 lbs.	34.96	40.42	50.58	66.69	84.93
501 to 600 lbs.	42.38	48.51	60.69	80.03	101.92
601 to 700 lbs.	48.96	56.58	70.81	93.36	119.99
701 to 800 lbs.	55.96	64.67	80.92	106.70	137.14

Estimated charges based on public carrier tariffs and subject to change without notice.
Truck lines are now assessing a fuel surcharge in addition to published tariff rates.

NOTE: Items weighing less than 15 lbs. which measure over 84 inches in length plus girth take the 15-lb. rate.

How to Shop by Mail

Filling in the Order Blank...

We'll be able to give you the fastest service if you carefully fill in each space on the order blank (found on page 604). Here are some essentials:

1. Clearly print your full name, street address and phone number in section #1. Orders shipped via United Parcel Service or other truck lines cannot be delivered to post office box addresses. Always use the same name when ordering, regardless of which family member places the order.

2. Be sure you have indicated how you are paying for your order in the "Method of Payment" section. If you are paying by check or money order, it should be payable to Montgomery Ward.

3. Wards will send any merchandise you order directly to any address in the United States, and many foreign countries. Just fill in the "Ship to Another Address" section of the order blank, we'll do the rest. You'll save time, and transportation and handling charges will probably be lower because we'll ship from Wards Catalog Merchandise Distribution Center nearest the destination.

4. *Carefully read the catalog description of each item you order to be sure you include correct information on the order blank.* Give complete information about the items your order...catalog number, quantity, name, color number (or other code), size, price for one, total price, shipping weight, and any special information needed to properly fill your order. Note: If an item is sold in "packages", write the number of packages you want in the "How Many" column of the order blank.

5. Total up your order. If you are using your Wards Charg-all account, we will figure the tax, transportation and handling charges for you and include them on your statement. On cash orders, you must add up the shipping weights of your items, and estimate the transportation and handling charges. The information on page 602 will help you do this. Be sure you include enough money to cover all tax and delivery charges. If you send too much, Wards will send you a refund draft for the excess. *Please do not send currency, coins or stamps as payment.*

Mailable and Non-Mailable Items...

In general the smaller, less bulky items in Wards Catalog are mailable and will be delivered to your home via parcel post or United Parcel Service where state regulations permit. Items of greater weight and size are usually not mailable and must be sent by truck. In most cases, your non-mailable orders will be delivered by a private trucking company (common carrier).

Suffix letters at the end of the catalog number and the catalog description of an item will help you determine whether an item is mailable or non-mailable. Read more about catalog suffix letters below and at the right. When estimating home delivery charges, be sure to use the appropriate rate chart as shown on page 602. If you have any questions, please call Wards—we'll be glad to help!

About C.O.D. Orders...

Wards does not ship C.O.D. orders via parcel post or truck companies because of the high fees that are charged for C.O.D. handling. Wards offers telephone shopping with Home Delivery Service in certain large, metropolitan areas. *The rates on page 602 do not apply to this service.* Please ask your Wards telephone salesperson for an estimate of these charges (see phone numbers on pages 600, 601).

Suffix Letters...

Some items in our catalogs have suffix letters that appear at the end of the catalog number (for example, 71 A 8920 **M** and L61 A 720 **MT**). These letters usually relate to shipping information, and will help you estimate the delivery charges for your order. Read the paragraphs at the right to learn what the various suffix letters mean.

What the Suffix Letters Mean...

M, L identify items that can be mailed or shipped via United Parcel Service where state regulations permit, but are too large or fragile to be sent with other merchandise. You will receive these items in individual packages.

A identifies an item that cannot be mailed to a first-class post office (except rural routes). It may be shipped via United Parcel Service or other parcel carrier where state regulations permit; where regulations do not permit, it must be sent by truck. If you do not know what class your post office is, call Wards.

K identifies an item that will be mailed from a factory to you.

P identifies a prepaid item. Wards pays the shipping cost (or postage) within the United States except to Alaska and Hawaii. For Alaska and Hawaii, Wards pays the shipping cost to the port of exit (or 4th zone postal charges) and bills the difference to you.

Y identifies an item that must be sent in an individual package because it requires special documentation by the Department of Transportation for safety in handling. Example: Auto Batteries.

R identifies an item shipped by truck from Wards Catalog Merchandise Distribution Center. See transportation and handling charges on page 602.

F identifies an item shipped by truck from a factory to you. The description of the item will tell you if you pay transportation and handling charges from the factory. If the location of the factory is not given, you pay charges from the address shown on the back cover of this catalog.

J identifies an item shipped by truck from Wards warehouse stock in either San Leandro, Calif., Franklin Park, Ill., Baltimore, Md., or Kansas City, Mo. You pay transportation and handling charges only from the address shown on the back cover of this catalog.

B, T identifies items that may be stocked at a Wards Catalog Merchandise Distribution Center other than the one from which you ordered. You pay transportation and handling charges only from the address shown on the back cover of this catalog (unless otherwise stated in the description of the item).

V identifies an item that is stocked only in Chicago. You pay transportation and handling charges only from the address shown on the back cover of this catalog.

NOTE: Catalog numbers with no suffix letters are mailable. Two or more suffix letters identify an item two ways. For example, "RP" identifies a prepaid item that must be shipped to you by truck.

C, D, E, G, H, S, and X do not apply to shipping information.

Find more helpful ordering information on page 599.

Satisfaction Guaranteed

At Wards, we believe a loyal customer is more important than an individual sale...we want to keep you satisfied so you'll keep coming back!

IF, WHEN YOU RECEIVE YOUR PURCHASE, you find that it is not completely satisfactory, return it. We will gladly exchange it, or if you prefer, refund the price and transportation and handling charges* you paid.
*within Continental United States

IF, AFTER YOU HAVE USED YOUR PURCHASE, you find that it is not completely satisfactory, simply let us know what is wrong. We will strive to assure your satisfaction by means of our special warranties or make an adjustment in cash, credit, exchange or repair.

MONTGOMERY WARD & COMPANY

You can order freely from this catalog with confidence that, if the item you order is on sale at that time in any of our regular sale catalogs, you will be charged the lower price.

Warranty Information

Certain items in this catalog are identified as having a warranty. Should you want a copy of a warranty for one of these items, simply write to Montgomery Ward, WARRANTY INFORMATION at the address shown on the back cover of this catalog. Be sure to clearly identify the item by name and catalog number.

At Wards we're listening...

To what you, as a customer, are saying.

And you are talking to us in many ways.

By what you buy, by where and how you shop, and by comments, praises and complaints you make to our people.

We're listening. We have to. So we can offer you the goods and services that keep pace with your changing needs.

So when you have a comment, let us hear it.

Talk to a salesperson, or your local store manager. Or, if you prefer, write us directly at the address shown on the back cover of this catalog.

You can be sure we'll listen—and act.

Get your FREE "How-To-Order" guide in Spanish

To help our Spanish-speaking customers order from all Wards catalogs, we have developed an illustrated booklet in Spanish. It contains practical ordering information about catalog shopping and services. Samples of what you'll find in this booklet are:

- The correct way to place a catalog order with examples in Spanish and a sample order blank
- Quick and easy-to-follow instructions on measuring and ordering (in standard and metric sizes)
- The right way to measure all types of clothing for every member of the family
- How to figure transportation and handling charges
- Plus fabric care instructions, decorating tips, Charge-all information, gift certificates and more.

This booklet is available free of charge. If you would like a copy, just stop by your local Wards Catalog Store, Catalog Sales Agency, or Catalog Desk at your retail store.

Obtenga su guía en español gratis de "como ordenar"

Para ayudar a nuestros clientes de habla hispana a ordenar de todos los catálogos Ward, hemos diseñado un manual en español ilustrado. Este contiene informaciones para ordenar prácticas acerca de servicios y compras de catálogo. Ejemplos de lo que usted encontrará en este manual son:

- El modo correcto de hacer un pedido de catálogo con ejemplos en español y una muestra de una hoja de pedido.
- Instrucciones rápidas y fáciles de seguir acerca de cómo medir y ordenar (en medidas uniformes y métricas).
- El modo correcto de medir todo tipo de vestimenta para cada miembro de la familia.
- Cómo calcular los gastos de transporte y tramitación, además de instrucciones acerca del tratamiento de telas, ideas para decoraciones, información sobre la cuenta de crédito "Charg-all", certificados de regalo y más.

Este manual está a su disposición gratuitamente. Si usted desea una copia, debe sólo pasar por el Centro de Distribución de Mercancía de Catálogo Wards, la Agencie de Ventas de Catálogo, o al Mostrador de Catálogos de la tienda en su zona.

RELAX...shopping at Wards is easy with Charg-all!

On any Catalog order, in any Wards Store – just say, "charge it," with Charg-all!

8 important reasons why you should have Charg-all...

1 Your Wards Charg-all is accepted at any Wards location nation-wide. And, it's good for virtually everything that Wards sells in all our Catalogs and Stores. There's no need to bother with checks or money orders, and no worries about carrying large amounts of cash.

2 You'll be able to take advantage of special sales at Wards. While Wards everyday prices are always low, we often have special sales with extra savings. Charg-all lets you shop these sales even if you're low on cash. You'll receive advance notice of many of these sales too, so you can be "first in line."

3 You'll receive special merchandise offers with your monthly statements. These selections, sent only to our preferred customers, will give you an excellent opportunity to s-t-r-e-t-c-h your shopping dollars.

4 There's no "middleman" involved in your Charg-all account. All of your credit transactions will be handled directly by the stores you know and trust. Only purchases you make from Wards and its affiliates will appear on your statement. If you have any questions, you call us directly for the answers.

5 You'll be able to budget your total payments more easily. Use your Charg-all account as a regular, "30-day" charge account, or you may spread payments over a period of time **(see complete credit terms on page 608)**. Payments greater than your minimum required payment are encouraged, and will benefit you by lowering your balance and finance charge.

6 On catalog orders, Wards figures the tax, transportation and handling charges automatically and includes them in the purchase price on your statement. That saves you time!

7 You'll be eligible to join the Montgomery Ward Auto Club. This is an exclusive club available only to Wards Charg-all customers. Full information will be provided when you receive your new Charg-all card. Or, if you already have an account, ask for details at your nearest Wards Store.

8 You may be eligible for Wards exclusive Credit Insurance Plan. Wards Charg-all Security Plan (CSP), now in effect in most states, will protect you against loss of income, death or dismemberment of you and your spouse, misuse of your lost or stolen Charg-all card and against burglary, damage or destruction of purchased Wards merchandise. Insurance is available only in those states where approved by law (details on page 609).

Apply for Charg-all today...use our new TOLL-FREE number! See opposite page.

Apply for Charg-all today ...it's easy!

Just mail us the application below, or stop in at the Wards Store nearest you and complete the application in person.

Montgomery Ward Charg-all Retail Installment Credit Agreement

The terms of this agreement apply in Minnesota. If you live in another state, a copy of the proper agreement for your state will be sent to you.

I agree to the following terms regarding all purchases made by me or by anyone else with my permission on my Montgomery Ward "Charg-all" credit card account:

1. Payment Schedule

For all purchases made on my "Charg-all" account, I have the choice of paying in full, or making partial payments of at least $10 per month as described on the following schedule. My payment must be received by Wards Credit Department within **30** days after the billing date shown on my monthly statement.

Wards Charg-all Monthly Payment Chart

Highest Account Balance	Minimum Monthly Payment	Highest Account Balance	Minimum Monthly Payment
Under $10.00	**Pay in Full**	$370.00	**$16.00**
$200.00	**$10.00**	410.00	**17.00**
220.00	**11.00**	440.00	**18.00**
240.00	**12.00**	470.00	**19.00**
260.00	**13.00**	500.00	**20.00**
290.00	**14.00**	over 500.00	**1/25** of highest account balance
330.00	**15.00**		

I understand that my monthly payment schedule will be based on the highest balance reached on my account rather than on my present account balance.

2. Finance Charges

I agree to pay a **finance charge** on the average daily balance of my account at a periodic rate of 1⅓% per month **(annual percentage rate of 16%)**. My "average daily balance" is the sum of the amounts I owe on each day of the billing period divided by the number of days in the billing period. The amount I owe on each day is the amount I owed on the previous day including upaid **finance charges,** minus any payments or credits made to my account that day, excluding my current months charges.

I agree to pay a minimum **finance charge** of 50¢ on balances in my account between $1.00 and $38.

If the new balance shown on my monthly statement is paid in full (using the sum of my payments and the credits issued by Wards) before my next billing date, I will pay no **finance charge** on that new balance. If the balance on my account at the end of any billing period is less than $1.00, there will be no **finance charge** added to my account during the following billing period.

3. Security Interest

Except for motor vehicle purchases, Wards will retain a purchase money security interest in consumer goods purchased under this agreement until the consumer goods and related **finance charges** are paid in full. Wards will not claim a security interest or other lien on any other property.

4. Responsibility for Payment

I agree to pay for purchases charged to my account by me or by any person authorized by me. If an authorized user signs this agreement, any such user will be obligated to pay the entire balance if I do not.

5. Application of Payments to Purchases

Payments will be applied first to unpaid insurance premiums, second to unpaid **finance charges,** and then to purchases in the order of purchase.

6. Collection

If I do not make payments according to the schedule in paragraph 1, Wards may require me to pay my full balance immediately. If Wards hires an attorney to collect my balance, I will pay reasonable attorney's fees and court costs as permitted by law.

7. Limitation or Termination of my Account

Wards has the right to close my account if I do not make my minimum account payments on time. If my account is closed, I will be required to pay the amount I owe Wards, and I will return my Charg-all credit card to Wards. I agree that Wards will place a limit on the amount of credit available to me and may raise or lower that limit at any time.

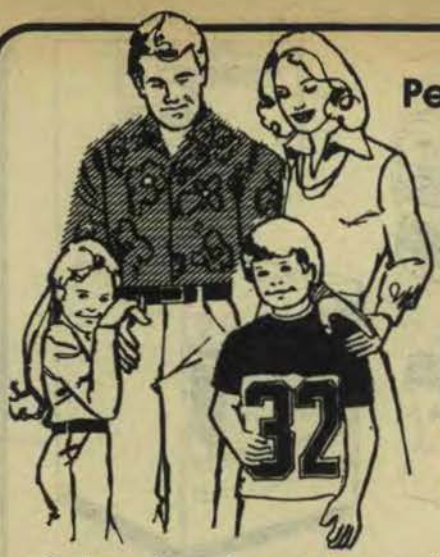
8. Changes in the Terms of my Account

Wards may change the terms of this agreement at any time. I will be notified in advance of any such changes as required by law. Any change in terms will be applied to my existing balance and future purchases. I agree that if I change my residence to another state, where Wards credit terms differ from those contained in this agreement, the credit terms used by Wards in that state will then apply to my existing balance and subsequent purchases.

9. Credit Reports

I agree that Wards may obtain information about me from credit reporting agencies and other creditors, as permitted by law. Wards credit information regarding me will be used for Wards own credit operations and for forwarding information about my account to credit reporting agencies and other creditors.

10. Special Merchandise and Service Offers



Wards or its affiliated companies may use Wards information about my credit account to send me special merchandise and service offers. This information will not be sold to any outside organization.

11. NOTICES TO THE BUYER

A. Do not sign this agreement before you read it or if it contains any blank spaces. B. You are entitled to a completely filled-in copy of this credit agreement. Keep it to protect your legal rights. C. You may pay the full balance on your account at any time. D. See page 609 for important information about your rights to dispute billing errors.

12. NOTICE REQUIRED BY FEDERAL REGULATION: "NOTICE: Any holder of this consumer credit contract is subject to all claims and defenses which the debtor could assert against the seller of the goods or services obtained pursuant hereto or with the proceeds hereof. Recovery hereunder by the debtor shall not exceed amounts paid by the debtor hereunder."

I agree to the terms of Wards "Charg-all" Agreement and I have been given or will be mailed a completed copy of this agreement.

Peace of mind for you, protection for your family –

Wards Charg-all Security Plan

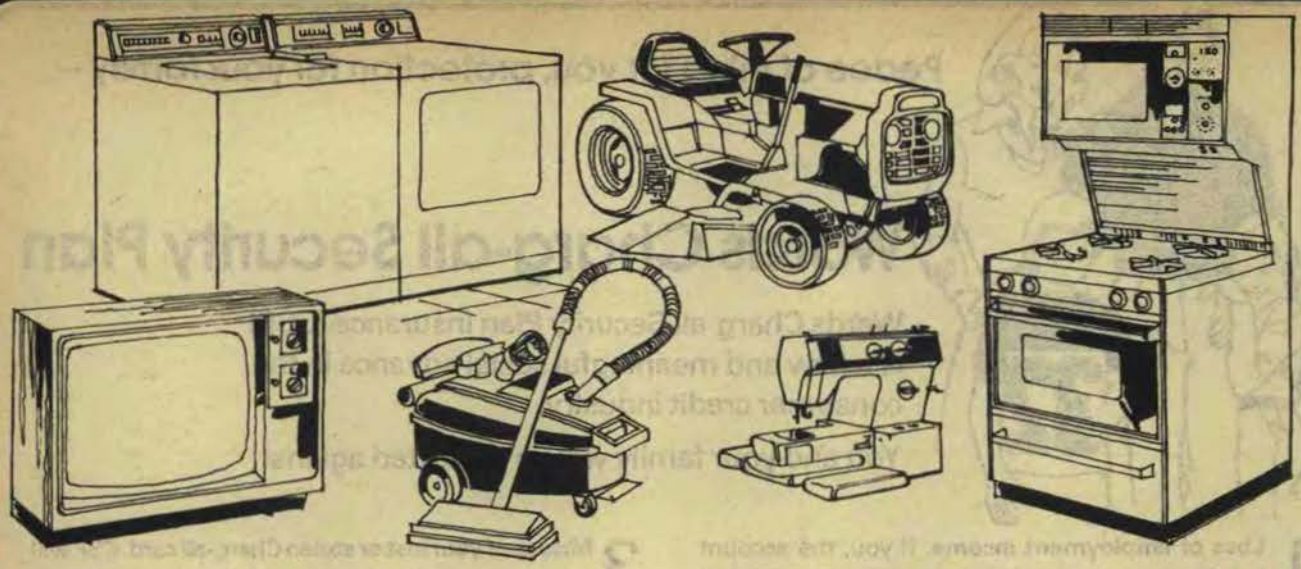
Wards Charg-all Security Plan Insurance (CSP) is a new and meaningful social advance in the consumer credit industry.

You and your family will be protected against:

1 **Loss of employment income.** If you, the account holder, lose your job income, Wards CSP will make your monthly Charg-all payments for up to 9 months because of involuntary job loss, strike or illness.

2 **Damage or destruction of your Wards merchandise.** Purchases charged to your Charg-all account which are taken by burglary, damaged or destroyed by fire, flood, collision, and other defined perils, will be repaired or replaced by CSP.

3 **Misuse of your lost or stolen Charg-all card.** CSP will pay any and all unauthorized charges for which you are liable. Under federal law your liability could be up to $50. *(By law, not available to Wisc. residents.)*



4 **Death or dismemberment.** If you or your spouse should die or suffer dismemberment from any cause before you, the account holder, reach age 66—**or after you are 66 in case of accidental death or dismemberment**—your account balance is paid in full up to $5,000 per account.

In Minnesota and Wisconsin, CSP coverage for property loss, as described in paragraph 2 above, is not authorized. In lieu thereof, coverage for loss of employment income, by making your monthly payments, will continue for the entire period of unemployment, up to the total balance on your account at the time of loss of employment income. CSP is authorized in Iowa, Mich., Minn., Mont., N.D., S.D., and Wisc. as of the printing of this catalog. To obtain the insurance protection applicable to your state of residence, read and sign the Insurance Agreement on page 607. Once you receive your individual insurance certificates, you'll still have 10 days in which to review them. If you want to change your mind, you're free to do so.

IN CASE OF ERRORS OR INQUIRIES ABOUT YOUR BILL

The Federal Truth in Lending Act requires prompt correction of billing mistakes.

1. If you want to preserve your rights under the Act, here's what to do if you think your bill is wrong or if you need more information about an item on your bill:
   a. Do not write on the bill. On a separate sheet of paper write (you may telephone your inquiry but **doing so will not preserve your rights under this law**) the following:
      i. Your name and account number (if any).
      ii. A description of the error and an explanation (to the extent you can explain) why you believe it is an error.
      If you only need more information, explain the item you are not sure about and, if you wish, ask for evidence of the charge such as a copy of the charge slip. Do not send in your copy of a sales slip or other document unless you have a duplicate copy for your records.
      iii. The dollar amount of the suspected error.
      iv. Any other information (such as your address) which you think will help us to identify you or the reason for your complaint or inquiry.
   b. Send your billing error notice to the address on your bill which is listed after the words: "Send Inquiries To":
      Mail it as soon as you can, but in any case, early enough to reach us within **60** days after the bill was mailed to you. If you have authorized your bank to automatically pay from your checking or savings account any credit card bills from that bank, you can stop or reverse payment on any amount you think is wrong by mailing your notice so we receive it within **16** days after the bill was sent to you. However, you do not have to meet this **16**-day deadline to get us to investigate your billing error claim.
      You may have more than the **60** days described above to notify us under your state's law. Failure to notify us within this **60**-day period may result in loss of your rights under federal law. Your rights under state law only become effective after this **60**-day period.
2. We must acknowledge all letters pointing out possible errors within **30** days of receipt, unless we are able to correct your bill during that **30** days. Within **90** days after receiving your letter, we must either correct the error or explain why we believe the bill was correct. Once we have explained the bill, we have no further obligation to you even though you still believe that there is an error, except as provided in paragraph 5 below.
3. After we have been notified, neither we nor an attorney nor a collection agency may send you collection letters or take other collection action with respect to the amount in dispute; but periodic statements may be sent to you, and the disputed amount can be applied against your credit limit. You cannot be threatened with damage to your credit rating or sued for the amount in question, nor can the disputed amount be reported to a credit bureau or to other creditors as delinquent until we have answered your inquiry. **However, you remain obligated to pay the parts of your bill not in dispute.**
4. If it is determined that we have made a mistake on your bill, you will not have to pay any finance charges on any disputed amount. If it turns out that we have not made an error, you may have to pay finance charges on the amount in dispute, and you will have to make up any missed minimum or required payments on the disputed amount. Unless you have agreed that your bill was correct, we must send you a written notification of what you owe; and if it is determined that we did make a mistake in billing the disputed amount, you must be given the time to pay which you normally are given to pay undisputed amounts before any finance charges or late payment charges on the disputed amount can be charged to you.
5. If our explanation does not satisfy you and you notify us **in writing within 10 days** after you receive our explanation that you still refuse to pay the disputed amount, we may report you to credit bureaus and other creditors and may pursue regular collection procedures. But we must also report that you think you do not owe the money, and we must let you know to whom such reports were made. Once the matter has been settled between you and Montgomery Ward, we must notify those to whom we reported you as delinquent of the subsequent resolution.
6. If we do not follow these rules, we're not allowed to collect the first **$50** of the disputed amount and finance charges, even if the bill turns out to be correct.
7. If you have a problem with property or services purchased with a credit card, you may have the right not to pay the remaining amount due on them, if you first try in good faith to return or give the merchant a chance to correct the problem.

Solve your service problems with a Wards Service Contract

You can buy service contracts for your Wards:

- Air Conditioner (central or window)
- Air Purifier (electric)
- Boiler
- CB Radio
- Dehumidifier
- Dishwasher
- Dryer (electric or gas)
- Electronic Filter
- Evaporative Cooler
- Floor Polisher
- Freezer
- Furnace
- Jet Fan (electric)
- Garage Door Opener
- Lawn Mower
- Microwave Oven
- Organ
- Outboard Motor
- Pinball Machine
- Power Edger
- Power Humidifier (sold only with a furnace contract)
- Power Lawn Vacuum Sweeper & Mulcher
- Range
- Refrigerator
- Riding Mower
- Scanners
- Sewing Machine
- Snow Thrower
- Space Heater (gas, electric, oil)
- Stereo System
- Trash Compactor
- TV Set
- Tiller or Tractor
- Vacuum Cleaner
- Wall Furnace
- Wall Heater
- Washer (automatic or wringer)
- Water Heater

Think of how many electrical and mechanical products you have in your home and use every day. Complex and precision instruments surround us, so the need for an adjustment or repair can sometimes pop up. That's why we offer you a Wards Service Contract: Once you own a Wards Service Contract, all you do is contact Montgomery Ward when you need service on the specified product. We'll provide all parts and service needed to keep it working right for the length of the contract under normal use.

Time and place of service—If you have a contract for home service, we'll come to your residence to repair the product. If you have a contract for shop service, you need only bring it to our store or service center for repairs and pick it up when they're completed.

If you have any questions about a Service Contract or need professional service on your Wards merchandise, *even if the warranty has expired,* you can be sure one of our trained service specialists will solve your problem. Just phone or visit your nearest Wards Store (phone numbers on pages 600, 601). Or write to the Catalog Customer Service Manager at the address on the back cover of this catalog.

Limitations—

This contract does not cover services needed because of: fire, flood, or other acts of God; theft; accidental damage; installation or re-installation; power failure or power reduction; interruption of gas service; abuse, neglect or unauthorized alterations; any other cause originating outside the product.

In-Shop Service Contracts available for portable merchandise. At-Home service is just a few pennies more per day.

Special booklets and catalogs...

In addition to Wards regular catalogs, we offer special booklets and catalogs that contain helpful hints on decorating, home repair, maintenance, and more. The list below refers to the pages that explain how to order these booklets. Many of them are also available at your Wards Store.

Ceramic Tile 821
Guttering 832
Iron Railings 831
Paint Color Cards 773, 780, 781, 782, 783, 784, 791
New Catalog Ordering Guide in Spanish 605
New "Furnishings" catalog See insert under front cover or page 618.

About large-quantity orders...

The merchandise offered in all of Wards Catalogs is stocked in quantities intended to accommodate only individual or family needs. Therefore, we reserve the right to limit quantities so that we may properly serve all our customers.

About large-quantity orders...

For information on commercial orders, contact
Ward's Contract Sales,
Montgomery Ward Plaza, 8B, Chicago, IL 60671.

Additional Energy Information...

For additional energy information concerning refrigerators, freezers, clothes washers, dish washers, water heaters, furnaces and room air conditioners, send name and *complete* catalog number of item desired to:

"Energy Guides" Merchandise Testing Lab
RD 5-5, Montgomery Ward Plaza
Chicago, IL 60671.

Gift-buying a problem?

A Wards Gift Certificate is the answer!

It's the ideal gift to give when you don't know what to get. Even the fussiest people can choose something they like from over 100,000 items that Wards sells. Gift certificates can be used nationwide, in any Wards Store, or when shopping from any Wards Catalog. Gift certificates come in denominations of $5, $10 and $25. Order them by phone (see pgs. 600, 601) or in person at your Wards Store. When ordering by mail, write "Gift Certificate" and the dollar amount in the "ITEM" column of the order blank on page 604.

Wards Compatible Color System

No more guesswork...

Color plays a very important role in giving our homes unique touches of individuality and mood. If you are unsure of your color sense, Wards 3-Digit Compatible Color System will help you select "go-together" colors for all the home furnishings you buy at Wards—sheets, bedspreads, towels, pictures, carpeting, tiles, draperies, wall coverings, furniture, paint, and more.

Here's how it works: every item is assigned a 3-digit color number and color name. Colors within the same 10-number range (for example, 190-199; 240-249; 270-279) will always be compatible.

Always go by the number...

Let's say you order a poppy red (#175) carpet from this catalog, and two years from now you wish to buy draperies that will coordinate. Just choose a color within the 170-179 range to be assured of color compatibility. The color names may have changed over the time to reflect modern day trends, but the number will always be a consistent guide.

Within the 10-number range the lower numbers (170-174) are lighter shades, and higher numbers (175-179) are darker. This works with any color range, and will keep on working for years to come.

Important Information on Fabric Care

Washability Terms

The following terms are based on tests performed on entire garments in Wards laboratories.

Washing Terms	Water Temperature	Explanation
Machine Wash, Hot	140°F	For garments with color fastness that can withstand higher temperatures, extra heavy washing.
Machine Wash, Warm	105°-120°F	For garments that may be washed in warm water on regular cycle.
Machine Wash, Warm; Delicate Cycle	105°-120°F	For garments that require washing with low speed agitation, shorter washing periods.
Machine Wash, Cold	Not over 75°F	For garments that best retain brightness when washed in cold water.
Hand Wash	Not over 75°F	See below.

Hand Wash. To prevent colors from bleeding, do not pre-soak brightly printed fabrics. If label reads hand wash separately, wash garment by itself in water temperature that does not exceed 150°F.

Drying Terms	Explanation
Tumble Dry, Hot	Garment may be machine dried on regular, automatic or timed dry setting.
Tumble Dry, Warm	Garment may be machine dried on low, medium or permanent press setting.
Tumble Dry, Cold (Fluff Dry)	Garment may be machine dried without heat.
Line Dry	Garment may be hung on line or hanger.
Dry Flat	Allow garment (primarily knit fabrics) to dry horizontally on a towel.

For best results, remove garments promptly when dried.

Resistance and Shrinkage Terms

Sunfast. Dyes have best resistance to sunfading in normal use. Color should not alter noticeably during the life of the fabric.

Sun Resistant. Dyes have resistance to sun-fading in normal use. There may be some fading with continual exposure to the sun.

Colorfast. Garment will not fade under normal washing, drying or dry cleaning conditions.

Water Resistant or Water Repellent. Fabrics will resist penetration of water and allow penetration of air.

Flame Resistance. Fabrics whose inherent properties provide flame resistance. They are not fireproof (as is asbestos) but are difficult to ignite and do not continue burning when the flame is removed. All flame resistant fabrics meet federal test standards.

Soil Release. Fabrics are chemically created to make it easier to wash out spots and stains.

Scotchgard® and Zepel®. Fabric finishes that make fabrics resistant to water and oil base stains.

Sanitized®. Garments are chemically treated to retard growth of bacteria and fungi in order to provide hygienic cleanliness and improved freshness.

Sanforized®. Shrinkage-controlled process for woven fabrics.

Sanfor-knit®. Shrinkage-controlled process for knit fabrics.

Preshrunk. Fabric shrinkage will generally not exceed 3%.

Unlabeled. If no shrinkage statement is attached to garment or fabric, shrinkage will not exceed 5% in length or width. Some rugs, blankets, knit-wear, flannels, bedspjeads, napped, braided and sheer fabrics, sheets and sheeting will not shrink more than 10%.

Care of Down-Filled Products. If washing is recommended, hand or machine wash with care using warm water, mild soap. Do not wring or twist. Do not line dry. Add bath towels to dryer load to help absorb moisture. Throw in a pair of clean tennis shoes to beat and separate down clumps. If dry cleaning is recommended, non-chlorinated solvents such as Stoddard solvents are recommended. Air out item to evaporate cleaning fumes.

Price Information About the 1980 Fall General Catalog

- Prices in this catalog will remain in effect until the following expiration dates:

  MARCH 7, 1981 for items that will not be offered in our 1981 Spring General Catalog.

  FEB. 14, 1981 for all other items.

- You can order freely from this catalog with confidence that, if the item you order is on sale at that time in any of our regular sale catalogs, you will be charged the lower price.
- Should taxes be imposed or increased after this catalog goes to press, we reserve the right to add such taxes to the prices shown. If taxes are terminated or lowered, we will adjust our prices accordingly.
- Should rare or unforeseen market conditions result in major price fluctuations on selected items after this catalog goes to press, we reserve the right to revise our prices accordingly. Should this occur, we will notify you of the change before processing your order.
- The names of our catalogs (Spring & Summer, Fall & Winter) relate only to the seasonal type of items sold within and are not meant to correspond exactly to actual calendar dates during which the seasons occur.

Keep on getting all of Wards Catalogs!

Regular Customers . . .

Three catalog orders placed every six months from this or any other Wards regular catalog will assure you of being offered all Wards catalogs (two Big Books, the Christmas Book and all our great sale catalogs). This applies to orders placed by phone, mail or in person. Please order under the same name at all times, regardless of which family member places the order. We keep a record of each order placed to assure regular customers of receiving catalogs.

If you have moved . . .

If you have changed your address, please let us know by phoning Wards (see pgs. 600, 601 for local phone numbers), or by filling in boxes #1 and #2 on our order blank (pg. 604). This will help us make sure you are offered all of our catalogs.

New Customers—to get a copy of this catalog, see catalog request card under front cover.

A new concept in car stereos

Integral 5 band equalizer and 20 watt per channel power amplifier let you "shape" sound to fit the interior of your car

$179

Take a look at a new concept in car stereos. What you see is an AM/FM/MPX stereo radio, a cassette tape player and a graphic equalizer/amplifier all built into one compact unit! You can add this complete Dashmaster stereo system to your car and get brilliant sound without sacrificing valuable passenger space. The simple installation process requires no cutting, drilling or filing in most American made cars. And this unit can be adapted for other cars (see kit at right). Wards is one of the first to offer you total control stereo at your fingertips.

RADIO AND GRAPHIC EQUALIZER FEATURES: The 5-band graphic equalizer allows you to "shape" the highs, lows and mid-range tones to fit your car's interior. The 20-watt per channel power amplifier lets you listen to full sound without distortion. Equalizer in/out button is for the times you don't need an equalizer. AM/FM and stereo/mono select buttons. Mute switch for quiet station-to-station tuning. Weather band keeps you informed while on the road. Manual radio tuning. Front/rear faders and left/right balance controls permit maximum fine tuning.

CASSETTE FEATURES: Auto stop protects both the cassette motors and cassette tape from damage by automatically stopping at the end of tape play. Tape play/tape end indicators. Locking fast forward/eject button allows you to select which program portion you want to hear.

INCLUDES: Complete hardware for in-dash or under-dash installation. Easy-to-follow instructions come in a large, well-illustrated five-step do-it-yourself stereo and speaker installation manual. Manufacturer's Warranty.*

6I A 73157 LS—Ship. wt. 7 lbs. 1 oz. 179.00

Import and X-body stereos

Smaller cars mean tighter quarters. Dashmaster® offers you full performance in-dash radios and cassette players that have been reduced to a compact size to fit GM X-body and import model cars. Yet these units retain the full output, superb audio imaging, separation, balance and frequency response you need to deliver rich, full-bodied sound.

Both models come with three sets of nosepieces with correct size dials and markings for custom installation either in horizontal or vertical position without cutting, drilling or filing in most import and X-body cars. You also have the choice of manual tuning or pushbutton convenience. And of course, you can enjoy the creative technology and superb sound Dashmaster® and Wards have put into these units.

A

A The subtle styling of this AM/FM pushbutton cassette blends in beautifully with the interior of your small car. The strong, clean lines and flush mounting in-dash give the appearance of quality standard equipment.

PUSHBUTTON RADIO FEATURES: Five pushbuttons (1 AM, 1 FM, 3 either AM or FM) offer quick, accurate station selection. AM/FM select switch and indicator light allow you to choose whatever programming you want. Local/distance control reaches out for weak signals and fights through building interference to supply the best reception possible. Balance and tone controls fine-tune sound for brilliant audio reproduction.

CASSETTE FEATURES: Automatic stop at tape end helps reduce wear on the cassette player and cartridge. Locking fast forward button for easy program selection. Tape eject control. Tape-on indicator.

INCLUDES: Hardware, both horizontal and vertical dials and nosepieces, large, well-illustrated, easy-to-follow do-it-yourself installation manual. Does not fit Buick Skylark. Manufacturer's Warranty*

6I A 73065 LS—Pushbutton. Ship. wt. 4 lbs. 3 oz. ..... 139.99†

Compact in-dash AM/FM cassettes **139.99** pushbutton

B

B This manual AM/FM cassette (Citation nosepiece shown) brings great sound to the new down-sized American-made and foreign cars and is designed for custom installation in horizontal or vertical position.

RADIO FEATURES: All features are the same as above except this radio has no pushbuttons.

CASSETTE FEATURES: Same as above.

INCLUDES: Hardware, both horizontal and vertical dials and nosepieces, illustrated do-it-yourself installation manual. Manufacturer's Warranty*.

6I A 73017 LS—Manual. Ship. wt. 3 lbs. 2 oz. ..... 119.99†

Designed to fit smaller cars and still deliver superb sound. Full feature AM/FM stereo radio and cassette tape player allow you to hear the finest sounds available in auto stereo. With three sets of nosepieces you can custom fit your stereo to import and X-body cars with either horizontal or vertical installations. Listen to Dashmaster® and enjoy creative sound.

119.99 manual

Multi-function computer 99.99

ZT3 driving computer is easy to install, simple to operate. 18 instant performance readouts help boost your vehicle's efficiency while cutting costs.

FEATURES: Monitors fuel usage (MPG) and speed (MPH), both current and average; displays distance traveled, and fuel remaining and used since fill-up; distance to empty; an accurate quartz crystal clock tracks both current and elapsed time; all measurements are displayed in both English and metric; display dims automatically for night driving.

FITS: Most cars, trucks, vans and RVs, foreign or American, automatic or manual transmission (except for diesel or fuel injected engines). When mounted, computer is calibrated to the performance characteristics of your vehicle for exact measurement. Display module can be installed on, in or under dash.

INCLUDES: Digital display module (3 in. x 6 in. x 1 9/16 in.), speed sensor, flow sensor, all mounting hardware, detailed instructions for easy installation by the do-it-yourselfer or local service center. Operating manual included with Manufacturer's Warranty*.

6I A 97065 LS—Ship. wt. 3 lbs. 99.99

*Write for free copy of Manufacturer's Warranty, see page 605.

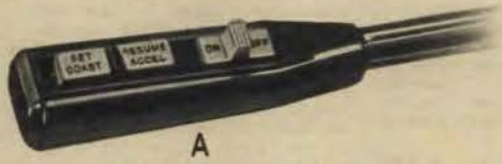
ZT electronic auto computer 149.99 without cruise control

The ZT is one of the most complete auto computers available today. Makes the perfect electronic copilot!

FEATURES: Choose a 25-function computer without cruise control, or a 28-function computer with cruise control. 16 of the functions can be displayed in either English or metric systems. Readouts appear in a bright five-digit blue flourescent display. If you push a wrong button, display will readout "error." Both of these ZT computers have eight different fuel consumption functions to let you know how far away you are from destination, and how much fuel you have to get there.

BENEFITS: (1) Three-function cruise control (97063 only) lets driver pre-select cruising speed, engage for traffic flow, then resume at last speed before change. (2) Fuel management system answers almost any question of fuel efficiency. (3) Trip computer will continually display time, distance, or fuel to arrival if you input expected trip distance. (4) Digital quartz clock has alarm for wakeup or reminder. (5) Warns you of impending electrical failure by displaying battery and charging voltage. (6) Measures inside and outside temperature. (7) At end of trip, computes your average speed and average fuel consumption so you can figure your fuel efficiency.

INSTALLATION: For all gasoline engines except diesel or fuel-injected. Order adapter for front-wheel drive vehicles below.



Without cruise control, with 25 computer functions. Manufacturer's Warranty*.

Speedostat® "Touch Control" cruise controls

- Looks like original equipment
- Fuel efficient

A

B

A "Original-equipment-look" soft touch cruise control. These controls fit both manual and automatic transmission vehicles (see SPECIAL NOTE below).

FEATURES: Touch control cruise controls let you maintain a steady driving speed, even on hills. They help eliminate those minor speed variations in your driving that decrease your vehicle's gas mileage. In highway driving, cruise controls help reduce driver fatigue.

HOW IT WORKS: Once you get up to desired speed, "set" control keeps you there. "Accel" control lets you accelerate to pass without using the gas pedal; "resume" slows you back to set speed without using the brake, thereby helping to save gas. "Coast" control lets you slow down gradually to any new speed that you choose. Can be switched off.

INSTALLATION: You install the cruise control with basic tools. Some mechanical knowledge may be required to install properly. Not to be used with vehicles that have wiper/washer controls in turn signal lever. Full instruction manual included.

6I A 97062 LS—Ship. wt. 5 lbs. 104.99

B "Piggy-back" cruise control attaches to your turn signal lever.

FEATURES: Same features and operation as above cruise control unit.

INSTALLATION: Mounts on lever arm. Can be used for vehicles that have wiper/washer controls in turn signal lever. See SPECIAL NOTE below.

6I A 97066 LS—Ship. wt. 5 lbs. 2 oz. 104.99

NOTE: Toll-free, direct-to-factory telephone number included for installation assistance.

SPECIAL NOTE: Adapter kit is necessary to install these units in some imported and American vehicles. Order adapter kits from table at right.

Throttle control

C Wards electro-mechanical throttle is an easy way to help improve your gas mileage.

HOW IT WORKS: Just accelerate to a desired speed and set the control. You cruise at that steady speed. Throttle control is released when you need to brake. Allows you to accelerate, then automatically returns to set cruising speed. Compact unit fits snug, does not interfere with breaking or accelerating. Drive smoothly with a minimum of driving fatigue!

INCLUDES: Complete instructions for installing and operating.

6I A 18999—Wt. 1 lb. 12 oz. . . 34.99

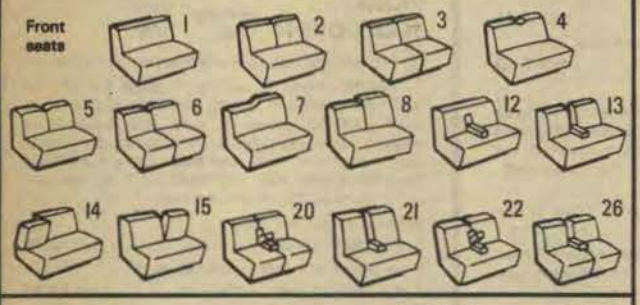
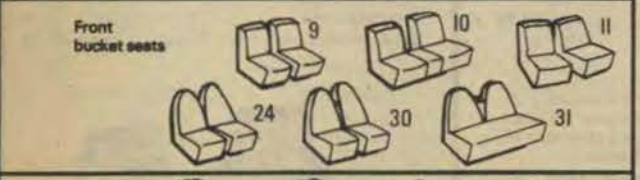
Wards tailored box seat covers fit without wrinkles!

(A) Custom fit

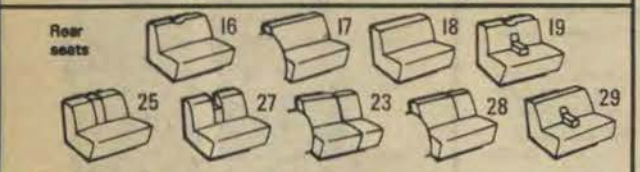
(B) Easy installation



(C) Velcro® fasteners



(A) Tailored-fit seat covers fit over the entire back of your seat, helping it maintain its original equipment appearance.



(B) "S" hook fasteners attach to tough elastic loops for quick, wrinkle-free installation. The entire job takes just minutes to complete.

(C) All of our tailored seat covers have a Velcro® feature that allows you to slide covers over seats without removing headrests!

ORDERING NOTE and SHIPPING NOTE for tailored box seat covers (see below)

ORDERING NOTE: When ordering, it is important to give the order taker as much information as possible concerning your car style—(2-door, 4-door, Sedan, etc.) and seat type—(bucket, bench, center armrests, etc.). Tailored box seat covers and embossed clear plastic covers (found on page 617) will fit most 1955-79 cars including some 4 and 5-passenger foreign cars. When ordering any tailored seat cover or embossed plastic cover be sure to state the following information:
(1) Make and year of car (Ford, Chevrolet, Chrysler, etc.)
(2) Model (LTD, Impala, etc.)
(3) Style and seat type. Examine drawings above and state style numbers which exactly match both your front and rear seats.
(4) Catalog number.
(5) Color number.
(6) Any other vital information that is unique to your car.
SHIPPING NOTE: Covers ending in the letter "K" are shipped from factory in Memphis, TN. You pay transportation and handling from factory. Allow 19 days plus transit time for delivery. See page 599 for general information on delivery. Sorry, no C.O.D.'s.

Van seat construction

Specially-designed lumbar support and built-in 5° rear tilt for added comfort

All seats have thick 100% virgin polyurethane foam cushions

Reinforced 1¼-inch, 16-gauge steel tubing with single-weld joint construction

Padded up/down swinging arms have zippered, removable covers

Furniture-quality construction with Flexilator springs for more "give" and support plus a luxurious ride

FABRIC AND COLOR SELECTIONS FOR VAN SEATING ITEMS:

All seating items are available in your choice of 3 durable fabric combinations:

(1) Velour/vinyl—Velour: 100% nylon face. 100% rayon backing. Vinyl: 21-oz. with 100% polyolefin non-woven back.

(2) Polysuede/pigskin—Polysuede: 100% polyester with suede-like finish; backing is 100% non-woven polypropylene. Pigskin: 22.5-oz. textured vinyl with 100% polyester non-woven back.

(3) Fabric/vinyl—Fabric: Scotchguarded® basket-weave. Vinyl: 21-oz. with 100% polyolefin non-woven back.

All van seating items on opposite page are available in your choice of colors, depending upon which fabric you choose (see choices on top of opposite page). Velour/vinyl is available in 55 midnight blue • 79 black • 85 caramel. Polysuede/pigskin is available in 82 sand • 92 pewter. Basket-weave/vinyl is available in 54 earth tone gray/midnight blue vinyl • 74 earth-tone gray/black vinyl • 81 earth-tone beige/caramel vinyl.

A Standard high-back van seat. (Pedestal not included, sold separately at right).

CONSTRUCTION: All construction features shown at top of page plus metal bands in back for better back support. Removable arms not only swing up, down but lock firmly in horizontal position—won't collapse when leaned on. Back reclines 30° (recliner model only). Back and seat cushions are laminated virgin urethane foam for a comfortable ride. Frame has multiple mounting locations. Efficient seat design makes seat strong, total weight low. Seat comes fully assembled and ready for use.

OVERALL SIZE: 32 inches high x 25 inches wide x 27 inches deep.

INCLUDES: Installation and operating instructions.

ORDERING INFORMATION: See FABRIC AND COLOR SELECTIONS above before ordering. *When ordering, state color number.*

Non-recliner seat.

Recliner seat.

L 6I A 59828 R—Ship. wt. 35 lbs. **154.99**

B Our best-quality "triple-cushion look" van seat (pedestal not included—sold separately at right).

CONSTRUCTION: Same construction features as shown at top of page and seat above. Back and seat "loose-look" cushions are 1½-inch thick foam covered with luxurious button-tufted, contour-styled fabric for added customized appearance. Efficient seat design makes seat strong, total weight low—helps keep shipping charges low!

OVERALL SIZE: 32¾ inches high x 25 inches wide x 27 inches high.

INCLUDES: Installation and operating instructions.

ORDERING INFORMATION: See FABRIC AND COLOR SELECTIONS above before ordering. *When ordering, state color number.*

Non-recliner seat.

L 6I A 59822 R—Ship. wt. 33 lbs. **144.99**

Recliner seat.

L 6I A 59823 R—Ship. wt. 36 lbs. **179.99**

C Love-seat pull-out sofa bed.

CONSTRUCTION: Three extra-soft 5-inch thick foam cushions form seat and are surrounded by two shredded foam L-shaped bolster cushions. When opened as a bed, specially-designed foam edges close gap between cushions so you feel one continuous cushion—no breaks in comfort! Fits between wheel wells in back of vans or pickups; can also be used in rec rooms, apartments, portable enough for beach, picnics.

OVERALL SIZE: As love seat: 24 inches high x 27½ inches deep x 50 inches long. As bed: 82½ inches long x 50 inches wide.

ORDERING INFORMATION: See FABRIC AND COLOR SELECTIONS above before ordering. *When ordering, state color number.* Love-seat comes completely assembled and ready for use.

L 6I A 59016 R—Ship. wt. 43 lbs. **239.99**

D Barrel chair provides living room comfort.

CONSTRUCTION: Same "triple-cushion" look as van seat (B) above. Same basic construction as shown above but with 1-inch steel tubing and stationary, contoured arm rests. Back and seat cushions are 3-inch virgin urethane. Base has two sets of centered mounting locations. Suitable for mounting on standard bar stool.

OVERALL SIZE: 26 inches high x 26½ inches wide x 28½ inches deep (18-inch seating depth).

INCLUDES: Installation instructions.

ORDERING INFORMATION: See FABRIC AND COLOR SELECTIONS above before ordering. *When ordering, state color number.* Comes completely assembled and ready for use.

NOTE: Use with universal pedestal at right.

L 6I A 59824 R—Ship. wt. 34 lbs. **149.99**

E 4-in-1 game table for vans, pickups, and RVs.

FEATURES: Reversible center insert with finished checkerboard side for checkers, chess; simulated wood-grain side for card games. Remove center insert to find backgammon board. Table has 4 recessed cup holders that fit mugs, glasses; 4 cut-outs for poker chips.

CONSTRUCTION: Table: ⅜-inch thick particle board with anti-mar and stain-resistant wood-look finish. Pedestal: chrome-plated steel; comes apart for storage.

SIZE: Table: 24 in. wide x 31¼ in. thick. Height: 26¼ inches.

INCLUDES: Flush-mount base, pedestal, hardware, instruction. Shipped partially assembled.

Finishing screws (not shown) are all the hardware you'll need for finishing a van interior. These screws provide the finishing touch for our vinyl yard goods. Chrome-plated oval-head Phillips screws have integral cup washers. Size: ½ in. long. Package of 36 screws.

6I A 59738—Ship. wt. 6 oz. ..... package **3.99**

Screws like above but with antiqued finish.

6I A 59739—Ship. wt. 6 oz. ..... package **3.99**

Even at 74.99 this all-vinyl van seat offers quality construction

Our lowest-priced van seat!

CONSTRUCTION: 100% fire-retardant polyolefin-backed vinyl. Virgin polyurethane foam filled cushion. Tubular steel construction. Rotating arms.

OVERALL SIZE: 32 inches high x 26 inches wide x 27 inches deep.

COLORS/ORDERING INFORMATION: *When ordering, state color number:* 79 black • 85 caramel. See colors on opposite page.

L6I A 59039 R—Ship. wt. 32 lbs. **74.99**

Pedestal and slide track

AA Universal-fit van seat pedestal. Modern die-cast aluminum with satin finish. Swivels a full 360°.

INSTALLATION: Mounts directly in any van on either driver or passenger side. Uses original equipment hardware. Complete with installation instructions.

6I A 59841 R—Ship. wt. 16 lbs. **42.99**

BB Slide track seat adjustment kit.

INSTALLATION/OPERATION: Mounts between seat and pedestal to give 4 inches of fore/aft movement. Ball-bearing slide mechanism, 9-inch adjustment lever. Integral studs mount on pedestal. Fits driver or passenger side. NOTE: Not for use with electric pedestal.

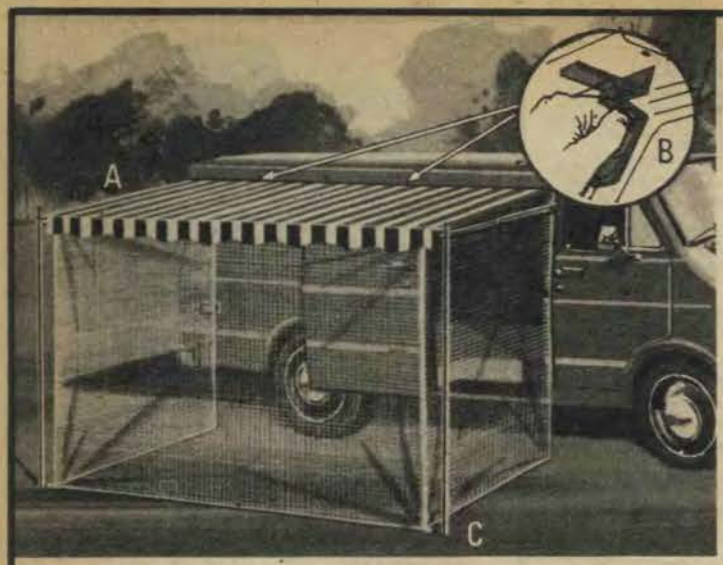
6I A 59729—Ship. wt. 4 lbs. ..... kit **11.99**

6-way electric pedestal 209.99

6-way electric seat pedestal is the ultimate in power seat control.

CONTROLS: Easy touch controls on base allow a 6-way combination of movements—just like the power seats in luxury automobiles. Seat can move (1) forward, (2) backward, (3) up, (4) down, (5) tilt forward, (6) tilt backward. Pedestal also allows seat to swivel a full 360°. Electric pedestal can be used with any van seat on these two pages.

6I A 59838 R—Ship. wt. 38 lbs. **209.99**



Insulation and sealant foam 27.99 case

All-purpose insulation and sealant can be used with vans, RV's, trucks, cars, homes, etc. Sticks to almost anything!

FEATURES: Used for insulating, sound dampening, sealing, filling, bonding, etc. Foam expands to fill area. Case of three 17-oz. cans. No mixing required. Easy-clean spout. NOTE: This foam is organic and will burn. Exposed foam should be covered with a thermal barrier.

6I A 59097—Ship. wt. 4 lbs. 8 oz. ..... case **27.99**

Awnings and screen patios

A A & E Systems® compact automatic roll-up awnings for vans and small campers.

FEATURES: Automatic roll-up mechanism simplifies operation. Adjustable height support arms offer rain water drainage. Adjustable rafter arms allow partial or full extension. Awning and hardware are housed in weatherproof anodized aluminum box. Box can be mounted to vehicle permanently or temporarily (see van adaptor kit (B) below). Rugged gold and white striped laminated fabric. Handsome scalloped valence. Extended awning projects 7 ft. from vehicle. Order from table below. Manufacturer's Warranty*.

B Van adaptor kit lets you temporarily mount compact awning (A) to drip rail of van, fold-down camper, and slide-in camper. Can be attached or removed in minutes. Made of extruded, lightweight anodized aluminum. Includes set screw for awning.

6I A 58939—Ship. wt. 2 lbs. ..... kit **19.99**

C A & E Systems® compact screen patios add comfortable protection from annoying insects.

FEATURES: Easily attaches to awning and vehicle. Designed for use with awning (A) above. Dacron screened enclosure with nylon corner zippers for easy entry or exit. 81 inches tall. Order below.

Length	(A) Awning	Ship. wt.	Each	(C) Patio	Ship. wt.	Each

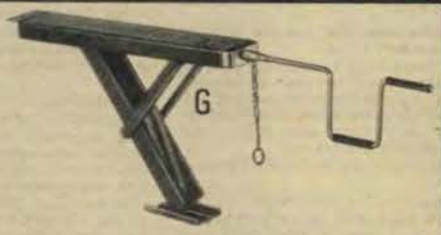
Full-size screen patios **229.99** 10-ft.

Power Twins® 299.99



F Power Twins® are two independently controlled power jacks joined together in a single frame. Perfect for travel trailers, mini-motorhomes, etc.

OPERATION: Power Twins operate independently from a pair of double switches on a control end panel. The switches can be removed and placed nearly anywhere in and around the RV. Operating from a standard 12-volt DC power source; the jacks can go from full extension to complete retraction in less than a minute. When fully extended or retracted, the safety clutching system will emit a clicking sound as a signal. Power Twins add less than 5 inches to the bottom of a trailer and retract out-of-sight when not in use. Includes hand crank. Maximum extension: 23 inches.

LIFT CAPACITY: Total capacity of 5,000 lbs., 2,500 lbs. per jack.

SHIPPING NOTE: Shipped from factory in Santa Ana, CA. You pay transportation and handling charges from factory. Allow 14 days plus transit time for delivery. See page 599 for general delivery information. Sorry, no C.O.D.'s. Manufacturer's Warranty*.

6I A 58940 F—Wt. 95 lbs. **299.99**

RV and camper jack 79.99 set

G E-Z Levler® jack levels your RV in seconds!

OPERATION: No more separate jacks and blocks needed to level your unit before you use stabilizing jacks . . . E-Z Levler® combines both operations in one jack. Pull the release ring to drop the jack foot to the ground. Then, a few turns of the crank levels and stabilizes your RV. When it's time to pack up, another pull of the ring retracts the foot back into its protective case.

MOUNTING: Jacks may be welded or bolted to frame.

LIFT CAPACITY: 2,000 lbs. per jack. Extends to 20 inches.

INCLUDES: Two jacks, all mounting hardware, complete instructions. Manufacturer's Warranty*.

6I A 58916 R—Ship. wt. 40 lbs. ..... set **79.99**

Electric tongue jack 149.99

Ratchet-type jack system 159.99

Easy bolt-on stabilizer/jacks 16.99 set of 2

Camper/trailer stabilizer set 29.99 set of 4

H 12V motor-driven screw jack for use on travel trailers and boat trailers.

LIFT CAPACITY: 2,500 lbs. at the touch of a built-in switch.

CONSTRUCTION: Powerful motor head and rugged mechanisms for heavy service. Easy installation. In case of power failure, jacks can be operated manually. Raises 18 inches. Manufacturer's Warranty*.

6I A 58925 R—Ship. wt. 24 lbs. **149.99**

I Ratchet-type jack system. For campers up to 2,500 lbs. gross or 10 ft. or less in length. Raises to 36 inches. Semi-automatic lowering action.

CONSTRUCTION: Chrome-plated or epoxy-coated heavy-duty steel tubing, components, bracket. Nylon bushings. Includes 4 jacks, handle, hardware, instructions.

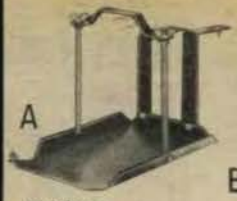
6I A 18920 R—Set of 4. Ship. wt. 85 lbs. ..... set **159.99**

J Bolt-on stabilizer jacks.

LIFT CAPACITY: 2,000 lbs. per set (1,000 lbs. each). Raises 11 ¾ to 17 ¾ inches high.

CONSTRUCTION: Convenient self-storing design—just pull on the release handle and jacks snap down into position. Easy bolt-on installation to trailer floor or frame. Includes handle. Set of 2.

6I A 18937—Ship. wt. 10 lbs. ..... set **16.99**



K Camper/trailer stabilizer set. These heavy-duty stabilizers have a capacity of 1,750 lbs. per stabilizer. 7,000 lbs. total capacity. Raises 11–18 inches high.

CONSTRUCTION: Rustproof aluminum. Has steel screw adjustment. Includes 4 handles. Set of 4.

6I A 8813 M—Ship. wt. 12 lbs. ..... set **29.99**

See pages 698 and 699 for our floor jacks and hydraulic jacks.

Auxiliary battery trays

Power converter

Electric power accessories

A Auxiliary battery tray. Holds all battery sizes. For 1967–79 Ford pickups; 1975–80 Ford vans; 1973–80 Chevy/GMC pickups; 1973–80 Blazers and Suburbans; 1972–80 Dodge pickups, Ramchargers.

6I A 53203—Ship. wt. 3 lbs. 8 oz. **10.99**

For 1980 Ford pickups.

6I A 53011—Ship. wt. 3 lbs. 8 oz. **10.99**

B Power converter lets you convert 12V, DC power from engine alternator into 110V, DC power. Used on vehicles which have an alternator and voltage regulator. For AC/DC universal appliances. Max. 20 amps.

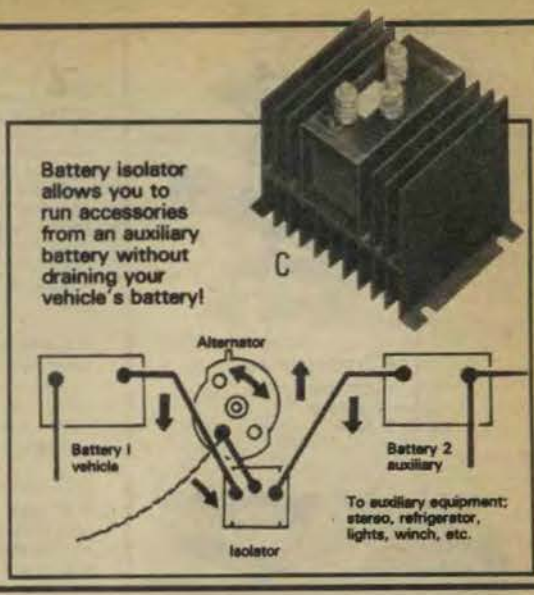
6I A 53006—Ship. wt. 1 lb. **15.99**

C Wards battery isolator for cars, vans, trucks, boats, and campers. For use with one additional (auxiliary) battery.

HOW IT WORKS: Electrically isolates both the auxiliary and vehicle batteries so that the discharge of one does not sap the power of the other. Allows both to be charged in accordance with their individual requirements. 70-amp capacity. Order auxiliary battery trays at left. Manufacturer's Warranty*.

INSTALLATION: Hooks directly into vehicle battery, auxiliary battery, and alternator. (see diagram at right). Includes 50-amp circuit breaker, hardware.

6I A 53206—Ship. wt. 1 lb. 5 oz. **16.99**



Battery isolator. With 95-amp capacity. Circuit breaker not included. Mfr.'s Warranty.*

6I A 53012—Ship. wt. 1 lb. 12 oz. **26.99**

Battery isolator. With 120-amp capacity. Circuit breaker not included. Mfr.'s Warranty*.

6I A 53211—Ship. wt. 2 lbs. 4 oz. **34.99**

*Write for free copy of Manufacturer's Warranty, see page 606.

D 400-watt inverter can operate 120V radios, color TV's, lights, power tools, stereos, etc.

FEATURES: Unit has a 115V outlet and convenient on/off switch. Requires 35-amp input for a 400-watt load. Connects to battery with heavy-gauge wire (not included). Manufacturer's Warranty*.

SIZE: 5 in. high x 9½ in. wide x 9 in. deep.

NOTE: Inverters will not operate refrigerators, air conditioners, high-amp kitchen appliances, dehumidifiers, irons, or compressors.

6I A 53209—Ship. wt. 10 lbs. **119.99**

200-watt inverter (not shown) is similar to above, but requires 19-amp input for a 200-watt load. Manufacturer's Warranty*.

SIZE: 3½ in. high x 6½ in. wide x 5½ in. deep.

6I A 16104—See NOTE above. Wt. 6 lbs. **69.99**

E Generator converts your car's engine into an AC generating system.

FEATURES: Provides 3,500 watts of peak AC electrical power at 1,500–1,600 engine RPM; 2,500 watts continuous. Powered by engine's fan belt. Operates clockwise or counterclockwise. Operates 115V, AC or AC/DC equipment such as drills, heaters, pumps, compressors, etc.

SIZE: 10 inches long x 6 inches in diameter.

INCLUDES: Control panel, installation kit with instructions. Manufacturer's Warranty*.

6I A 11497 R—Ship. wt. 42 lbs. **324.99**

F Recreational vehicle battery charge rate indicator and condition scale. Has easy-to-read gauge, on/off switch. Designed for wall-mount installation. Brass-finished base.

SIZE: 4¾ in. x 3½ in. x 1¼ inches deep.

6I A 53202—Ship. wt. 9 oz. **15.99**

G Voltage regulator for use with generator (E) above. Allows you to operate generator when vehicle is in motion. Prevents damage to equipment from excessive voltage. Adjustable from 110–130 volts, AC. Keeps voltage constant. Mfr.'s Warranty*.

6I A 11496—Ship. wt. 5 lbs. **199.99**

H Auto/Pod is an electrical power source that runs AC/DC equipment from DC output of cars, trucks, campers and boats equipped with alternators.

FEATURES: Battery is disconnected and reconnected from alternator automatically so you won't damage your vehicle's regulator and/or alternator in any way. Tools are triggered on 12 volts, protecting power tools from damaging power arcs. Provides 3,750 watts of power. Voltage—120. Amps—45. Daisy® ground system.

SIZE: 3 in. high x 8¼ in. wide x 3 in. deep.

6I A 53005—Ship. wt. 6 lbs. 2 oz. **104.99**

I Automatic changeover switches from empty tank to full one. ¼-inch inverted flare inset. ⅜-inch FPT outlet.

SIZE: 7¾ in. x 3¼ in. x 3⅛ inches deep.

6I A 16154—Ship. wt. 5 lbs. **25.99**

J 20-lb. LP steel gas tank. Meets all D.O.T. requirements. Compact 10% valve. White enamel finish.

6I A 16030 M—Ship. wt. 19 lbs. **32.99**

11-lb. compact LP steel gas tank (not shown). Meets all D.O.T. requirements. Heavy-duty 10% valve.

6I A 53324—Ship. wt. 11 lbs. **29.99**

K Rack for twin 20-lb. LP gas tanks.

6I A 16191 M—Ship. wt. 6 lbs. **11.99**

L LP gas regulator. 140,000-BTU capacity. ⅜-in. flare fittings. Double pig-tail for hook-up to twin tanks. POL regulator to tank adapter.

6I A 53402—Ship. wt. 2 lbs. **15.99**

Gas regulator like (L), but for single tanks.

6I A 53401—Ship. wt. 2 lbs. **9.99**

M LP hose. 350 PSI rated hose with POL on tank end, male "throwaway" fitting on other end.

6I A 53405—4-ft. length. Ship. wt. 1 lb. **14.99**

6I A 53406—6-ft. length. Ship. wt. 2 lbs. **22.99**

N LP gas detector. Tests for gas leaks.

6I A 53010—Mfr.'s Warranty*. Wt. 10 oz. **29.99**

O Non-pressurized water storage system. Includes 10-gallon 18xl4x10-in. polyethylene tank, 3-ft. plastic tubing and hose, filler cap, galley pump.

6I A 16183—Ship. wt. 8 lbs. ..... kit **34.99**

P Basin faucet-galley pump. For pressure or non-pressure systems. Chromed brass body. 20-ft. lift capacity.

6I A 16186—Ship. wt. 2 lbs. **26.99**

Q Stainless steel single bowl sink. 5-in. deep bowl. 13xll in. cutout needed. Size: 15¼xl3 in.

6I A 52301—Ship. wt. 4 lbs. **24.99**

R Stainless steel double bowl sink. 25⅛xl3⅛-in. cutout needed. Size: 25xl5¼ in.

6I A 52302—Ship. wt. 7 lbs. 8 oz. **44.99**

S Hand rocker pump. For closed RV water tank systems. White plastic and chrome. Spout rotates 360°. ⅜-in. hose barb included.

6I A 52019—Ship. wt. 1 lb. **17.99**

T Sink kit includes 5-gallon supply and drain bottles, white ABS plastic sink and drain plug. Basin is 10xl3 in. with 5-in. deep bowl.

6I A 52018—Ship. wt. 5 lbs. ..... kit **31.99**

U 12V air pump automatically maintains RV water system pressure from 15 to 35 PSI. Has city water check valve, 36-in. air line, and circuit breaker. Draws 12–14 amps. 5x9x8 in. high.

6I A 18813—Ship. wt. 11 lbs. **59.99**

V 12V single-faucet water pump. Pumps up to two gallons per minute.

6I A 52005—Ship. wt. 10 oz. **15.99**

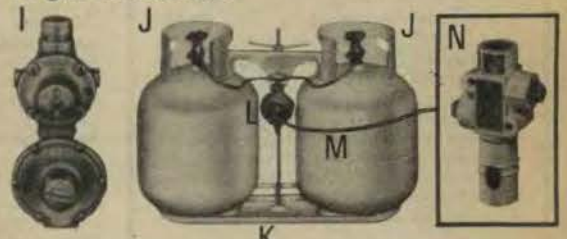
W Shurflo automatic demand water pump. Self-priming—lifts water up to 6 ft. Delivers up to 3 GPM while using only 5½ amps. Built-in check valve protects against city water pressure.

6I A 52305—Ship. wt. 5 lbs. **69.99**

X Portable all-purpose pump (12V, DC shown). Pumps up to 500 gallons per hour. Transfers liquids, pumps flooded basements, etc. 12V, DC model delivers up to 8 GPM; 115V, AC model delivers up to 6 GPM. Both are self-priming from 18 ft. and they lift 20 ft. Includes two 6-ft. hoses, inlet strainer. 12V has 10-ft. cord, switch. 115V has 6-ft. cord. Size: 4½x6½x5 in.

12-volt DC pump. Mfr.'s Warranty*.

6I A 18905—Ship. wt. 8 lbs. **54.99**



115-volt AC pump. UL listed. Mfr.'s Warranty*.

6I A 18906—Ship. wt. 6 lbs. **54.99**

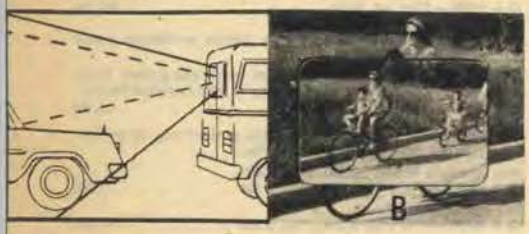
Pickup truck sliding windows

69.99 anodized aluminum

A Pass-through pickup truck rear windows come in your choice of two finishes.



CONSTRUCTION: Anodized aluminum frame in either aluminum or black polyester painted finish.

INSTALLATION: Designed with an integral curved head so there's no need for plastic fillers or adapters to achieve a solid, weathertight fit. Gasket flows evenly between the window and pinch weld of truck for a trim, clean appearance with no unsightly bumps or dips. All windows meet federal Specification ANS-Z26 for safety glass.

Anodized aluminum. For these pickup trucks.
6I A 54162 R—1973-80 Ford. Ship. wt. 23 lbs. 69.99

C 4 x 6-ft. van or pickup truck pad 34.99

CONSTRUCTION: Durable, long-wearing embossed vinyl covering over comfortable, resilient 2-in. urethane foam. Hinged for easy folding and storage.

USES: Fits between the inside wheel housings of all vans and standard-size pickups. Can also be used as an exercise mat.

6I A 59021 R—Ship. wt. 9 lbs. 34.99

D 12-volt all-purpose fans 24.99 non-oscillating

12-volt fans help circulate fresh air in your van, RV, or pickup!

OPERATION: 12-volt, DC. Draws only 2 amps. Has 2 speeds and on/off switch.

CONSTRUCTION: 6-in. plastic blade housed in a chrome wire guard.

6I A 59410—Ship. wt. 2 lbs. 8 oz. . . 24.99

Oscillating fan (like above) has one speed. 90° oscillation with on/off oscillating switch.

6I A 59411—Ship. wt. 3 lbs. 34.99

See pages 634 and 635 for our complete line of van seats.

Pickup truck dress-up accessories

1-4 Modular "pit-style" furniture is the newest way to utilize the floor space in your pickup truck or van. Lets you design your own floor plan for sleeping, dining, and other recreational uses—and still have room for storage (under seats). *Check head clearance before ordering.*

COMPLETE UNIT INCLUDES: Two double seats, three single seats, two cushion bolsters, and one convertible table. See individual item descriptions below.

COLORS/FABRIC: Choice of three Scotchgard® velour colors with coordinated 21-oz. polyolefin backed vinyl. All cushions are reversible from fabric to vinyl. *When ordering state color number: 85 caramel* • *79 black* • *55 midnight blue.*

SAVE $55 when you buy entire set. Sells sep. for 614.93.

L 6I A 59192 R—Ship. wt. 176 lbs. . . . . set 559.93

(1) Double "pit" seat.

CONSTRUCTION: Thick 100% virgin polyurethane fire-retardant foam cushions. Lightweight polypropylene frame with handy storage area under seats. Converts into sleeping area when used with collapsible table (see inset at left). Easily installed. Cushions are reversible from vinyl to velour.

COLORS/FABRIC: See color and fabric choices above for complete set. *State color number when ordering.*

SIZE: 28½ inches high x 22 inches deep x 44 inches wide.

L 6I A 59153 R—Ship. 35 lbs. 139.99

(2) Single "pit" seat.

CONSTRUCTION: Same as double chair except 22 inches wide.

COLORS/FABRIC: See color and fabric choices above for complete set. *State color number when ordering.*

L 6I A 59154 R—Ship. 27 lbs. 84.99

(3) Custom cushion bolsters for finishing of corner unit in your pit group.

CONSTRUCTION: 100% fire-retardant virgin polyurethane foam cushions are reversible for fabric or all-vinyl look.

COLORS/FABRIC: Same color and fabric choices as complete set above. *State color number when ordering.*

SIZE: 3¾ inches thick x 11 inches high x 18 in. wide.

L 6I A 59155 R—Ship. 5 lbs. . . . . pair 29.99

(4) Table provides the perfect dining, work, or game surface for your "pit" group. When collapsed (14 inches from the floor) it serves as center support for sleeping area.

CONSTRUCTION: Mar-resistant laminate-covered particle board with steel legs.

SIZE: 20 in. wide x 40 in. long x 29 in. high.

6I A 59156 R—Ship. wt. 20 lbs. 49.99

5 Transform your pickup into a camper!

COUCH/BED: 6 polyurethane foam cushions (mini-pickups have 4) covered with a woven fabric of 55% rayon, 27% cotton, and 18% acetate. Couch/bed for standard size pickups is 62 inches wide x 24 inches high, has 28-inch seating depth and unfolds into a 48-inch x 72-inch long bed. Mini-pickups are 15½ inches high x 38 inches wide and have a 19-inch seating depth. Unfolds to form a 38-inch x 72-inch bed.

FLOOR/SIDE PANELS: ⅛-inch wood sub-floor is covered by a 100% nylon shag carpet with jute backing. Carpet and sub-floor are pre-cut for easy installation. Woodgrain finish side panels have high-impact molded plastic to cover walls and wheel wells.

INSTALLATION: Easily-installed panels fasten to truck walls with screws. All screws, mounting hardware, and complete instructions included.

Aluminum window louvers 84.99 non-wiper units

B Aluminum custom-fit window louvers help cool your car because they screen out damaging ultraviolet rays that fade carpeting and dull upholstery. Lift-up convenience lets you clean rear window of dirt and snow without removing the louver. Models 59117, 59118 and 59128 are designed to clear rear windshield wipers.

CONSTRUCTION: Made of aircraft grade aluminum and electrostatically coated with semi-gloss black polyester finish.

INSTALLATION: Mounts directly to glass—no holes to drill. Stainless steel hardware and complete easy-to-follow instructions are included.

D Wind deflectors for cars and 5th wheels help improve gas mileage by reducing drag when towing.

HOW IT WORKS: Your trailer is buffeted by the air rushing back into the vacuum created by your moving car. The wind deflector reshapes the vacuum, enabling your trailer to glide smoothly. This reduces drag and improves trailer stability, helping improve your gas mileage. Manufacturer's Warranty.**

CONSTRUCTION: Heavy-gauge anodized aluminum.

For automobiles. Size: 50 inches x 15 inches.
6I A 55117 M—Ship. wt. 13 lbs. 69.99

For 5th wheels. Size: 60 inches x 18 inches.

See page 694 for our complete selection of all-purpose and stake-frame trailers.

extra-heavy loads easily

A Load-equalizing hitches keep your car level while towing heavy loads.

CAPACITY: Offers a gross trailer load capacity to 10,000 lbs. when used with frame receivers (sold at bottom of opposite page). Needed when gross trailer weight exceeds 5,000 lbs., tongue weight exceeds 350 lbs.

INSTALLATION: Snap-up chain bracket fits all trailer frames and heavy-duty spring bars.

Tongue weights to 550 lbs.
6I A 18960 R—Ship. wt. 56 lbs. **124.99**

Tongue weights 551 to 750 lbs.
6I A 18961 R—Ship. wt. 60 lbs. **129.99**

Tongue weights 751 to 1,000 lbs.
6I A 18962 R—Ship. wt. 63 lbs. **134.99**

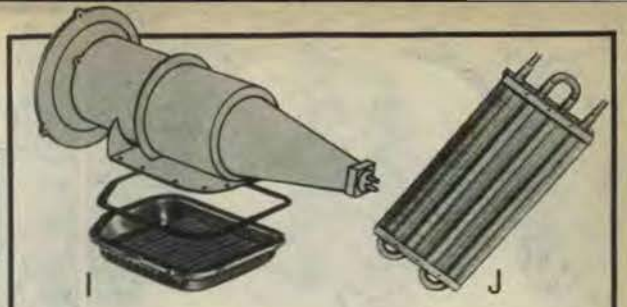
B Ball-to-frame tow bar designed for towing cars with weak front bumpers, but can be used for any towing application. For vehicles to 5,000 lbs. Towing chains wrap and lock around frame or bumper brackets to allow pulling without bumper damage. Rubber padded face plates. Anti-spread bar allows arm-width adjustment.
6I A 55112 R—Ship. wt. 64 lbs. **169.99**

C Ball-coupling tow bar tows cars, trucks, and jeeps. Connects quickly to ball hitch of towing vehicle.

CONSTRUCTION: All-steel for strength. Unique anti-spread bar allows arm-width adjustment. With hardware (not ball hitch), instructions.
6I A 55101 R—Ship. wt. 41 lbs. **119.99**

D Steel jeep clamps bolt to front bumper of jeep for direct tow bar hook-up. Set of 2.
6I A 55102—Wt. 4 lbs. 8 oz. . . . . set **18.99**

E Combination step and bumper hitch for pick-ups, vans, 4WD vehicles. 4-inch drop. Takes 1-inch shank trailer ball. Steel construction.
6I A 55110 M—Ship. wt. 23 lbs. **29.99**



Like above, but with 6-inch drop.
6I A 55004 M—Ship. wt. 24 lbs. **34.99**

F Heavy-duty steel hitch for 4-inch square RV bumpers. Aluminum finish. For tongue wt. to 150 lbs. Gross wt. to 2,000 lbs.
6I A 55111 M—Ship. wt. 10 lbs. 4 oz. **18.99**

G Double-clamp steel bumper hitch. Fits most bumpers (not flat-top types). For gross loads to 100 lbs., tongue wt. to 80 lbs. ⅜ x 20-inch steel draw bar. *Note: Does not meet SAE regular duty hitch standards.*
6I A 18838 M—Ship. wt. 12 lbs. 12 oz. **16.99**

H Universal temporary hitch.

CAPACITY: Rated for 2,000 lbs. gross load and 200 lbs. tongue load. Hitch straps on bumper with chains. Black enameled steel. 30 inches wide.
6I A 55510 R—Ship. wt. 34 lbs. **99.99**

Transmission oil coolers

I Pan-style transmission coolers fight engine heat directly at its source. It replaces your car's oil pan with a cooler that offers greater fluid capacity to help lower temperature.

INSTALLATION: As simple as changing oil and filter. It has no lines, hoses, or clamps to break down. Also, there's no need to worry about it fitting in front of your radiator and it's not affected by front-end collisions. Heavy-gauge steel. Gasket included.

Chrysler 1966–79 318 and smaller; 1977 360 and smaller; Dodge trucks 1966–79 318 and smaller; International trucks 1972–79 6-cylinder. All with 904 transmission.
6I A 55711—Ship. wt. 6 lbs. 14 oz. **44.99**

American Motors 1972–79 V-8; 1966–79 360 and larger; Dodge trucks 1966–79 360 and larger; 1977 All; International trucks 1972–79 V-8. All with 727 transmission.

Ford 1966–79 6-cylinder; 1966–79 351-C-2V and Windsor. All with C/4 transmission with deep stick pan or deep stick case.
6I A 55713—Ship. wt. 4 lbs. 10 oz. **44.99**

Ford 1966–79 all big block V-8 (except F250 and F350); 1966–79 4-wheel drive and Camper Special. All with C/6 transmission.
6I A 55712—Ship. wt. 7 lbs. 10 oz. **44.99**

J Fin-style transmission coolers help eliminate overheating due to trailer towing, one of the major causes of transmission breakdown. Takes the burden off the factory cooler in your radiator, reducing the possibility of radiator boil-over and engine overheating. Extra-thin design fits most vehicles.

INCLUDES: All necessary hardware and instructions.

NOTE: Select cooler by taking gross weight of vehicle plus weight of load being carried or towed.

19,000-lb. capacity. For most light trucks. 1 x 10 x 18 in. long.
6I A 55716—Ship. wt. 6 lbs. . . . . kit **39.99**

16,000-lb. capacity. For most full-size cars or pickup trucks. 1 x 8 x 15 inches long.
6I A 55514—Ship. wt. 5 lbs. 12 oz. . . . . kit **29.99**

12,000-lb. capacity. For mid-size cars and loads. 1 x 5½ x 15 in. long.
6I A 54056—Ship. wt. 4 lbs. 9 oz. . . . . kit **20.99**

K 6-pole chromed trailer connector kit includes chromed ABS connectors, bracket, wire connectors, instructions.
6I A 55029—Wt. 12 oz. . . . . kit **6.49**

L 4-pole flat-top trailer connector kit. With male connector and 12-inch wire, female connector with 48-inch wire, "quick" connectors.
6I A 55650—Wt. 5 oz. . . . . kit **3.99**

M Trailer fenders for 14, 15, and 16-inch wheels. 16-gauge steel.
6I A 8843 M—Wt. 23 lbs. . . . pair **24.99**

N Solid-steel machined ball with internal threads. Tapped and threaded at bottom for ¾-inch bolt.

For loads up to 2,000 lbs. Has 1⅞-inch diameter.
6I A 18847—Wt. 1 lb. 8 oz. **4.49**

For loads up to 3,500 lbs. Has 2-inch diameter.
6I A 18830—Wt. 1 lb. 6 oz. **4.99**

Solid-steel machined ball with shank (not shown). For loads up to 5,000 lbs. 3 inches high from shoulder. 2-inch diameter.
6I A 18845—Wt. 2 lbs. 8 oz. **9.99**

O Quick-lock snap-on coupler for gross loads to 2,000 lbs. Fits over trailer tongue. May be padlocked. For 1⅞-inch trailer balls.
6I A 18843—Wt. 4 lbs. 4 oz. **5.99**

Screw handle coupler (not shown) for gross loads to 3,500 lbs. For 1⅞-in. or 2-inch ball. Fits 2-in. channel tongue.
6I A 18844—Wt. 4 lbs. 4 oz. **7.99**

P Adjustable sway bar control. Adjusts to fit varying loads and weather conditions. Reduces sway. Fits straight tongue, A-frame trailers, all single and dual axle trailers up to 8,000 lbs. Friction-designed enameled steel. Replaceable friction pads.
6I A 55511 M—Wt. 10 lbs. 4 oz. . . . **64.99**

Bolt-on hydraulic trailer stabilizer (not shown). Mounts between hitch and trailers up to 3,500 lbs.
6I A 18807—Wt. 10 lbs. **29.99**

Hitch accessories

Q Electronic brake and sway controller fits RV trailers with electric brakes, 12V systems.

FEATURES: Manual or automatic synchronized stopping. Brakes apply when you brake, push brake control, or automatically when trailer sways. Red indicator lamp lights when brakes are applied, green when sway control is "ready." Comes with instructions.

INSTALLATION: Control unit mounts under dash without hydraulic connections. Sway sensor mounts in trunk. Manufacturer's Warranty*.
6I A 55024—Wt. 2 lbs. 12 oz. . kit **94.99**

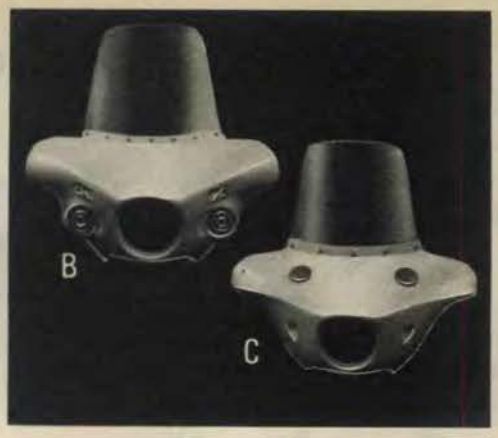
R Electronic brake controller for trailers. Doesn't connect to hydraulic brake system so there's no need to bleed or use "T" fittings. Operates manually or automatically. Indicator light signals when in operation. Provides synchronized stopping.

CONSTRUCTION: Adjusts for use with 2 or 4-brake systems. Braking force and timing are fully adjustable. Lighted emergency bar control.

INSTALLATION: Fits vehicles with 10-amp trailer brake capacity. Manufacturer's Warranty*.
6I A 55506—Wt. 2 lbs. . . . . kit **54.99**

S Hydraulic brake control provides manual and automatic control of electric trailer brakes. Car brake pedal controls both car and trailer. Safety light warns of faulty wiring.

INSTALLATION: Under-dash. Resistor and "T" fittings not included. For 12-volt systems only. Mfr.'s Warranty*.
6I A 55501—Wt. 1 lb. 8 oz. . . . kit **34.99**



Trailer brake controllers

Our best motorcycle fairing $319

- Frame-mount fairing is made of strong, high-quality fiber glass.
- Aerodynamically designed—has acrylic plexiglass windshield.
- Adjustable headlight and built-in turn signals.
- Built-in gauge panel, velcro pocket, and map straps.

A Our finest fairing for luxury and style!

FEATURES: High-quality fiber glass construction (not ABS plastic). Inside has built-in gauge panel designed to hold four standard ASA gauges. Adjustable headlight (included) enables driver to adjust for different passenger weights and touring equipment. Fairing comes with acrylic plexiglass windshield, built-in turn signals, reflectors, mounting brackets, hardware, instructions.

SIZE: 37 in. wide x 12½ in. deep x 35 in. high.

FOR THESE CYCLES ONLY: BMW R6, R7 all; HONDA 500CX, 550, 650, 750, 1000 up to 1979; KAWASAKI 650, 750, 900, 1000 up to 1979; MOTOGUZZI G5V 1000 all; NORTON 850 all; SUZUKI GS 550, 750, 850, 1000 up to 1979; YAMAHA 650, 750, XS1100.

ORDERING INFORMATION: *When ordering, state make, year, model, and color number.* Colors: 71 white • 79 black.

SHIPPING NOTE: Fairing is shipped to you from factory in El Segunda, CA. You pay transportation and handling charges from factory. Allow 14 days plus transit time for delivery. See page 599 for general information on delivery. Sorry, no C.O.D.'s. Mfr.'s Warranty.*

SL6I A 5709I F—Ship. wt. 54 lbs. **319.00**

Handlebar fairings

B Our better handlebar fairing.

FEATURES: Fairing has ABS molded plastic body and clear acrylic windshield with black trim. Meets all U.S. Department of Transportation requirements.

SIZE: Fairing is 12½ inches deep x 36½ inches wide x 34½ inches high.

INCLUDES: Turn signals, reflectors, mounting hardware and complete mounting instructions.

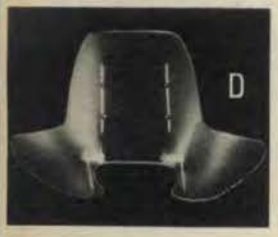
UNIVERSAL FIT†. Fits all of the motorcycles listed on bottom of page.

COLORS: 71 white • 79 black. *State color number.*

L6I A 57092 R—Ship. wt. 18 lbs. **109.00**

C Our good handlebar fairing is stylish and durable.

FEATURES: Body is constructed of ABS plastic. Fairing meets all U.S. Department of Transportation requirements. Space is provided for installation of two turn signals (not included.)



SIZE: Unit is 12½ inches deep x 34 inches wide x 32 inches high.

6I A 57070 R—Wt. 147 lbs. **379.00**

B FEATURES/CONSTRUCTION: Single-seat kart. 3½-HP engine, automatic clutch drive, foot-operated friction brakes. Adjustable tie-rod steering design with aircraft-type steering wheel. 5-inch steel wheels with 4.10/3.50 x 5-inch stud-tread tubeless tires. Metallic red finish, vinyl seat.

NOTE: Similar to kart (B) at left but has lower side guard rails and comes with side rail pads. Also has contoured brakes that "grip" tires. Wards Warranty*.

6I A 57142 R—Wt. 128 lbs. **349.00**

C FEATURES/CONSTRUCTION: Single-seat moto-cross kart. 5-HP engine, automatic clutch drive, foot-operated friction brakes. Adjustable tie-rod steering design with aircraft-type steering wheel. Black molded bucket seat, moto-cross number plate on steering column, 6-inch steel wheels with 4.10/3.50 x 6-inch stud-tread tubeless tires. Special silver metallic finish with black accents. Wards Warranty*.

6I A 57009 R—Wt. 130 lbs. **369.00**

Mini-bikes

D FEATURES/CONSTRUCTION: 4-HP engine provides snappy acceleration. Foot-operated friction brakes for sure, steady stops. Twin telescoping front springs help absorb bumps. Forward-sweep handlebars offer precise steering control. Front/rear fenders protect rider from dirt, water. 6-inch steel wheels with 4.10/3.50 x 6-inch stud-tread tubeless tires. Metallic blue finish. Comfortable molded foam seat covered with easy-to-clean white vinyl. Wards Warranty*.

6I A 57011 R—Wt. 88 lbs. **299.00**

E FEATURES/CONSTRUCTION: Peppy 3-HP engine. Dependable foot-operated friction brakes. 6-inch steel wheels with 4.10/3.50 x 6-inch stud-tread tubeless tires. Metallic red finish. Foam padded seat covered in easy-to-clean black vinyl. Wards Warranty*.

6I A 57010 R—Wt. 82 lbs. **259.00**

F FEATURES/CONSTRUCTION: Powerful 5-HP engine. Foot-operated friction brakes assure quick stopping. Twin telescoping front fork helps smooth out bumps. Moto-cross number plate on front fork. Top-mounted one-gallon gas tank. Folding black-epoxy moto-cross handlebars, folding footpegs. Front/rear moto-cross fenders. Front and rear white mag-style wheels with 3.00 x 10-inch knobby-tread tires. Steady three-point kickstand. Comfortable foam seat covered with a sparkling metal-flake finish. With either chrome or white spoke wheel. Wards Warranty*.

6I A 57012 R—Wt. 100 lbs. **359.00**

*See Limited 90-day Recreational Vehicle Warranty on page 656.

Mini-bike accessories

G Centrifugal clutch (not shown). Heavy-gauge steel. Bronze bearing, 3 shoes, ventilation holes. For #35 chains.

11-tooth, ⅝-inch shaft.

Glass-Belted Radial	2100	42 Months
Glass-Belted Bias	9000	40 Months
Runabout Bias-ply	1800	24 Months
LIGHT TRUCK TIRES		
Grappler Highway Tread	3200	42,000 Miles
Grappler Traction Tread	3100	42,000 Miles
Nylon Power Grip SW	4400	28,000 Miles
Nylon Super Wide	9800	28,000 Miles
ALL SEASON TIRES		
All Season	7200	35,000 Miles

Treadwear, traction, and temperature ratings for Radial, Bias-belted and Bias-ply tires

Uniform Tire Quality Grading Standard for Radial, Bias-belted and Bias-ply tires. As required by the National Highway Traffic Safety Administration, this quality grading system will aid consumers in making an informed tire selection and is as follows:

TREADWEAR: This comparative rating is based on the wear rate of the tire when tested under controlled conditions on a specified government test course. For example, a tire graded 150 would wear 1½ times as well on the government course as a tire graded 100. The relative performance of tires depends upon actual conditions of their use, however, and may depart significantly from the norm due to variations in driving habits, service practices and differences in road characteristics and climate.

TRACTION: The traction grades, from highest to lowest, are A, B and C, and they represent the tire's ability to stop on wet pavement as measured under controlled conditions on specified government test surfaces of asphalt and concrete. A tire marked C may have poor traction performance. WARNING: The traction grade assigned to this tire is based on braking (straightahead) traction tests and does not include cornering traction.

TEMPERATURE: The temperature grades are A (the highest), B and C, representing the tire's resistance to the generation of heat and its ability to dissipate heat when tested under controlled conditions on a specified indoor laboratory test wheel. Sustained high temperature can cause the material of the tire to degenerate and reduce tire life, and the excessive temperature can lead to sudden tire failure. The grade C corresponds to a level of performance which all passenger car tires must meet under the Federal Motor Vehicle Safety Standard No. 109. Grades B and A represent higher levels of performance on the laboratory test wheel than the minimum required by law. WARNING: The temperature grade for this tire is established for a tire that is properly inflated and not overloaded. Excessive speed, underinflation or excessive loading, either separately or in combination, can cause heat build-up and possible tire failure.

For actual ratings see individual tires under the heading TIRE GRADING.

Limited Replacement Convertible Top Warranty

Montgomery Ward warrants these convertible tops against defects as follows:

For twelve months from date of purchase Wards will furnish an equal quality replacement free. For an additional 24 or 48 months (whichever is specified) Wards will furnish an equal quality replacement, charging 1/24th for 36 months or 1/48th for 60 months of the price in effect at the time of replacement at the branch to which returned, for each month since the end of the free replacement period. Labor and installation of replacement is not included.

For warranty service return top with required evidence of date of purchase to any Montgomery Ward branch.**

Full 25% of Warranted Mileage or Months Warranty Limited Warranty

Montgomery Ward warrants each of its passenger car tires for a specified number of miles (months in the case of winter tires) when used on passenger cars or station wagons (except taxis). If your regular tire does not give you this mileage or if your winter tire becomes unserviceable during this period because of (1) failure due to defects in materials or workmanship, or (2) premature tread wearout (2/32 inches or less remaining), unless due to misalignment, Montgomery Ward will:

During the first 25% of warranted mileage (warranted months in the case of winter tires), replace the tire free of charge.

After the expiration of the 25% of the warranted mileage (months in the case of winter tires), to the end of the warranted mileage or months, replace the tire charging only a prorated amount based on the mileage or months used to the total mileage or months warranted and the selling price in effect at the time of return at the branch to which returned, plus total federal excise tax on the replacement tire. Passenger tires used on taxis or vehicles other than passenger cars or station wagons are warranted on the same basis against defects in materials and workmanship only.

For warranty service return tire with warranty form issued at time of sale of tire to any Montgomery Ward branch.**

Truck and Tractor Tire Limited Warranty

Montgomery Ward warrants each of its truck, and tractor tires against defects for the full life of the original tread, and will replace a defective tire with a new one for a pro rata charge based on the amount of tread wear received. Montgomery Ward also warrants its truck and tractor tires against body breaks (not accompanied by any penetration injury such as a cut, snag or puncture) occurring before 25% of the original tread depth is worn off as follows:

If the break is repairable, Wards will repair it free. If the break is not repairable, Wards will replace the tire for a pro rata charge based on the amount of tread wear received. All pro rata charges based on selling price in effect at the time of return of the tire at the branch to which returned, plus total federal excise tax on the replacement tire.

For warranty service return tire with warranty form issued at time of sale of tire to any Montgomery Ward branch.**

No employee or agent of Montgomery Ward may change the provisions of this warranty. This warranty expresses the full liability of Montgomery Ward, and Montgomery Ward shall not be liable for any consequential damages due to truck or tractor tire failure. Some states do not allow the exclusion or limitation of incident or consequential damages, so the above limitation or exclusion may not apply to you.

Superwide and Radial Light Truck Tire Limited Warranty

Montgomery Ward warrants each of its Super Wide and Radial series of light truck tires for a specified number of miles. If your tire does not give you this mileage because of (1) failure due to defects in materials or workmanship or (2) premature tread wearout (2/32 inches or less remaining), unless due to misalignment, Montgomery Ward will replace the tire for a pro rata charge based on mileage used.

Montgomery Ward also warrants its Super Wide and Radial series of light truck tires against body breaks due to road hazards (not accompanied by any penetration injury such as a cut, snag or puncture) occurring before 25% of the original tread depth is worn off as follows:

If the break is repairable, Wards will repair it free.

If the break is not repairable, Wards will replace the tire for a pro rata charge based on mileage used.

All pro rata charges based on specific warranty mileage for tire and selling price in effect at the time of return of the tire at the branch to which returned, plus total federal excise tax on the replacement tire.

For warranty service return tire with warranty form issued at time of sale of tire to any Montgomery Ward branch.**

**For location of nearest branch consult phone directory or write National Customer Relations Manager, Montgomery Ward and Co., One Montgomery Ward Plaza, Chicago, Illinois 60671.

This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

See pages 657–669 for our complete line of tires.

Limited Battery Warranty (Non-commercial)

Montgomery Ward warrants these batteries in non-commercial use only to the original purchaser against failure to hold a charge because of electrical defect as follows: For three months from date of purchase Wards will replace the battery free. After the expiration of the three month period to the end of the total limited warranty period Wards will replace the battery charging only an amount based on current regular exchange price, prorated on the number of months since purchase to the total months of warranty. If battery is in commercial use (in any vehicle other than for family or personal use) it is warranted on the same basis for one-half of each of the above specified periods. Failure to hold a charge is subject to test by Wards. This warranty does not cover batteries that fail because of accident or abuse.

For warranty service contact any Montgomery Ward branch. Return of battery and evidence of date of purchase is required.**

Limited 24-Month Battery Warranty (Commercial)

Montgomery Ward warrants each of its commercial batteries to the original purchaser against failure to hold a charge because of electrical defect as follows: For three months from date of purchase Wards will replace the battery free. For an additional twenty-one months Wards will replace the battery charging only an amount based on current regular exchange price, prorated on the number of months since purchase to the total months of warranty. Failure to hold a charge is subject to test by Wards. This warranty does not cover batteries which fail because of accident or abuse. For warranty service contact any Montgomery Ward branch. Return of battery and evidence of purchase is required.**

Limited 24-Month Shock Warranty

Montgomery Ward warrants this shock absorber against failure, and will furnish a replacement free for 24 months from date of purchase if it fails. Installation of replacement is not included.

This warranty does not cover shock absorbers installed on vehicles for other than personal or family use or shock absorbers damaged by accident or abuse.

For warranty service return shock absorber with required evidence of date of purchase to any Montgomery Ward branch.**

Limited as Long as You Own Car Shock Warranty

Montgomery Ward warrants this shock absorber against failure and will furnish a replacement free if it fails for as long as you own the car on which installed. If Wards originally installed the shock absorber, it will install the replacement free. Otherwise, installation of replacement is not included.

This warranty does not cover shock absorbers installed on vehicles for other than personal or family use or shock absorbers damaged by accident or abuse.

For warranty service return shock absorber with required evidence of purchase to any Montgomery Ward branch (and branch having installation facilities if free installation included).**

Limited Warranty For Remanufactured Engine Assembly

Montgomery Ward warrants to the original purchaser only this remanufactured engine assembly against defects when installed in a passenger car and will replace it, or at its option, repair it for 12 months from the date of original purchase or 12,000 miles from installation (whichever occurs first) if it is defective. If Montgomery Ward originally installed the assembly, labor for reinstallation or repair is included. Otherwise, labor is not included. Engines installed in trucks are warranted on the same basis for 90 days from date of purchase or 4,000 miles from installation (whichever occurs first). This warranty does not cover replacement or repair necessary because of failure to install (unless installed by Wards), operate or maintain the assembly in accordance with instructions, because of accident, or because of the failure of parts or components of the vehicle in which installed not supplied with the engine assembly.

For warranty service return engine with required evidence of date of purchase and mileage at installation to any Montgomery Ward branch.**

Limited Warranty For Remanufactured Short Block Engine Assembly

Montgomery Ward warrants to the original purchaser only this remanufactured short block assembly (without cylinder heads attached) against defects and will repair it for three months from the date of original purchase or 4,000 miles from installation (whichever comes first) if it is defective. If Montgomery Ward originally installed the assembly, labor is included. Otherwise labor is not included.

This warranty does not cover replacement or repair necessary because of failure to install (unless installed by Wards), operate or maintain in accordance with instruction, because of accident, or because of failure of parts or components not supplied with the engine assembly.

For warranty service return engine with required evidence of date of purchase and mileage at installation to any Montgomery Ward branch.**

Limited Ninety Day Recreational Vehicle Warranty

Montgomery Ward warrants this recreational vehicle against defects, and will repair any defective part (except worn out tires, clutches, belts, or chains) free of charge for parts or labor for ninety days from date of purchase.

This warranty does not cover rental vehicles or repairs necessary because of alteration of the vehicle or accidents or racing.

For warranty service return vehicle with required evidence of date of purchase to any Montgomery Ward branch.**

Motorcycle Tires

A STREET TREAD DESIGN: Wide, surface-hugging tread provides great traction and cornering. Great for long distance touring. For rear wheel use only (tire 7216 is for front only).

B RIB TREAD DESIGN: Features a road-holding, long-wearing rubber compound reinforced with a sturdy nylon cord body. Takes the corners fast . . . gets the most out of your high-speed bike. For front wheel use only.

C UNIVERSAL TREAD DESIGN: Ideal on the open road or heavy traffic. Offers excellent cornering. Performs well on secondary roads. For front and rear wheel applications.

D MOTOCROSS TREAD DESIGN: American-made nylon cord tire built especially for motocross enthusiasts. Lugs provide great traction and bite. For off-road use. For front or rear wheels.

*F.E.T. is Federal Excise Tax. State Full price when ordering. Transportation and mounting are not included in Full price.

PT-23 Power Trac rear tractor tire

11.2-24

$99 each plus 3.24 F.E.T.

G FEATURES: Step-up bar support provides more pulling power, minimizes tire squirming and flexing. Overlapping 23° angle tread bars grip soil for more traction. Impact fortified cord bodies.

WARRANTY: See Limited Truck & Tractor Tire Warranty on page 656.

ORDERING INFORMATION: Order at left.

Tri-rib front tractor tire

4.00-19

$28.60 each plus 67c F.E.T.

H FEATURES: Strong cord fights impact/flex damage. High rudder-like center rib for shorter turn, better tracking, easier steering. Tough, long-wearing tread rubber.

WARRANTY: See Limited Truck & Tractor Tire Warranty on page 656.

ORDERING INFORMATION: Order at left.

NOTE: Other sizes not listed can be ordered direct from factory. Request price information and shipping time from your local Wards outlet.

##Tread differs from illustration, has 2 body plies and cantilever sidewall. Chrome valves on page 659. Order chrome valves on page 659.

IMPORTANT NOTE: Always pair Wide Track Super Sports on the same axle. With the car on the ground and full weight on the wheels, visually check car body and fender clearance. Test-drive car in hard circle to determine whether steering is affected. Test suspension for possible interference. Do not use smaller width rims than original equipment.

See pages 672-675 for our complete selection of custom wheels.

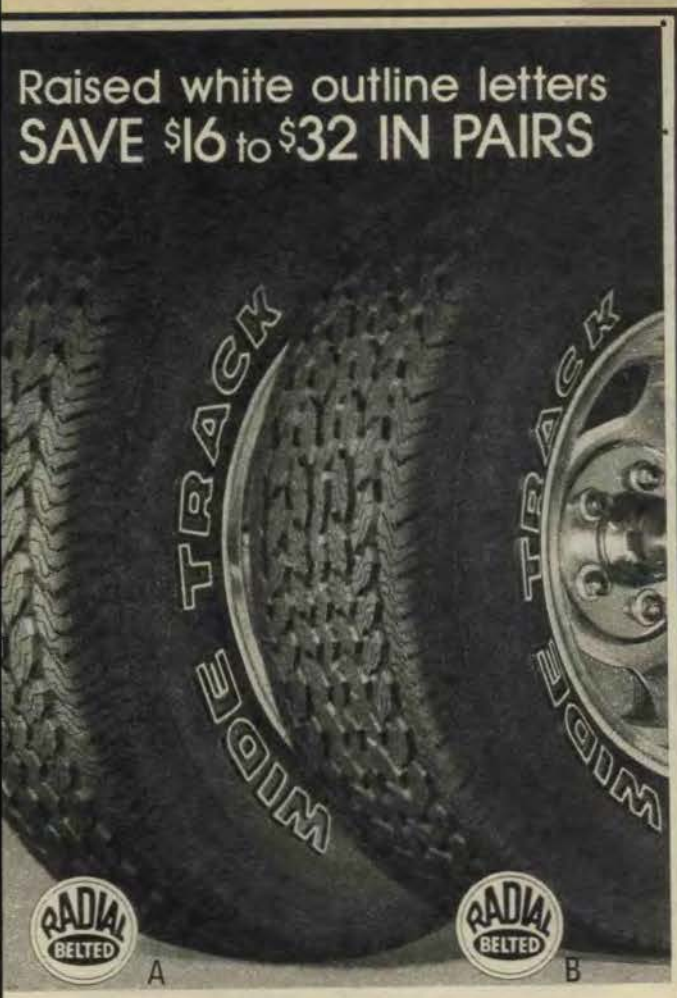
Tires on this page are in stock in most popular sizes in most catalog stores and sales agencies.

ORDER TIRES—GET CUSTOM WHEELS MOUNTED FREE!

See details below.

Check with your local Wards outlet or Sales Agency for service.

To take advantage of this offer choose any combination of Wards tires** and custom wheels from any current Wards Catalog and order at the same time.



SIMPLY DO THE FOLLOWING:

(1) Order the custom wheel and accessories you desire from any Wards catalog in the manner prescribed in that catalog. Make sure you tell your sales person which tires are to be mounted on which wheels (by catalog number).

(2) Select the tire or tires you want and order these items, making sure to place the number "1" in front of the catalog number. AN EXAMPLE OF THIS WOULD BE: 64 A 7569 (Wide Track Super Sport 60) becomes 64 A 17569 when you wish tire to be mounted on a custom wheel. If you should have any further questions please consult the person taking your order.

**This offer applies to tires where you see the following note "For FREE mounting of these tires on Wards custom wheels see note on page (this page number varies from book to book)."

Steel belted RV Radial

An Outstanding Product

A tire so good we give it the longest warranty (42,000 miles) of any light truck tire we sell!

C, D CONSTRUCTION: Two steel belts and radial polyester body plies. Sturdy steel belts add stability, offer road hazard protection. Radial construction improves steering response and increases fuel economy over non-radials.

WARRANTY: Limited 42,000-mile Warranty. See Superwide and Radial Light Truck Tire Warranty on page 656.

ORDERING INFORMATION: *F.E.T. is Federal Excise Tax. State full price when ordering. Transportation and mounting charges are not included in Full price. For FREE mounting of these tires on Wards custom wheels, see page 658.

Light truck RV tires have white outline letters

A Stalker Traction RV tires have raised white outline lettering that adds a finishing touch to any vehicle.

CONSTRUCTION: Aggressive tread digs in for good traction on or off the road—in mud, sand or snow. Long-wearing polyester body plies won't "flat spot" for a smooth, easy-rolling ride.

WARRANTY: See Limited Truck and Tractor Tire Warranty on page 656.

ORDERING INFORMATION: *F.E.T. is Federal Excise Tax. State Full price when ordering. Transportation and mounting charges are not included in Full price. See tire mounting service note below. For Free mounting of these tires on Wards custom wheels, see page 658.

NOTE: State CODE 01 for studded tires (add $8 for each studded tire); state CODE 02 for non-studded tires.

These tires are in stock in most popular sizes at most catalog stores and agencies!

WANT YOUR NEW TIRES MOUNTED OR BALANCED? Many Wards outlets offer mounting, balancing, and related automotive services on the premises or at a nearby service station, for a small additional cost. For complete details ask your salesperson at your local Wards Sales Agency or Catalog Store. Also, be sure to see our FREE custom wheel mounting offer on page 658.

Order snow tires with wheels and have them mounted free!

Strong American-made steel wheels meet or exceed rigid standards by U.S. auto manufacturers. Designed for the front or rear axles of most late model cars. Order same size wheels (13, 14 or 15-in.) as tires on your car. NOTE: If your vehicle has hub caps, order package of 3 steel clips from clip column in table below (don't order clips for full wheel covers). Ship. wt. 1 oz.
3 steel clips (for one wheel). . . . . pkg. 1.00

low as **$16** each
13x4-in. wheel only

FREE MOUNTING AND BALANCING ON WHEELS—Order steel wheels and snow tires from the Catalog House on the cover of this catalog and receive your new tires mounted and balanced. Just order from the "TIRE MOUNTED" column below. Cost of new tire valve is included. We'll even arrange to have the tires mounted on your car for a minimal charge (see note on opposite page).

ORDERING INFORMATION: *When ordering state CODE 01 for studded tires (For tires A and B, add $8 for each studded tire); for tire C, add $7 for each studded tire). State CODE 02 for non-studded tires.* *F.E.T. is Federal Excise Tax. State Full price when ordering. Transportation and mounting charges are not included in Full price.

†STUDDING NOTE: Legislation concerning studded tires is pending in many states. Check current laws in your state on legality and time limitations before ordering studded tires.
FREE mounting and balancing when you order Wards snow tires and steel wheels, see note on page 665.

****Maximum Tire Load Limits at Maximum Cold Inflation Pressure**

Tire loads indicated below are for passenger car service only. Not for trucks or other commercial uses. Load range B (full 4-ply of 4-ply rating). Maximum tire loads per tire at 32 lbs. maximum inflation pressure when cold for standard or metric sizes. P-metric is 35 lbs., unless otherwise noted. Montgomery Ward tires are designed to be used with rims having the dimensions of those shown as approved rims for the tire size in the Tire and Rim Association Yearbook, current at the time of manufacture. Use of other rims must be specifically approved by Montgomery Ward.

Introducing our new Gas Miser steel-belted radial!

SAVE $60 to $112 IN FOURS

P165/80R-13 **$45** each when you buy 4 — plus 1.89 F.E.T. each

WARRANTED 40,000 MILES

Tested results show our Gas Miser radial can give you 8% to 10% better fuel savings over a non-radial tire.

CONSTRUCTION: Polyester cord body plies and 2 steel belts. Rugged steel cable belts reduce tread squirm to help increase tire mileage. Cross slotted tread is designed to channel water out of tread area. Whitewall only.

TIRE GRADING: Treadwear—180; Traction—B; Temperature—C. See details on page 656.

WARRANTY: Limited 40,000-mile Warranty. See details on page 656.

ORDERING INFORMATION: *F.E.T. is Federal Excise Tax. State Full price when ordering. Transportation and mounting charges are not included in Full price. See tire mounting service note below. For FREE mounting of these tires on Wards custom wheels, see note on page 658.

WANT YOUR NEW TIRES MOUNTED OR BALANCED? Many Wards outlets offer mounting, balancing, and related automotive services on the premises or at a nearby service station for a small additional cost. For complete details ask your sales person at your local Wards Sales Agency or Catalog Store. Also, be sure to see our FREE custom wheel mounting offer on page 658.

The E'lire aramid radial tire

This truly luxurious tire is designed with the finest materials available and has our deepest, widest, longest-wearing tread. It features an elegant sidewall design that will enhance the appearance of any well-kept automobile. And it's so good that we back it with a Limited 50,000-mile Warranty.

WARDS BEST

P185/75R-13 tubeless whitewall

$72 each plus 1.87 F.E.T.

WARRANTED 50,000 MILES

Our finest tire has a truly distinctive appearance.

CONSTRUCTION: Radial construction allows for better handling, increased tire mileage, and better fuel economy than non-radials. Tire has 2 ARAMID cord belts plus 2 polyester cord body plies. Aramid, pound for pound, is 5 times stronger than steel. P-metric sizing.

TIRE GRADING: Treadwear—200; Traction—B; Temperature—C. See details on page 656.

WARRANTY: Limited, 50,000-mile Warranty. See page 656 for details.

ORDERING INFORMATION: *F.E.T. is Federal Excise Tax. State Full price when ordering. Mounting and transportation charges are not included in Full price. See tire mounting service note on page 667.

FOR FREE MOUNTING of these tires on Wards custom wheels, see note on page 658. Order valves on page 665.

†Requires higher inflation pressure to match load carrying capacity of alpha numeric sizes.

Facts you should know about tire sizes:

A R 78 — 15

Load Capacity — Signifies Radial — Height-To-Width Ratio — Rim Diameter

The first letter refers to the tire size/load capacity. The letter "B" would indicate a greater size/load capacity than "A" but less than "C" etc. An "R" after this letter signifies a radial tire. If "R" doesn't appear in the rating (as in A78-13), the tire is a Bias-belted or Bias-ply tire. The height-to-width ratio as shown above (78) means that a tire is 78% as high as it is wide. Last number indicates rim diameter, in the example above a 15-inch diameter. See P-Metric explanation at right.

P 215/75 R 15

Passenger Car — Tire Width — Height-To-Width Ratio — Signifies Radial — Rim Diameter

Tire sizes found on many new automobiles are commonly referred to as P-METRIC sizing. Each letter or number has its own meaning. The letter "P" means that the tire is designed for passenger car use. "215" in the example above is the tire's width in millimeters. "75" in this example is the tire's height-to-width ratio, meaning that the tire is 75% as high as it is wide. "R" designates that it is a Radial tire as opposed to a "B" for Bias-belted or "D" for Diagonal or Bias-ply. 15 is simply the rim diameter in inches.

This could be the only tire you'll need year 'round!

All-season Glass-Belted Radials

P155/80R-13

$30 each plus 1.47 F.E.T.

WARRANTED 30,000 MILES

Through spring, summer, fall and winter, our all-season radials could be the only tires you'll need from season to season.

CONSTRUCTION: Two tread-stabilizing fiberglass belts and polyester radial cord body. Helps keep your car equipped for most road and weather conditions year 'round. P-metric sizing. For front or rear wheels.

TIRE GRADING: Treadwear—150; Traction—B; Temperature—C. See page 656 for details.

WARRANTY: Limited 30,000 mile Warranty. See page 656 for details.

ORDERING INFORMATION: *F.E.T. is Federal Excise Tax. State Full price when ordering. Transportation and mounting charges are not included in Full price. See tire mounting service note on page 667. For FREE MOUNTING of these tires on Wards custom wheels, see note on page 658.

***Not available until September 1, 1980. †Single polyester radial ply.
**Requires higher inflation pressure to match load-carrying capacity of Alpha numeric sizes.

Facts you should know about tire construction:

RADIAL TIRES are available with steel or fabric belts and one or two radial (parallel) body plies. Designed to provide improved fuel economy, tire mileage, wet traction, and handling over non-radials. Because of their design, radials should be used on all 4 wheels. Sold on pages 659, 665, 666, 667, 668, and 669.

BIAS BELTED TIRES have two or more cord body plies (either polyester or nylon) and two belts (steel or fiber glass) for added stability over bias-ply tires. Sold on pages 658, 663, 664 and 666.

BIAS-PLY TIRES have two or four plies placed on top of each other in alternating directions, forming a criss-cross pattern. Offer good performance at economy prices. Sold on pages 658, 661, 663, and 666.

PUNCTURE REPAIR: Montgomery Ward offers puncture repair and tire rotation at no charge for the life of any warranted tire. Consult your local Wards outlet or Sales Agency for service.

See page 673 for our Fenton wyre/basket wheels for a stylish touch.

Wire wheel covers for cars and light trucks have anti-theft locking system

Locking wire wheel cover

1 Deluxe wire wheel cover has an exclusive locking system that secures your wheel cover to the rim to help prevent theft.

HOW IT WORKS: New locking system locks this cover directly to the rim (see A, B, C on opposite page). (A) shows the bracket for the locking system being put in place on the wheel. (B) shows the base cover being put over the bracket. Inset (C) shows basket in place with key in position in lock. The lock is then concealed beneath the top cap.

CONSTRUCTION: Sparkling chrome-plated steel finish provides the wire wheel look at a much lower price than actual wire wheel covers.

SIZE: Fits most domestic 13, 14, and 15-inch wheels. Order for correct wheel size from table at right.

Locking continental wheel covers

2 Attractive continental wire wheel covers give an authentic wire wheel look at a much lower price than the actual wheels.

CONSTRUCTION: Detachable wire basket removes easily by simply unscrewing the decorative knob and lock and removing the retaining disk (see inset D on opposite page). Allows for easy cleaning of spokes and base cover so you can preserve their original sparkle. Constructed of aluminum-killed steel with double nickel and chrome-plated finish. For 13, 14, and 15-inch wheels. Set of 4.

†For Fenton wheels use lug nut code 7.

*Driver's side requires left-hand lug nuts on pre-1971 Chrysler Products—order Code 3.
**Use Code 9 lug nuts on Fenton wheels code E, F, I, J, M.
***Driver's side requires left-hand lugs—order code 6.

NOTE: N/A means not applicable.

See pages 658–661 for our Wide Track, and Light Truck and RV tires.

ORDERING INFORMATION FOR WHEELS

(All wheels are pictured on page 675.)

BEFORE ORDERING your new passenger car or truck wheels, you must know your vehicle make, model, year, tire size, and number of lugs on the wheel being replaced (in the case of trucks, you also must know if the vehicle is 2 or 4-wheel drive). The best rule of thumb is to order a size wheel that is closest to the factory size. Oversize or optional sizes could cause fender/tire clearance problems not covered by warranty.

HOW TO ORDER NEW PASSENGER CAR WHEELS: Find your vehicle in the table entitled "PASSENGER CARS" at left. Read across that table to select the proper wheel order code (either standard size or optional size) and the proper lug nut order code. Then, find the ordering table for the wheel you want on either page 673 or 674. Using the selected wheel and lug nut order codes, find the corresponding Wards catalog numbers and order from that table. NOTE: When ordering, be sure that (a) the wheel diameter matches the tire diameter (width of wheel being ordered is determined by tire size), and (b) the wheel being ordered has the same number of lug holes as the wheel being replaced. Optional size wheels are oversize; check fender/tire clearance before ordering.

HOW TO ORDER NEW TRUCK/VAN/RV WHEELS: Find your vehicle in the table entitled "TRUCKS, VANS, RV's" below. Read across that table to select the proper wheel order code (either standard size or optional size), the proper lug nut order code, and the proper hub order code (this order code is for closed end hub covers; open end hub covers for certain wheels may be found in the individual ordering tables on pages 673 and 674). Then, find the ordering table for the wheel you want on either page 673 or 674. Using the selected wheel, lug nut, and hub cover order codes, find the corresponding Wards catalog numbers and order from that table.

NOTE: When ordering, be sure that (a) the wheel diameter matches the tire diameter (width of wheel being ordered is determined by tire size), and (b) the wheel being ordered has the same number of lug holes as the wheel being replaced.

IF YOU ARE IN DOUBT ABOUT THE CORRECT WHEELS TO ORDER AND REQUIRE ASSISTANCE, CALL THIS TOLL-FREE NUMBER: 800-854-1757

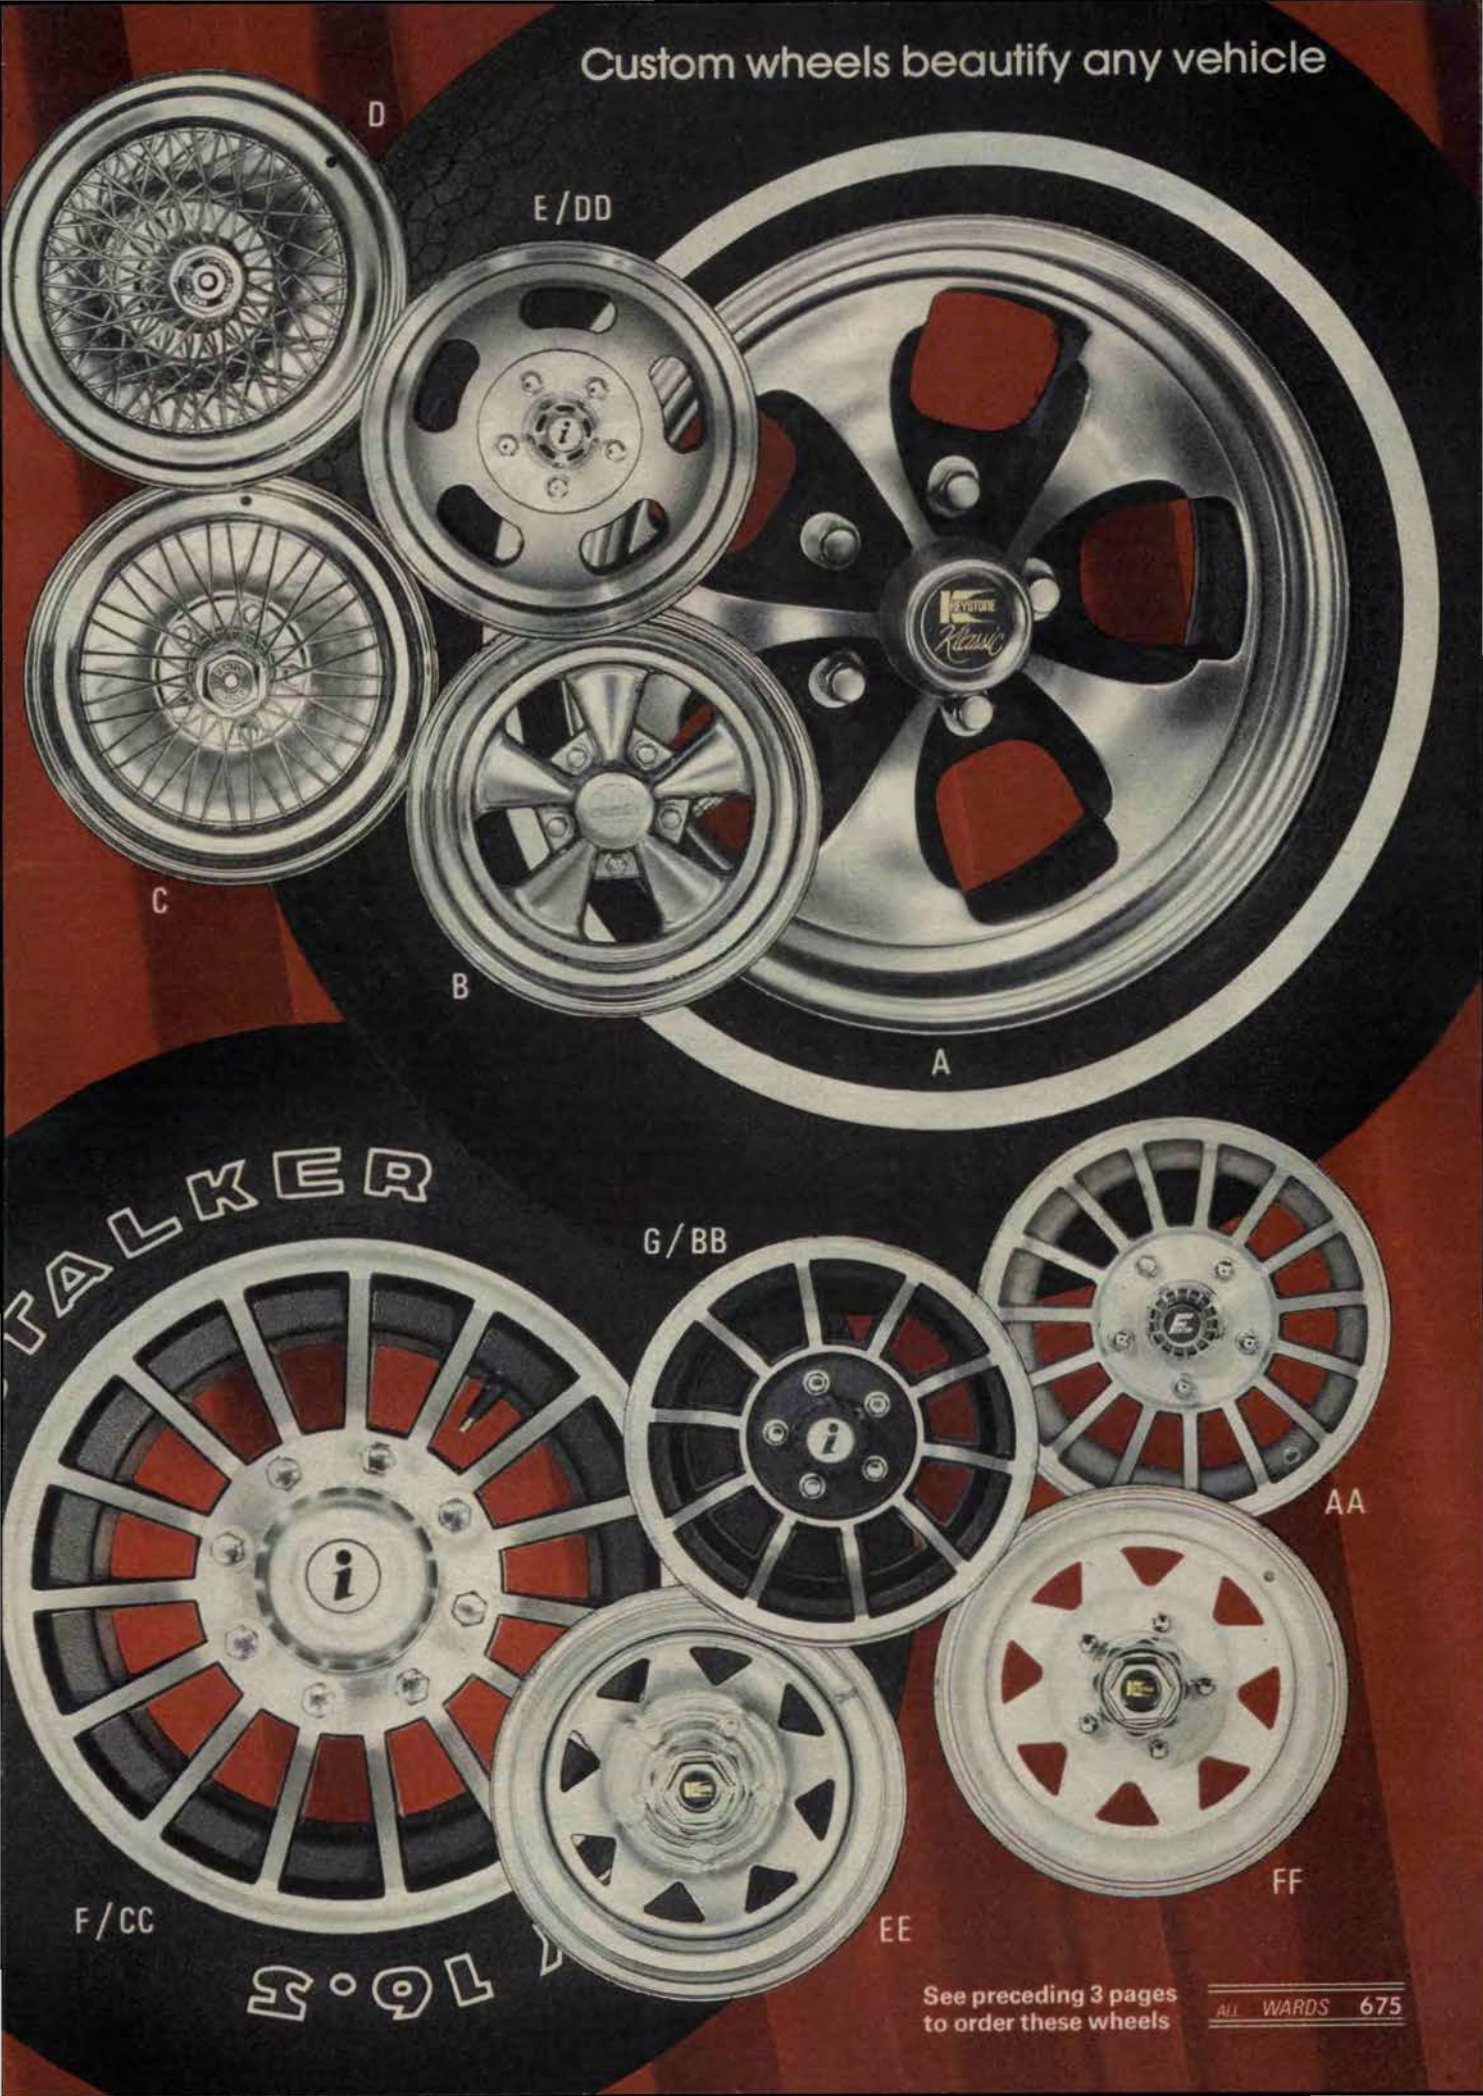
Road Huggers



15.99 set

These automatic wheel balancers help provide better driving control in emergency situations. Road Huggers also help give you less driving fatigue, longer tire life and vibration-free driving. Road Huggers work by using centrifugal force and gyroscopic principles to automatically balance your wheels. Installs in minutes; no special tools needed. Can be installed on front or rear wheels. Set of 2. Order from table at right.
Road Huggers. Ship. wt. 3 lbs. 15.99

Go Getter Plus Power Battery

WARDS BEST

here's why:

- ★ It contains as much starting power as any other battery of the same size on the market!
- ★ It's maintenance-free—designed to require no additional water under normal operating conditions. And it's warranted for 5 years!

THE MOST POWERFUL BATTERY YOU CAN BUY!

69.95 with trade-in

Powerful enough to start a truck!

Wards Go Getter Plus Power battery is the most powerful automotive battery you can buy! It tested as strong as the same size batteries offered by others when measured in cold-cranking amps. If you want reliable starts and years of maintenance-free service, this is the battery for you.

CONSTRUCTION: New methods provide up to 630 amps of cold-cranking power with high terminal voltage. Polypropylene case is shock and leak resistant.

HOW TO ORDER: There are two ways: (1) Find your battery type in the top table on page 678. Next, find your battery type in the bottom table on page 678 and order the corresponding catalog number. (2) Check the size of your old battery (height, width, depth, etc.) and then order your new battery closest to that size.

$5 TRADE-IN: Read Trade-in note on page 677 before ordering.

WARRANTY: Warranted 60 months. See Limited Warranty, page 656.

Maintenance-free power and reliability

- TTP (Through The Partition) construction delivers a super-high terminal voltage for quick starting.
- High-density positive plates and grid alloy construction offer greater starting power over conventional batteries.
- Maintenance-free construction means you should not have to add water under normal operating conditions.

Go Getter 60 67.95 with trade-in

Our big powerful Go Getter 60 battery has the quick-start muscle to get you going no matter what the weather.

CONSTRUCTION: Special high-density positive plates provide your battery with a powerful, super-high terminal voltage for quick starting.

COLD CRANKING AMPS: From 370 to 535 cold cranking amps, depending upon battery size.

WARRANTY: FREE replacement for the first three months. See Wards Limited 60-month Warranty on page 656.

ORDERING NOTE: Order your new Go Getter 60 on page 678. Also available in side terminal model. $5 trade-in, see note below.

Get away 60 59.95 with trade-in

Designed to give you long-lasting starting power, start after start with the convenience of maintenance-free operation.

CONSTRUCTION: Heavy-duty construction allows for more acid, lead and plates—all adding up to a lot more POWER!

COLD CRANKING AMPS: From 360 to 535 cold cranking amps, depending upon battery size.

WARRANTY: FREE replacement for the first three months. See Wards limited 60-month Warranty on page 656.

ORDERING INFO: Order your new Get away 60 on page 678. Also available in side terminal model. $5 trade-in, see note below.

Get away 48 49.95 with trade-in

Our Get away 48 offers advanced grid alloy construction for super quick starting power to get you going on the coldest days.

CONSTRUCTION: Solid construction provides enough power to run most of today's cars with a normal load of accessories.

COLD CRANKING AMPS: From 325 to 380 cold cranking amps, depending upon battery size.

WARRANTY: FREE replacement for the first three months. See Wards Limited 48-month Warranty on page 656.

ORDERING INFORMATION: Order on page 678. Also available in side terminal model. $5 trade-in, see note below.

Get away 36 39.95 with trade-in

Built with all the reliability and maintenance-free convenience of our larger Get away batteries.

CONSTRUCTION: Designed to meet the requirements of most smaller engines.

COLD CRANKING AMPS: 300 cold cranking amps, reserve capacity as shown.

WARRANTY: FREE replacement for the first three months. See Wards Limited 36-month Warranty on page 656.

ORDERING INFORMATION: Order your new Get away 36 on page 678. $5 trade-in, see note below.

1.69

Noco battery protection kit

Noco 2-in-1 battery protection kit applies in just seconds. Simply clean your battery terminals thoroughly and place the chemically-treated protectors over the terminals (see insets). Next, connect the battery cables, making sure that they are fastened tightly. Then apply the NCP-2 Corrosion Preventive Compound to the terminals, cables, hold-downs, and battery box for long-lasting corrosion protection.

For side terminal batteries.
61 A 9004—Ship. wt. 4 oz. ..... kit 1.69

For top terminal batteries.
61 A 9005—Ship. wt. 4 oz. ..... kit 1.69

Wards lowest priced car battery

Get away 24 29.95 with trade-in

Our lowest-priced Get away battery! Get away 24 has the same quick starting power as our other Get away batteries. A good solid performer designed to run most small engines. NOT MAINTENANCE FREE.

CONSTRUCTION: Black hard rubber container.

WARRANTY: FREE replacement for the first three months. See Wards Limited 24-month Warranty on page 656.

ORDERING INFORMATION: Order your new Get away 24 on page 678. $5 trade-in, see note at right.

TRADE-IN
Get $5 for your old battery!

When you buy our Go Getter Plus Power or any other Wards auto battery you'll get $5 as a trade in. Here's how: (1) Bring your old battery to any Montgomery Ward branch when you pick up your new battery and pay only the exchange price; or (2) buy your new battery and pay the full price. Return the receipt of purchase along with your old battery, to any Montgomery Ward branch and receive your refund.

Wards has side terminal batteries!

Side terminal batteries are available for Go Getter Plus, Go Getter 60, Get away 60, Get away 48 batteries. Type 71 and 74 are side terminal batteries. See ordering table on next page.

A

10-amp deep-cycle battery charger

44.99

A Specially designed for recharging deep-cycle type batteries.

FEATURES: Special construction provides 25% quicker charging time for deep-cycle batteries than a regular automatic charger. Automatic timer shuts off charger any time up to 12 hours to prevent overcharging. Can also be used on standard automotive batteries.

CONSTRUCTION: Heavy-duty steel case, accurate numeral ammeter, copper-plated steel clips.

SIZE: 9⅜ in. long x 6 in. wide x 7 in. high. With instructions. For 6 or 12V batteries. 120V, AC. UL listed.

6I A 81068—Ship. wt. 12 lbs. . . **44.99**

Wards deep-cycle batteries

B USES: Designed for trolling motors, running lights on sail boats, camping equipment, RV equipment such as stereos, virtually anything that requires a reliable DC power source.

HOW IT WORKS: Unlike automobile batteries that deliver a big burst of power for only a few seconds, Wards deep-cycle batteries deliver a steady flow of energy over a period of hours. When the deep-cycle battery is discharged, it must be recharged or "cycled" (the best way to recharge a deep-cycle battery is with a special charger; see our deep-cycle charger at left). Automobile batteries discharge too rapidly when used in deep-cycle service. In fact, they fade so rapidly that a single battery might not last a whole camping season and, after a few times of "cycling," they cannot be brought back to a full charge. But because deep-cycle batteries are specially constructed with dense oxide and extra-thick plates, they'll "cycle" many times and last up to four times as long as most ordinary car batteries. Wards deep-cycle batteries not only last longer than a car battery, but retain their capacity at a higher level. And because they last longer than an auto battery, you're actually saving money in the long run. Limited 12-month warranty, see page 656.

HOW TO ORDER: (1) Check the chart at right to determine which battery is best suited to your needs. (Remember that hours of operating time will be greater than shown in chart because operation is not likely to be continuous.)
(2) Order battery below.

Amount of amps needed for operation	Continuous hours of operation	
	105 amp	80 amp
2.5 amps	41 hours	32 hours
5 amps	19 hours	14.5 hours
10 amps	8.5 hours	6.3 hours
15 amps	5.3 hours	3.9 hours
20 amps	3.8 hours	2.8 hours
25 amps	3 hours	2.2 hours

80-amp battery. 12-volt. About 10 inches x 7 inches x 9 inches high.
6I A 11209 RY—Shipped dry-charged with acid.* Wt. 48 lbs. **71.95**

105-amp battery. 12-volt. About 12 inches x 7 inches x 9 inches high.
6I A 11210 RY—Shipped dry-charged with acid.* Wt. 57 lbs. **81.95**

B

low as **71.95** 80-amp

*WHAT "SHIPPED DRY-CHARGED" MEANS TO YOU: Unlike most coventional batteries, a battery that is shipped dry-charged with acid stays fresh until activated. After you buy it, you don't have to use it right away—it can be stored for extended periods without losing its charge.

More sport recreational batteries for a variety of uses

C CONSTRUCTION: 12V marine battery delivers 606 cold-cranking amps. Special sealed case is shock and leak resistant and designed to withstand damaging sea water. Can be used with straight post or wing nut.

OVERALL SIZE: About 10 inches x 7 inches x 9 inches high. Not recommended for trolling motor use or any other complete discharge purposes. Limited 12-mo. warranty, see page 656.
6I A 11211 RY—Ship. wt. 46 lbs. **81.95**

12V marine battery similar to above, but delivers 475 cold-cranking amps. Limited 12-month warranty, see page 656. Shipped dry charged with acid.*
6I A 11208 RY—Ship. wt. 45 lbs. **71.95**

D CONSTRUCTION: 6V deep-cycle battery is for use with golf carts, electric vehicles. Delivers 75 amps for 80 minutes at 80° F.

OVERALL SIZE: About 10 inches deep x 7 inches wide x 11 inches high. Limited 12-month warranty, see page 656. Shipped dry-charged with acid.*
6I A 11214 RY—Ship. wt. 39 lbs. **76.95**

E CONSTRUCTION: 12V light utility battery fits most garden tractors, snowmobiles, etc. Delivers 220 cold-cranking amps.

OVERALL SIZE: About 8 in. x 5 in. x 7 in. high. Limited 12-month warranty, see page 656. Shipped dry-charged with acid.*
6I A 11760 RY—Ship. wt. 23 lbs. **42.95**

C

Marine battery
low as **71.95**

D

6V deep-cycle battery
76.95

E

Light utility battery
42.95

Standard heavy-service batteries.

CONSTRUCTION: Extra-thick and heavy plates give power and reliability. Oversized cell connectors and terminal posts. See Wards Warranty on page 656. Read HOW TO ORDER note at right, see TRADE-IN note on page 677.

Wards maintenance-free heavy service batteries. For tractors and trucks.

CONSTRUCTION: High-density plates, grid alloy construction, tough polypropylene container, flame-retardant service caps, extra-thick plates, oversized cell connectors and terminal posts. See Wards Warranty on page 656. Read HOW TO ORDER note at right; see TRADE-IN note on page 677.

Remanufactured starters

40.95 exchange — 1975–77 Chevy with 262 engine

A Install a Wards remanufactured (not rebuilt) starter for dependable starting power.

CONSTRUCTION: Remanufactured with new brushes, bushings, and terminals. All armatures are mechanically balanced. Each unit thoroughly tested. With starter drive assemblies. Order from table at right.

ORDERING INFO.: See TRADE-IN NOTE below.

NOTE: Some units need separate solenoid switch for proper operation; see note at bottom of 2nd column of table and solenoid switch description below for correct ordering.

Solenoid switch 5.95

B CONSTRUCTION: High-temperature insulation, 100% copper wire windings, heat-resistant case, zinc-chromate cam

For FORD, MERCURY. 4 terminal.
6I A 11316—Ship. wt. 15 oz. 5.95

For FORD, MERCURY. 3 terminal.
6I A 18220—Ship. wt. 1 lb. 5.95

Starter solenoid 12.95

C Heavy copper wire-wound solenoids assure full power to your car's starter. Tested for 30,000 cycles to insure maximum performance.

For these vehicles: AMC 1959–66; Buick 1957–79; Cadillac 1957–77; Chevrolet 1957–74, Chevrolet 1957–79 with enclosed switch; GMC truck 1957–79 with enclosed switch; International Harvester truck 1958–79; Oldsmobile 1957–79; Pontiac 1956–79; Rambler 1958–68 with Delco starter.

TRADE-IN NOTE

Send your old unit postpaid with exchange price; or send full price plus postage and return old unit later postpaid for full refund of difference. Units must be complete, assembled, and unbroken.

Electronic ignition

A, B Unlike most other electronic ignition systems, Wards unit replaces points and condenser with non-moving electronic components. Timing is set at the factory so it isn't affected by temperature or speed changes. It gives you superior performance from −20° to 200°F above zero.

INSTALLATION: Use basic tools.

INCLUDES: Electronic pack comes with trigger wheel, hardware, instructions.

TO ORDER: Order catalog number for electronic pack (A) below, then order sensor kit (B) from table at right to fit your car.

(A) ELECTRONIC PACK ONLY.
6I A 15886—Ship. wt. 1 lb. 5 oz. **19.95**

(B) SENSOR KIT. Order with electronic pack at left. Ship. wt. 11 oz. . . . **13.95**

For these cars	Sensor kit
AMC 1963–74 All V8 engines (Delco equipped)	6I A 15875
1963–74 All 6-cylinder (Delco equipped, except V6)	6I A 15876
CHRYSLER 1960–72 V8 with 273, 318, 340, 360 engines*	6I A 15881

*With single contact aluminum distributor in rear
**With single contact aluminum distributor in front

Electronic ignition replacement parts

(C, D) Electronic control unit

(C) Control unit for Chrysler cars (shown). Proven electronic circuitry. Potted for protection against the elements. Order at right.

(D) Like above but for GM cars.

(E) Cap and rotor kits

Cap and rotor for Chrysler cars (shown) are manufactured from high dielectric alkyd resin material to meet all original equipment requirements. Prevents carbon tracking. Order at right.

Cap and rotor for GM cars (not shown) are made from glass-filled polyester duplicating original equipment requirements. Mechanically strong and electrically durable to maintain engine performance. Order at right.

Cap and rotor for Ford cars (not shown) are manufactured from glass filled alkyd per original equipment requirements. Built tough, won't break. Maintains superior electrical characteristics. Prevents dielectric breakdown, carbon tracking. Order at right.

(F) Ballast resistor

Equal to original equipment. Has ceramic body with cast-in resistors. Moisture and vibration resistant. Order your new ballast resistor from table at right.

(G) Reluctor and pickup

Reluctor and pickup are manufactured to precise dimensions to restore original performance. Order from table at right.

(H) Ignition coil

Coil for Chrysler cars (shown). Alkyd tower has high dielectric strength and prevents carbon tracking. Order from table at right.

Coil for GM cars (not shown). Epoxy encapsulated for reliable performance under all conditions. Moisture and vibration proof. Equal to or exceeds all original equipment requirements. Order from table at right.

Coil for Ford cars (not shown). Alkyd tower for high dielectric strength. Termination to fit original wiring. Prevents carbon tracking. Matches original equipment requirements. Order from table at right.

Points Plus for these vehicles	Catalog no.	Kit
Delco 1956–74 8-cylinder vehicles with externally adjustable distributors and standard ignition except models with dual contacts	6I A 15558	4.99
Ford 1957–74 8-cylinder vehicles except with dual points and/or electronic ignition	6I A 15560	4.99
Chrysler 1960–72 8-cylinder vehicles with Chrysler distributors except with electronic ignition*	6I A 15559	4.99
Delco 1963–74 4 and 6-cylinder vehicles except with externally adjustable distributors	6I A 15561	4.99
Ford 1966–74 6-cylinder vehicles (1966–67 with thermactor only) except with electronic ignition	6I A 15562	4.99

*Point gap settings. All 6-cylinder—.020 in.; All 8-cylinder—.018 in.

I Points Plus tune-up kit replaces conventional condenser with the latest technology!

FEATURES: Solid-state barium titanate capacitor replaces conventional condenser. Resists vibration, moisture, reduces operational failures, and reduces CB radio frequency interference for CB operators. Ventilated tungsten contacts provide efficient and consistent current transfer. High dielectric rotor insures proper operation and dimensional stability, resists burning.

INSTALLATION: It's easy to do . . . mounts in same holes as contact set!

INCLUDES: Points, set, rotor, instructions.

Ship. wt. kit: 6 oz. Order at left.

Spark plug cleaners

J-L Spark plug cleaners keep your plugs clean, help improve plug performance and extend plug life. Clean spark plugs will help improve engine performance and reduce pollution. Plug cleaners connect directly to 12-volt battery, utilize high-speed abrasive blasting, high-torque motor. Clean plugs in just minutes. One-plug, 2-plug, and 8-plug cleaners available. Order your new spark plug cleaner below.

(J) 8-plug cleaner. Cleans 8 plugs at a time.
6I A 89755—Ship. wt. 1 lb. 12 oz. **21.99**

(K) 2-plug cleaner. Cleans 2 plugs at a time.
6I A 89759—Ship. wt. 1 lb. 10 oz. **16.99**

(L) One-plug cleaner. Cleans 1 plug at a time.
6I A 89770—Ship. wt. 8 oz. **6.99**

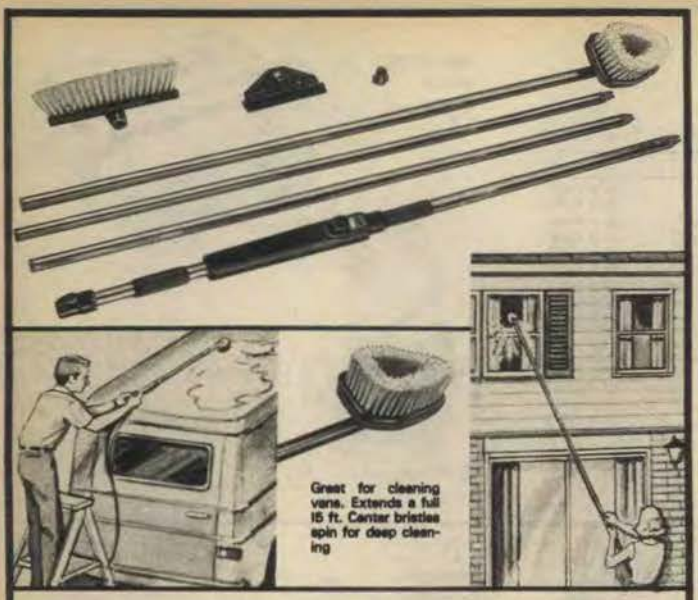
Booster cables

low as **8.99** 12 ft. 10 ga.

M Tangle-proof booster cables are molded together—they won't snarl.

FEATURES: Stranded 4-gauge copper, heavy-duty insulated wire, 300-amp vinyl-coated steel clamps. Has a durable vinyl carrying case. Extra-long 20-ft. cables.
6I A 12061—Ship. wt. 9 lbs. **29.99**

Similar to above, except 16-ft., 4-gauge wire, no case.
6I A 12060—Wt. 7 lbs. 12 oz. **23.99**



Similar to above, but 200-amp clamps, copper-coated inserts, 12 ft. of 8-gauge copper wire, does not have case.
6I A 12059—Wt. 7 lbs. 12 oz. **14.99**

Similar to above, except with alligator clamps, 12 ft. of 10-gauge copper wire, does not have case.
6I A 12013—Wt. 5 lbs. 5 oz. **8.99**

Shop 2 great ways—through our catalogs and in our stores. ALL 681

See page 684 for our complete line of battery chargers.

15-ft. giant extension washbrush

29.88 with pulsating spray head **21.88** without pulsating spray head

Extension brush connects to any garden hose for a variety of outdoor cleaning jobs. Just add liquid detergent into device in handle for lots of suds.

ATTACHMENTS: Scrubbing brush cleans rough surfaces like patios or aluminum siding; whirling brush center rotates up to 1,500 RPM for cars, windows, boats; squeegee for windows; high-pressure nozzle.

HYDRAULIC SUDSER: Pull soap handle for suds, push for clear rinse.

HANDLE/LENGTH: Sturdy, lightweight aluminum with non-slip rubber grips. Extends 4½, 8, 11½ and 15 feet. Shut-off valve. Mfr.'s Warranty*.

PULSATING SPRAY HEAD (on model 6107 only): For the really tough jobs, pulsating jets power away grime and loosen deep-down dirt.

Washbrush with pulsating spray head.

6I A 6107 M—Ship. wt. 6 lbs. **29.88**

Washbrush without pulsating spray head.

6I A 6221 M—Ship. wt. 5 lbs. 8 oz. **21.88**

Portable oil changer

Compact 12-volt oil pump handles up to 15 gallons per hour.

HOW IT WORKS: Suction line is inserted into dipstick tube. Old oil drains into container in minutes. Alligator clips attach to your car's battery for power.

USES: Operates with all engines including boats, lawn mowers, etc.

NOTE: Not for use with gasoline.

INCLUDES: Hoses, clips, and instructions. Manufacturer's Warranty*. Made in Hong Kong.

6I A 2311—Ship. wt. 1 lb. 8 oz. . . . kit **16.95**

Fiber glass repair kit

Super-glass reinforced fiber glass repair kit lets you make fiber glass repairs faster and without the mess of liquid fiber glass applications (even on vertical panels). Reduces finishing time to a minimum. Repairs stay strong, waterproof.

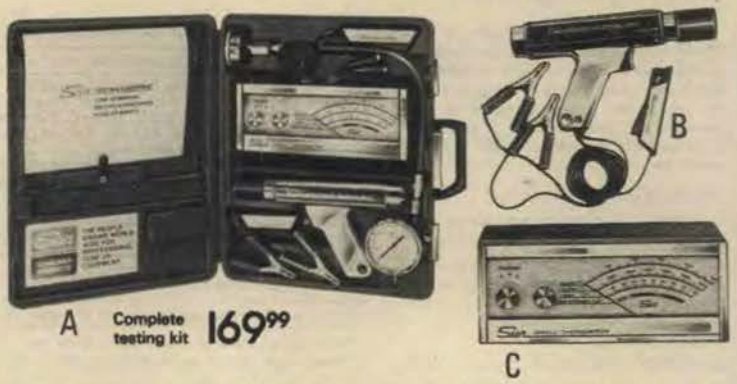
INCLUDES: Super glass gel, hardener, fiber glass cloth, applicator, release sheets, mixing materials, and complete, easy-to-follow directions.

1-quart can. Ship. wt. 2 lbs. 14 oz.

6I A 6223 ..... kit **9.99**

Body protection kit

Helps prevent rust and corrosion.



FORMULA A: Protects inner cavities of your auto. Extension nozzles "fog" when sprayed into inner cavities thus covering critical metal areas.

FORMULA B: Protects the exterior portion of your car. Forms a tough resistant coating after curing. Easy to apply.

INCLUDES: Five 20-oz. cans: 3 Formula A, 2 Formula B. Also comes with plastic extension tubes, aerosol spray heads, and plastic plugs.

6I A 6008—Ship. wt. 7 lbs. . . . . kit **10.99**

Sun® testing equipment

A Complete testing kit **169.99**

A Sun complete testing kit is perfect for the do-it-yourselfer!

INCLUDES: Inductive timing light (B) and dwell/tach (C) pictured above, plus: vacuum gauge 82055, compression tester 82056, remote starter switch 82057, sturdy carrying case with compartments for storing above items. Complete, easy-to-follow operating instructions are included.

6I A 82059 M—Ship. wt. 17 lbs. . . kit **169.99**

B Sun timing light lets you set ignition timing and centrifugal advance. Inductive pickup leads clamp to the number one spark plug wire so you don't have to disconnect wires or install adapters.

FEATURES: Solid-state, transistorized printed circuitry. Focused Xenon tube flash. Powered by automobile battery.

USES: For all American and imported cars, trucks and for all conventional or electronic ignition systems.

6I A 82053—Wt. 4 lbs. 6 oz. . . . each **44.99**

C Sun dwell/tachometer checks and adjusts ignition point dwell angle, engine RPM, point resistance, carburetor mixture, idle speeds, dwell variation, weak cylinders.

FEATURES: Hand-crafted meter with jeweled D'Arsonval movement. Solid-state circuitry. "Good/bad" point resistance scale.

USES: Conventional, electronic O.E.M. systems.

6I A 82054—Wt. 5 lbs. 8 oz. . . . each **56.99**

Sun vacuum gauge checks manifold vacuum, fuel pump pressure, etc.

HOUSING: Chrome-plated steel with shatterproof acrylic lens.

6I A 82055—Wt. 1 lb. 2 oz. . . . . each **16.99**

Sun compression tester checks for valve or ring leakage, carbon build-up. 2½-in. dial.

HOUSING: Chrome-plated steel with shatterproof acrylic lens.

6I A 82056—Wt. 1 lb. 3 oz. . . . . each **17.99**

Remote starter switch allows you to crank or start your engine from outside the car.

6I A 82057—Ship. wt. 8 oz. . . . . each **7.99**

D Charging-starting-battery analyzer. For use with professional quality "constant-duty" battery, charging and starting systems testing all 6, 12, 24, and 32-volt automotive, marine, or heavy-duty industrial systems. Electronically isolates problems with battery, starter, alternator.

FEATURES: Solid-state, micro-circuitry. All clamp-on hook-up requires no disconnections or special hook ups. Dual-action jeweled D'Arsonval meters automatically provide simultaneous volts/amps readings. Multiple expanded meter scales allow voltage measurements from 0-4, 10-18, and 0-40 volts, amperage from 0-100 and 0-600 amps. Color-coded "good/bad" diode scale allows fast alternator troubleshooting. With stand.

ORDERING INFORMATION: See shipping note below right.

6I A 82062 F—Ship. wt. 60 lbs. **579.00**

E Console engine analyzer. Provides complete diagnostic testing on 12V U.S. and imported cars and trucks, including solid-state electronic and HEI ignition systems.

FEATURES: Clamp-on hook-ups for fast testing with no special adapters.

Advanced solid-state micro-circuitry. Color-coded meter scales eliminate interpretations of "scope" patterns and the need to look up most individual specs. Dual action jeweled 90° D'Arsonval meters.

DWELL: Measures cam angle from 0-60° in 1° increments.

DUAL-RANGE TACH: Measures engine speeds from 0-1200 RPM for carburetor adjustments; 0-6000 RPM for high speed tests.

TIMING: Pre-focused light.

ADVANCE: Measures mechanical, vacuum and total degrees of distributor advance from 0-70°.

VOLTS: Gives "go" or "no go" reading for battery volts.

AMPS: Measures starter draw from 0-600 amps and alternator output from 0-100 amps.

ALSO DETECTS defective points, condenser, coil, distributor cap, rotor, and spark plug wires. Comes with stand.

ORDERING INFORMATION: See shipping note below.

6I A 8206I F—Ship. wt. 60 lbs. **479.00**

F Automotive oscilloscope.

FEATURES: Solid-state circuitry. Has 9-inch diagonal screen and easy clamp-on pick-up leads. For conventional, breakerless (Delco HEI adapter included), electronic and C.D. ignitions. Number 1 cylinder displays. Peak voltage tests. Automatic rate adjusts circuits for stable patterns at all RPM's.

SIZE: 18 in. x 11 inches. Complete instructions and hook-up leads included. 12-volt. Manufacturer's Warranty*.

6I A 82005 MS—Ship. wt. 18 lbs. . . **399.00**

SHIPPING NOTE:

Engine analyzer 8206I and battery analyzer 82062 above are shipped to you from factory in Otsego, MI. You pay transportation and handling charges from factory. Allow 14 days plus transit time for delivery. See page 599 for delivery info. Sorry, no C.O.D.'s.

*Write for free copy of Manufacturer's Warranty, see page 605

Computerized analyzers with pre-programmed microprocessors

Engine systems analyzer

84.99

- Big, bright digital display is easy to read
- Pre-programmed microprocessor for speed
- Clearly labeled control board is simple to operate

A Digital electrical systems analyzer with microprocessor performs over 23 electrical and ignition systems checks on 12-volt vehicles. Solid-state volt/ohm/ammeter checks alternator/regulator output, starting and charging amperage, starter solenoids, ignition points, primary coils, plug wires, electronic module voltage, fuses, switches, lighting circuits and more.

SCALES: Volts: 0-19.99 x hundreths and 20-39.9 x tenths. Ohms: 0-1999 and 2.0-199.9 x 1000. Amps: 0-300 x One amp steps. Alternator diode LED light indicates if one or more diodes are inoperative.

HOOK-UP: Easy to use: no internal batteries required. Works off 12-volt car battery. No operator adjustments are required as microprocessor circuitry automatically zeros ohms. Includes bale stand and complete, step-by-step instruction booklet.

6I A 8207I LS—Ship. wt. 2 lbs. 12 oz. **64.99**

B Engine systems analyzer—our most complete hand-held microprocessor-analyzer! In addition to the 23 electrical and ignition systems checks performed by our analyzer above, you can perform the following tests: check for weak cylinders and bad valves; set point dwell and idle speed and mixture; eliminate creeping or stalling with automatic transmissions; find bad or defective ignition components, battery cables or starter solenoids; check GM's new C-4 systems and fuel metering devices. Also test alternators, voltage regulators, diodes, batteries and lighting circuits.

SCALES: Tachometer: 0-9999 RPM. Point dwell: 0-90. Volts: 0-19.99 and 20-39.9. Ohms: 0-1999 and 2.0-199.0 x 1000. Amps: 0-300. Alternator diode LED light indicates faulty diodes. Pickup test LED light indicates if coil output signal is functioning on electronic ignition system.

HOOK-UP: Same as 8207I above. Works off 12-volt car battery: no internal batteries required.
Comes complete with a step-by-step instruction booklet.

6I A 82072 LS—Ship. wt. 2 lbs. 8 oz. **84.99**

Electrical systems analyzer

64.99

Time-saving digital analyzers are a must for today's sophisticated engines and electrical systems. They feature tiny, pre-programmed microprocessors that let you pinpoint defects faster and more accurately than conventional testers. Solid-state engineering provides stable readings with no fluctuation or display roll-over. LED display features a floating decimal that automatically adjusts for rapid changes in scale readings. Both units are compact and completely portable. Fits in the palm of your hand: 4⅛ in. wide x 8¼ in. deep x 2 in. high. Simple hook-up helps take the effort out of auto testing. Performs many of the same tests professional and more expensive console test units provide. Taking advantage of recent breakthroughs in computer chip design, this new concept in auto testing gives you professional performance at an affordable price!

C Quick-check electronic ignition analyzer easily determines and locates problems in your ignition system. Detects weak electronic modules, pickups, ignition coil primary, or battery failure.

FEATURES: LED lights indicate "go" or "no-go" condition of various circuits and components. Four easy-to-hook-up leads. For 12-volt electronic ignition testing only. Instructions included.

6I A 8290I LS—Ship. wt. 1 lb. **24.99**

D Quick-check charging system analyzer tells you if battery is dead because alternator didn't charge it properly or regulator or diode failed. Easy-to-use and accurate, simply connect tester and start the engine. Instantly detects and isolates malfunctioning parts in your charging system.

FEATURES: LED lights will indicate problem. For 12-volt alternator charging systems only. Instructions.

6I A 82902—Ship. wt. 1 lb. **19.99**

Ignition analyzer

Charging system analyzer

Engine Analyzer

E Hand-held engine analyzer improves starts and high-speed operation.

FEATURES: Tests point resistance: gives "good" or "bad" reading. Point dwell: 20-60° and 15-45° scales for checking points and distributor parts. Dual-range tach: Low range of 0-1200 and 0-1600 RPM allows precise setting of carburetor idle speed and mixture. Detects weak cylinders, valves, plugs, and bad air filters. Has high range of 0-6000; 0-8000 for high speed tests. Also checks battery, charging system, and voltage regulator. For all engines and ignitions systems. Includes complete instructions.

6I A 82046—Ship. wt. 1 lb. 1 oz. **34.99**

Timing light

F Deluxe DC-powered timing light for operation on high-energy systems. Adjusts timing, checks advance, and tests for worn distributor parts.

FEATURES: Clamp-on leads allow hook-up without stopping engine or removing spark plug wires. Triple chrome-plated die-cast metal case with shock-mounted internal components. Trigger-accentuated Xenon light illuminates the timing mark. Heavy-duty electronically bonded clips and unbreakable lens. 12-volt only. Includes instructions.

6I A 82042—Ship. wt. 5 lbs. **38.99**

Compression tester

G Screw-in compression tester with 14-inch flexible hook-up hose. Reads pounds per square inch, kilograms per square centimeter. Includes instructions.

6I A 82024—Ship. wt. 1 lb. **17.49**

Complete testing kit

H Wards complete home auto testing kit lets you perform engine analysis, tune-ups at home!

KIT INCLUDES: Deluxe DC powered timing light 82042 above, engine analyzer 82046 above, screw-in compression tester 82024 above, as well as the following: Vacuum/pressure tester for spotting sticking valves, fuel pump defects, and worn piston rings. Includes fittings and hoses, heavy-duty polyethylene shell with metal snap-locks, storage/carrying case with pre-molded styrofoam inserts for protection. Instructions manual included.

6I A 82067—Ship. wt. 7 lbs. 8 oz. ..... kit **98.95**

Dwell/tach/points tester

I Factory-clibrated dwell/tach/points tester.

FEATURES: D'Arsonval meter. High-impact case. Includes complete instructions.

TESTS: Points: give a "good" or "bad" reading. Dwell: has 15-45 and 20-60 range for adjusting points and checking for defective distributor parts. Tach: adjusts carburetor idle speed and mixture. Checks for weak valves, cylinders and plugs.

6I A 82045—Ship. wt. 1 lb. **22.99**

Alt/gen/reg tester

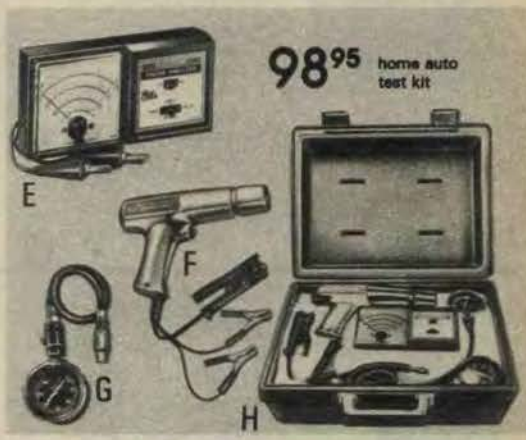
J Alternator/generator/regulator tester for all 6 and 12-volt systems.

FEATURES: Color-coded scales. 2-lead hook-up, large meter and high-impact plastic case.

TESTS: Checks alternator/generator/regulator output as well as voltage regulator.

6I A 82022—Ship. wt. 12 oz. **17.99**

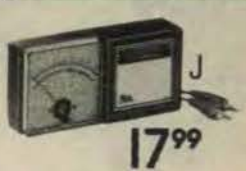
Economy timing light



K Economy hand-held timing light is easy-to-use!

FEATURES: Inductive pick-up leads for easy hook-up without having to disconnect spark plug wires. Xenon bulb gives bright, prefocussed light.

TESTS: Adjusts timing, checks distributor advance, and tests for worn parts.



6I A 82044—Ship. wt. 1 lb. 8 oz. **24.99**

Do It Yourself and Save With Wards Automotive Test Equipment.

22.99

17.99

Wards lowest priced timing light

24.99

15-amp automatic/manual charger

WARDS BEST here's why:

★ **Provides a 33% faster charging capacity than our 10-amp chargers sold below**

★ **Special switch allows your choice of quick manual charges or automatic controlled charges**

58.99

Two-stage battery charger keeps your battery in top condition.

HOW IT WORKS: For quick manual charges, simply attach leads and plug in. For automatic controlled charges, attach leads and plug in overnight—current will slowly charge battery, then taper to maintain battery in charged condition.

USAGE: Ideal for cars, trucks, all vehicles with 12-volt battery.

CONSTRUCTION: Solid-state circuitry, silicon diode rectifiers, AC/DC power cables with plier-grip clips, heavy-duty steel case.

SIZE: 11¼ inches wide x 7⅞ inches deep x 8¼ inches high. With instructions.

6I A 81067 M—UL listed. Ship. wt. 18 lbs. **58.99**

A

10 and 6-amp automatic chargers

- Solid-state circuitry and silicon diode rectifiers
- Durable steel case with rubber-cushioned base
- 6-ft. AC/DC power cables with color-coded plier-grip clips

44.99 10-amp

A 10-amp automatic battery charger.

HOW IT WORKS: Charges all 6 or 12-volt batteries including maintenance-free batteries with a controlled automatic charge. Red indicator light signals when battery is fully charged. Automatically maintains battery at full charge; will not overcharge. Automatic reset circuit breaker protects against overloads.

SIZE: 9⅜ inches wide x 6 inches deep x 7½ inches high.

6I A 81061—UL listed. Ship. wt. 10 lbs. **44.99**

6-amp automatic battery charger (not shown).

HOW IT WORKS: Designed for charging 12-volt batteries only. Operates like 10-amp charger at left but at 6 amps. Has red indicator light that signals when battery is fully charged plus all other features of 10-amp charger as described at left.

SIZE: 9⅜ inches wide x 6 inches deep x 7 inches high.

NOTE: This charger is for 12-volt batteries only.

6I A 81059—UL listed. Ship. wt. 10 lbs. 12 oz. **33.99**

B

10, 6, 3, and 1-amp manual chargers

- Solid-state circuitry
- Durable steel case
- Plier-grip clips
- Overload protection
- Long-life silicon rectifiers
- Two 6-ft. AC/DC cables

32.99 10-amp

B 10-amp battery charger.

HOW IT WORKS: Charges 10 amps, then tapers to 5 as charge builds. Charge rate is 40% faster than our 6-amp charger. With instructions.

USAGE: For all vehicles with 6 or 12V battery.

SIZE: 9⅜ inches wide x 6 inches deep x 7 inches high.

6I A 81060—UL listed. Ship. wt. 12 lbs. **32.99**

6-amp manual battery charger (not shown).

HOW IT WORKS: Charges 6 amps then tapers to 3 as charge builds. Charge rate is 50% faster than our 3-amp charger. With instructions.

USAGE: For all vehicles with 6 or 12V battery.

SIZE: 9⅜ inches wide x 6 inches deep x 6½ inches high.

6I A 81058—UL listed. Ship. wt. 10 lbs. **24.99**

3-amp manual battery charger (not shown).

HOW IT WORKS: Charges 3 amps, then tapers to 1.5 amps as charge builds. With instructions.

USAGE: Great for snowmobiles, lawn mowers, small cars with 6 or 12-volt battery.

SIZE: 7¼ inches wide x 4¼ inches deep x 5 inches high.

6I A 81057—UL listed. Ship. wt. 4 lbs. 8 oz. **17.99**

1-amp manual battery charger (not shown) is excellent for motorcycles and other small engines. Has all construction features as described at left. Does not have DC amperage gauge. With instructions.

SIZE: 11¼ inches wide x 4⅜ inches deep x 4¾ inches high.

6I A 81055—UL listed. Ship. wt. 2 lbs. 8 oz. **15.49**

See our listing of motorcycle batteries on page 655.

Powerful, commercial-type booster/chargers

C 250-amp booster/80-amp charger.

BOOSTER: Delivers 250 amps of power to start most cars and trucks quickly.

CHARGER: Quick-charges all 6, 8, or 12-volt batteries at 80 amps. Multiple charging rate selector.

TRANSFORMER: Constructed of multi-insulated welder-type windings. Large selenium rectifier withstands high electrical surges. Automatic circuit breaker.

FEATURES: Sealed, trouble-free timer. Automatic shut-off up to two hours and a continuous charge position. Heavy-duty charging leads. Stranded copper cables; sawtooth clamps. For top or side-terminal batteries. With operating instructions.

SIZE: 27½ in. high x 15½ in. wide x 13 inches deep.

6I A 81065 R—UL and CSA listed. Wt. 49 lbs. . **149.99**

Fleet battery charger with 300-amp boost (not shown).

CHARGER: Charges up to 100 amps on 6-volt batteries; up to 60 amps on 12-volt batteries; up to 45 amps on 18-volt batteries; up to 35 amps on 24-volt batteries. Voltmeter indicates voltage at any stage. Durable steel case, 6-ft. power cables, sawtooth clamps. With instructions.

SIZE: 27½ in. high x 15½ in. wide x 13 in. deep.

6I A 81052 R—UL and CSA listed. Wt. 62 lbs. . **259.00**

D 200-amp booster/30-amp charger.

BOOSTER: Provides 200 amps of starting power.

CHARGER: Quick-charges at 30 amps; completely charges some batteries in just one hour. Overnight slow charge of 2 amps. Will not overcharge. With instructions.

USAGE: For 6 or 12-volt batteries, top or side-terminal.

SIZE: 13 inches wide x 7 inches deep x 11 inches high.

6I A 81063 M—UL and CSA listed. Wt. 31 lbs. **88.99**

100-amp booster/15-amp charger (not shown). Like charger above but delivers half the amperage.

6I A 81064 M—UL listed. Ship. wt. 23 lbs. **63.99**

E 50-amp starter/10-amp charger.

STARTER: Delivers 50 amps of cold-cranking power.

AUTOMATIC CHARGER: Maintains battery in charged condition; will not overcharge. With instructions.

USAGE: For 12-volt batteries only.

SIZE: 11¼ inches wide x 7⅞ inches deep x 8 inches high.

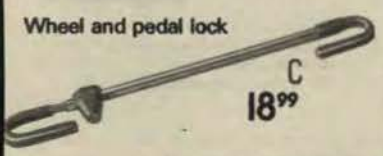
6I A 81062 M—UL listed. Ship. wt. 18 lbs. **62.99**

Schauer manual charger (not shown). 50-amp booster/10-amp charger. Like (E) above but not automatic; tapers to 5 amps. With instructions. For 6 or 12-volt batteries.

6I A 81003 M—UL listed. Ship. wt. 12 lbs. 12 oz. . . **52.99**

See page 679 for our deep-cycle battery charger for deep-cycle batteries.

Hood lock and alarm—the best way to protect your car



Anti-theft hood lock 69.99 kit

A HOW IT WORKS: With this hood lock, a steel-cased, dash-mounted pushbutton activates a steel dead bolt that securely locks hood shut and grounds the ignition, preventing "hot-wiring." Bolt can only be released by a special key that fits pushbutton.
INSTALLATION: Some mechanical ability may be needed to install properly.
INCLUDES: Dead bolt, key-operated pushbutton with 2 keys, installation instructions.
6-ft. cable for compact and intermediate cars like Horizon, Monza, Mustang II, Jeeps, Cutlass, Monte Carlo, Firebird, LTD (1978 or later), pickups, and others.
6I A 97046—Ship. wt. 3 lbs. 5 oz. ..... kit **69.99**
7-ft. cable for full-size cars like Coupe de Ville, New Yorker, Mark V, Caprice, Electra, Eldorado (1978 or later), LTD (1976 or earlier), and others.
6I A 97048—Ship. wt. 3 lbs. 5 oz. ..... kit **69.99**
For more total theft protection, use this lock with siren alarm sold separately at right.

Our finest siren alarm 59.99 kit

B HOW IT WORKS: Siren alarm sounds for approximately 2 minutes if tampering of hood, trunk, and doors occurs, then automatically resets. System works off current draw of interior dome and trunk light. If key is not placed in ignition within 18 seconds after dome light draws current (when door is opened), alarm will sound. Separate motion detector with sensitivity adjustment triggers alarm when car is bumped, towed, or jacked. Relay assembly has removable on/off panic switch that can be mounted in interior of car.
INSTALLATION: Some mechanical ability may be needed to install properly.
INCLUDES: Pre-wired solid-state siren with snap-on connections, motion detector, installation instructions, wiring diagram. Manufacturer's Warranty*.
6I A 97007—Ship. wt. 3 lbs. ..... kit **59.99**
For more total theft protection, use this alarm with the hood lock sold separately at left.

Wheel and pedal lock

18.99

C Wheel and pedal lock helps protect your automobile from theft. HOW IT WORKS: Case-hardened steel device hooks through steering wheel on one end, around brake or clutch pedal at other end. Cast-steel locking mechanism secures device in place—car becomes almost impossible to drive! Adjustable shaft length and rubber-coated swivel hook adapt device to most vehicles. With keys, instructions.
6I A 97080—Wt. 2 lbs. 6 oz. . . . kit **18.99**

"Steal-stopper" anti-theft device

29.99

D HOW IT WORKS: 4-wire hook-up connects to ignition system—vehicle won't start until secret 4-digit code is entered; cannot be "hot-wired." Temporary disengage button allows valet parking, etc. System automatically resets after ignition key is turned off. 2-inch wide keyboard mounts to dash without drilling. Red "enter code" and green "system disengaged" indicator lights. Pre-selected 4-digit code, instructions. Mfr.'s Warranty*.
6I A 97058—Wt. 12 oz. **29.99**

Wards lowest priced siren alarm

29.99 E

E HOW IT WORKS: Hi/lo siren alarm sounds when solid-state current sensor detects power drawn for interior dome light or trunk light (when doors or trunk are opened).
Includes Siren alarm with hi/lo switch, self-tapping switches, key lock switch with two keys and protective lock cover, mounting hardware, instructions.
NOTE: Check local laws for length of time alarm can sound. Mfr.'s Warranty*.
6I A 98557—Wt. 2 lbs. 12 oz. . . kit **29.99**

Siren alarm with motion detector

57.99 F

F HOW IT WORKS: Solid-state siren alarm with built-in motion detector protects doors, trunk, hood. Built-in ignition cut-off. Adjustable time delay lets you get out of vehicle before alarm sets. Automatic timer cuts off siren alarm after approximately 2 minutes, then resets.
Includes Siren with hi/lo switch, pre-wired color-coded harness, built-in motion detector, hardware, instructions.
See NOTE at left. Mfr.'s Warranty*.
6I A 97047—Ship. wt. 3 lbs. . . . kit **57.99**

Wards lowest priced auto clock

G 24.99

G FEATURES: Easy-to-read green L.E.D. numerals show hours, minutes. Display adjusts automatically to light conditions. Black plastic body. Compact size permits easy mounting on, under, or in dash.
INCLUDES: Hardware, instructions. Manufacturer's Warranty*.
6I A 97059 LS—Wt. 12 oz. . . **24.99**

Electronic digital clock

29.99 H

H Electronic clock has no moving parts. FEATURES: Light emitting diode (L.E.D.) lights hours and minutes for easy identification. Handsome black body with bright metal-tone finish. Installs in, under, or on dash.
INCLUDES: Mounting bracket, instructions. Manufacturer's Warranty*. Made in Japan.
6I A 9895I LS—Ship. wt. 13 oz. **29.99**

Fluorescent digital clock

34.99 I

I Vacuum fluorescent display digital clock. FEATURES: 100% solid-state. Static circuits make time display much brighter than most digital clocks. Photo transistor brightens time display for visibility during the day, dims at night for eye comfort. Can be mounted in, under, or on the dash.
INCLUDES: Hardware, instructions.
6I A 97008 LS—Ship. wt. 8 oz. **34.99**

New! Fluorescent digital clock with alarm

37.99 J

J Solid-state electronic quartz digital clock. FEATURES: Clock has an alarm that may be set to sound at any time. Buzzer is equipped with a turn-off switch. Also has date and elapsed time functions. Vacuum fluorescent display is readable in any light. Mounts in, under, or on the dash. Hardware included. For 12V. Mfr.'s Warranty*.
6I A 9707I LS—Ship. wt. 10 oz. **37.99**

K Contemporary-look oil/amp/water gauge. FEATURES: Molded black simulated leather panels are chrome-accented. Fine-line needle with color-coded illuminated dial for fast reading. 360° mounting bracket.
6I A 83009—Ship. wt. 1 lb. 8 oz. **34.99**

L Sun Super Tach II fits 4, 6, 8-cylinder 12V negative ground standard and factory electronic systems.
FEATURES: 3½-inch lighted dial reads 0–8,000 RPM on 250° sweep. Cylinder selector switch, zero connector. Zero adjusting screw. System accuracy is ±3% of full scale. Super-fast response to 90% of full scale (under .4 second). Manufacturer's Warranty*.
6I A 97029—Ship. wt. 1 lb. 4 oz. **37.99**

M Our lowest-priced tach reads 0–8,000 RPM. 2¾-inch illuminated color-coded dial. Shift indicator. Dual shock mounted meter. Mounts on dash, console or steering column. 12V. Includes hardware, instructions.
6I A 83003—Ship. wt. 1 lb. 8 oz. **18.99**

N Digital quartz tach has 2-digit display. Mounts on dash or on steering wheel.
6I A 9704I LS—Ship. wt. 1 lb. 3 oz. **44.99**
